ACCREDITATIONS

East Texas Baptist University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate and master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of East Texas Baptist University. The Commission on Colleges should be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard in The Principles of Accreditation. For all other inquiries see the contact information on page 2.

The University is authorized to certify teachers under authorization of the Texas Education Agency and is an accredited member of National Association of Schools of Music. ETBU is also authorized to educate students to sit for licensure examinations offered by the Board of Nursing for the State of Texas. The ETBU Nursing Program is accredited by the Commission on Collegiate Nursing Education and the Board of Nursing for the State of Texas. The Athletic Training program is accredited by the Commission on Accreditation of Athletic Training Education.

OTHER MEMBERSHIPS

The University holds memberships in the American Association of Colleges of Nursing, the International Association of Baptist Colleges and Universities, the Independent Colleges and Universities of Texas, the Texas Association of Colleges for Teacher Education, the Texas Association of Music Schools, American Association of Collegiate Registrars & Admissions Officers, Texas Association of Collegiate Registrars & Admissions Officers, and Texas Association of Collegiate Veterans Programs Officials, the Council for Christian Colleges and Universities, the National Collegiate Athletic Association, the Council of Independent Colleges and Universities, the Consortium for Global Education, and the National Independent College and University Association.
THE EAST TEXAS BAPTIST UNIVERSITY 2014-15 CATALOG is a statement of present policies. Information in this catalog is as complete and accurate as possible at the time of publication. Please consult the website at www.etbu.edu for past and future catalogs as well as changes required since publication. East Texas Baptist University reserves the right to amend, add to, or delete any or all policies, procedures, requirements, tuition, fees and charges, major requirements, course offerings, class schedules, teacher assignments, and any or all aspects of its educational and co-curricular programs at any time without prior notice which are published in this catalog. Departments are authorized to update for all enrolled students those approved requirements within a program which are considered necessary for meeting professional standards or requirements of various accrediting agencies. Degree requirements for students admitted under this catalog and continuously enrolled expire at the end of six academic years.

The value of programs offered in terms of achievement, employment, professional licensing, or other measures are in large part dependent on market conditions and factors beyond the University's control. The University makes no representation or contract that following a particular course or curriculum will result in specific achievement, employment, or qualification for employment, admission to degree programs, or licensing for particular professions or occupations.

Other university policies or regulations are located in the Student Handbook and through other materials available to students.

PRIVACY AND DISCLOSURE OF STUDENT RECORDS

ETBU is committed to complying with the Family Educational Rights and Privacy Act of 1974 (FERPA). Certain student information (called “Directory Information”) has been determined as public information under the terms of the act. Directory Information may include release of name, address, telephone number, e-mail address, date and place of birth, photographic images, major field of study, participation in university sports and activities, weight and height of athletic team members, dates of attendance, degrees and awards received, previous educational institutions attended, eligibility for or induction into honors societies programs, etc. Other information about a student is considered private and is protected by FERPA. Please note that even though certain information is considered Directory Information, ETBU is not required to release it, and our practice is to do so on a very limited basis and only after careful consideration of the need.

At the age of 18, or whenever a student enrolls in an institution of higher learning, students are guaranteed the following rights:

1. The right to control who can access records through the student’s signed written consent
2. The right to restrict access to Directory Information
3. The right to inspect and review education records
4. The right to seek to amend records if in error

Certain individuals with a “verified educational need to know” may access a student’s educational records without consent, according to FERPA. For more information on who may access student records, refer to the FERPA policy.

A Third-Party Release Form is available in the Office of the Registrar for ETBU students who wish to grant access to certain individuals for their records. A Request to Block Directory Information is also available in the Office of the Registrar for students who wish no information to be released.

A copy of the complete FERPA policy may be reviewed in the Office of the Registrar.
NON-DISCRIMINATION

East Texas Baptist University does not illegally discriminate in its programs or activities on the basis of race, color, national origin, sex, religion, disability, age, or status as a veteran or disabled veteran. The following administrator has been designated to handle inquiries regarding the non-discrimination policies:

Dr. Xavier Whitaker
Vice President for Student Affairs
East Texas Baptist University
One Tiger Drive • Marshall, TX 75670-1498 • 903-923-2320

STUDENTS WITH DISABILITIES

ADMISSION

When seeking admission to East Texas Baptist University, a student with a disability should be aware of the admission standards. The standard admissions criteria also apply to students with disabilities who are interested in attending. Extended time ACT and SAT test scores will be accepted. Disability will not enter into the admissions decision.

ACADEMIC PROGRAM

East Texas Baptist University has no specific programs for students with disabilities. The appropriate academic support, deemed reasonable and necessary by law, will be provided to students with documented disabilities that have been accepted according to the university’s admissions criteria. The student must understand that academic standards at East Texas Baptist University are rigorous.

A student may be considered unqualified for admission to a program if his/her disability would require individualized supervision or the lowering of program requirements. No modifications will be made and no substitute courses will be accepted if they would fundamentally alter the nature of the educational program. A requirement that is essential to a degree will not be waived.

FINANCIAL AID

All financial aid including federal, state, or private grants; scholarships; and loans will be administered without discrimination to any student, regardless of disability, who is admitted to East Texas Baptist University. The amount of financial aid may be affected by the reduced course load of any student, including that reduction which learning disabled students may require.

SELF-IDENTIFICATION

Students enrolled in an institution of higher education are required to self identify if they would like to request academic support services on the basis of a disability. East Texas Baptist University encourages a student with a disability to self identify after admission and provide required documentation along with a completed request for accommodation(s) to the Office of Academic Success and Graduate Services. Through self identification and the utilization of appropriate academic services, it is assumed that academic progress must be made.

DOCUMENTATION

Students are required to provide documentation of a learning or physical disability prior to the provision of academic support services or facility adjustments if they are requesting accommodations. In order to allow time for reasonable accommodation(s) and adequate coordination of services, the student is requested to provide documentation 60 days prior to the beginning of the initial semester. Documentation may be submitted at any time, but a late submission may delay approval of accommodation(s).

In the case of a medical disability of mobility, sensory, health, or physical limitations, a complete medical report and formal diagnosis from a physician is necessary. A student who wishes to identify himself or herself as having a disability must provide documentation of the disability from an appropriate licensed and qualified health professional. The documentation should specify the diagnosis and any recommended accommodations. The documentation should be dated within the past 3 years unless the disability is of a permanent nature.
MISSION STATEMENT

East Texas Baptist University is an institution affiliated with the Baptist General Convention of Texas since 1912. Our purpose is the development of intellectual inquiry, social consciousness, wellness, skills for a contemporary society, global awareness, and Christian character, for we believe that these endeavors prepare students to accept the obligations and opportunities to serve humanity and the Kingdom of God. Our primary focus is on quality academic programs in the humanities, natural and social sciences, fine arts, and selected professional areas. We are committed to Christian stewardship and to providing and maintaining an environment conducive to learning, leadership development, and academic excellence. We affirm that the liberal arts form the surest foundation for education and that the Christian faith provides the surest foundation for life.

We strive to serve students of varied ages and of diverse socioeconomic, geographic, cultural, ethnic, and religious backgrounds. We seek students who demonstrate a potential for success in our supportive and challenging environment. We employ Christian faculty who are dedicated to teaching, scholarship, advising, and service as they model the principles of the Christian faith. As a Baptist university, we are committed to the integration of learning and Christian faith in the pursuit of truth.

THE VISION STATEMENT

Our vision is to provide "A World of Opportunity in a Community of Faith."

BAPTIST HERITAGE

Christianity is the faith of enlightenment and intelligence. In Jesus Christ abide all the treasures of wisdom and knowledge. All sound learning is, therefore, a part of our Christian heritage. The new birth opens all human faculties and creates a thirst for knowledge. Moreover, the cause of education in the Kingdom of Christ is coordinate with the causes of missions and general benevolence, and should receive along with these the liberal support of the churches. An adequate system of Christian education is necessary to a complete spiritual program for Christ's people.

In Christian education, there should be a proper balance between academic freedom and academic responsibility. Freedom in any orderly relationship of human life is always limited and never absolute. The freedom of a teacher in a Christian school, college, or seminary is limited by the pre-eminence of Jesus Christ, by the authoritative nature of the Scriptures, and by the distinct purpose for which the school exists.
The College of Marshall (COM) was officially chartered on October 22, 1912. The new two-year college was a tribute to the vision and resourcefulness of Rev. W. T. Tardy (Pastor of First Baptist Church of Marshall), who worked tirelessly for nearly a decade to create an institution of higher learning in Marshall. He stated, “I thought about the college by day and dreamed about it by night.” Tardy negotiated the purchase of 100 acres of the original K. M. Van Zandt family plantation for $25,000. Keeping 50 of the 100 acres on Van Zandt Hill in northwest Marshall, the college subdivided and sold the remaining property. Marshall’s citizens subscribed another $70,000, and the Baptist General Convention of Texas (BGCT) assumed control of the college, appropriating $40,000 for buildings and furnishings. The trustees applied for and received a charter from the State of Texas in 1912, and Thurman C. Gardner, an early day Baptist Training Union leader, became the first president in 1913.

With the State of Texas charter in hand and the affiliation with the BGCT in place, construction of Marshall Hall was initiated on July 15, 1915. Of neoclassical architecture and completed in 1916, Marshall Hall crowned the highest point in Harrison County. The robust building was a self-contained educational facility with a ground floor gymnasium, main floor administrative offices, laboratories, and library, third floor classrooms, and a chapel/theatre on the top floor. Once the building was completed, the College was ready to open its doors to students for the summer term, which it did on Monday morning, June 4, 1917, under President Henry Eugene Watters (1916-1918). The college boasted a teaching faculty of nine members at that time. By the fall term of 1917, the cluster of buildings on the hill in Marshall was crowded with 374 full-time and part-time students who attended classes and also participated in campus organizations and athletic programs, including football and baseball. With World War I raging, a student cavalry unit drilled regularly on the college grounds.

Within one year of opening Marshall Hall, two dormitories were constructed. The dormitories were identical in structure, with one housing sixty boys and the other accommodating sixty girls. A single-story frame dining hall fed students three meals a day, including a dinner of “Muddy water, Chili, Grits,” and, of course, “toothpicks for the men.”

In 1924, Dr. Franklin S. Groner, the Secretary of the Baptist General Convention of Texas, conveyed the Baptists’ commitment to assume the college debt if the Marshall Chamber of Commerce would supply $12,500 annually for five years, enabling it to remain open. Leading the college during the trying days of the great depression, Dr. Franklin Groner (1928-42) assumed the presidency and instituted a permanent endowment program. In 1935, an additional 43 acres were purchased, including the land and buildings of the St. Joseph’s Boys Industrial Orphanage, some of which was converted to men’s housing. In 1938, Baptist layman and builder Fred Hale broke ground for Laura Groner Hall, a modern residence hall for women. A reduced replica of Mt. Vernon, the stunning structure stood complete in 1940, its austere construction having cost only $10,500.

World War II robbed the campus of its men and resources. By 1943, only 137 students remained. In 1944, the trustees, making perhaps the most important decision in the institution’s history, asked the Baptist General Convention of Texas to elevate the college to four-year status and to change the name to East Texas Baptist College.

A former pastor of First Baptist Church, Midland, Texas, Dr. Harvey Daniel Bruce (1942-1960), the college’s ninth president, oversaw a vigorous postwar enrollment and building boom. Veterans arrived on campus, many bringing their families, and enrollment briefly surpassed 800. Prefabricated war surplus family housing was erected on the campus perimeter.

The college added Scarborough Chapel in 1948, which was built in the neo-Gothic style. Also added were Feagin Hall, a new men’s residence facility; a cafeteria and student center; and additions to the women’s residence hall, which was renamed for Merle Bruce, wife of the college president. Two ornate, neo-classical buildings were added in the 1950s, Sanderson Hall (now Craig Hall) to house the laboratory sciences departments, and Harvey Daniel Bruce Hall as the new library/administrative complex. Keys Gymnasium was built in 1960. In 1961 a new women’s residence hall, named after Evelyn Linebery, with its long portico and roomy plantation-style architecture, was completed.

Dr. Bruce labored to establish a liberal arts tradition, along with strong degree programs in Bible and
religion. His administration's crowning achievement came in 1957 when the Southern Association of Colleges and Schools granted accreditation to East Texas Baptist College.

Under Dr. Howard C. Bennett as president (1960-76), the academic program established enduring credibility. Dr. Bennett, the former pastor of First Baptist Church, Kilgore, oversaw construction of the new Howard C. Bennett Student Center in 1973.

Dr. Jerry Dawson (1976-85), who had been Graduate Dean at Southwest Texas State University, became the first professional educator to lead the college. By 1982, the postwar “baby boom” peaked and enrollment stood at 920 students. A spacious new president's home replaced the stately residence that Drs. Bruce and Bennett had occupied. After the opening of the Mamye Jarrett Library in 1979, H. D. Bruce Hall became available for the Religion and Teacher Education departments. Married students occupied several new brick housing units. Charles Fry Hall for Men was opened. As age claimed some of the original college buildings, the older men's dormitory, buildings of the old orphanage, and various frame and prefabricated structures were dismantled during the 1970s and 1980s.

In 1984, the University Charter revision changed the institutional name to East Texas Baptist University. However, by 1985, enrollment gains had eroded. During the interim presidency of Dr. Harvey Lewis (1985-86), the University met various deferred maintenance and operating needs.

The former president of two other Baptist institutions from 1961 to 1986, Dr. Robert Craig (1986-92), launched a building program of unprecedented proportions, including the Fred Hale Business Building in 1988-89. Other subsequent construction projects were the Jenna Guest Music Building, the Louise Ornelas Spiritual Life Center; major additions to the Bennett Student Center, construction of the Clifford Nelson Murphy Science Hall, and the Mabee Housing Complex.

The untimely death of Dr. Craig in March 1992, only two months prior to his announced retirement, was followed by the leadership of Dr. Bob E. Riley (1992-2009), who had been President of the Howard County Junior College District in Big Spring, Texas. Under Dr. Riley, the University experienced record student enrollments.

The campus continued to development under President Riley's leadership with the 1995 completion of the Dean Healthplex and Ornelas Gymnasium. Fall 1996 found the opening of The Joseph and Louise Ornelas Residential Complex and the renovation of Marshall Hall, which was completed in 1997. Meadows Hall, which houses the Murphy Instructional Technology Center and the Department of Mathematics was renovated and occupied beginning with the fall semester of 1999. The University Apartments opened in fall 2002, and the renovation of Scarborough Chapel into Scarborough Hall was complete in January 2004.

Dr. Samuel W. “Dub” Oliver, former Vice President for Student Life at Baylor University, was elected President effective June 1, 2009. Dr. Oliver is a professional educator and licensed minister and brought a wide range of experience in student life and higher education to East Texas Baptist University. Under Dr. Oliver's leadership, the University renewed approval to offer graduate programs. In 2011, the new 32,000 square foot Louise H. and Joseph Z. Ornelas Student Center opened.

As the University seeks to streamline academic planning and to continue development of its academic and co-curricular programs, the task remains, as always, to affirm and focus the ETBU mission, to see God active in all its parts, and to sustain faithfully the ethical, spiritual, and intellectual foundations of a truly Christian liberal arts education.

During 2012, the University celebrated its 100th anniversary. The centennial celebration included a special gala held during homecoming weekend.

THE ALUMNI ASSOCIATION

The University maintains an alumni office which serves as the primary link between the University and its graduates and former students. Alumni are organized into a functioning body known as the Alumni Association of East Texas Baptist University. This Association is not only concerned with the welfare of graduates and former students of the institution but is vitally interested in developing a stronger university with a broad base of financial support. The scholarship serves to encourage families to make attending ETBU a family tradition. Students may apply for these scholarships during the spring semester.

The constitution of the Alumni Association offers two types of memberships: lifetime and annual. Further information regarding these memberships may be obtained from the Office of Alumni Relations.

THE CAMPUS

Located on Van Zandt Hill in the northwestern portion of Marshall, Texas, the university campus of over 200 acres occupies a site of scenic beauty. The buildings are grouped in a setting of native oaks and pines surrounded by sloping lawns. Evergreens and other shrubs employed in landscaping the grounds add to the natural beauty of the campus.

ANDERSON SPORTS COMPLEX, named to honor Marshall and Joan Anderson of Tenaha, Texas, includes all sports fields in the area: Young Field, Taylor Field, a soccer field, the sand volleyball court, and the intramural fields.

BRUCE HOME is the second president's home. The two-story house was designed and built by Dr. and Mrs. H. D. Bruce in 1949. Originally built in the center of campus, it was moved to the current location in 2005.

CARLILE-HOWELL HALL, a brick and steel building, is a multiple use facility dating from the early 1980s. It now serves as the field house for the football program and provides athletic offices.

CENTENNIAL HALL, opened in the fall of 2014, provides private and suite-style four-bedroom, two-bath student rooms along with a faculty-in-residence apartment and a residence hall director apartment. There are student study areas on each floor, two game rooms on the third floor, and a common area on the first floor.

CHARLES E. HERRINGTON SERVICE CENTER, located at the southwest corner of the University, houses the offices of Institutional Technology and Physical Facilities. It was dedicated on April 28, 2000, by Louise Ornelas and her husband, Joseph Z. Ornelas, as a memorial to Mrs. Ornelas' late brother.

CHARLES FRY HALL is a one-story residence hall for men. The facility was built in 1977 and completely renovated in 2008. The facility features apartment style living with the availability of five private rooms in each apartment that are fully furnished. There are no kitchen facilities associated with this residence hall.

CORNISH SOCCER FIELD was built in 2000, and named for Hal and Joyce Cornish. The field is located on the north edge of campus and is the home of the East Texas Baptist University soccer teams.

DAWSON HOUSE is the current president's home. The house was designed and built by Dr. and Mrs. Jerry Dawson. The colonial-style home was completed in 1977 and graces the campus from a high point on the north perimeter of the campus.

DEAN HEALTHPLEX, featuring the ORNELAS GYMNASIUM, which opened in May 1995, provides two kinesiology classrooms, offices for faculty and staff, four racquetball courts, and an exercise area equipped with technologically advanced training equipment.

EVELYN LINEBERY HALL was completed in 1961 and provides accommodations for single females. It has a formal parlor, laundry facilities, and an apartment for the director. Its neo-classical architecture and wide portico are distinctive features of classical configuration and beauty.

FEAGIN HALL is a four-story residence hall of colonial design that was completed in 1950. It provides accommodations for freshman men and an apartment for the director. It features four-person suites with central bath.
FRED M. HALE BUSINESS BUILDING, occupied in the fall of 1989, houses the Fred M. Hale School of Business. Central to the building is its large multipurpose lecture hall.

HARVEY DANIEL BRUCE HALL, completed in 1956, is a two-story brick structure of Georgian colonial design. Originally a library and administrative center, it has been renovated to provide offices, laboratories, and classrooms for the Departments of Teacher Education.

HOWARD C. BENNETT STUDENT COMMONS, a two-story structure originally constructed in 1973, underwent a complete renovation in 2011. The new and improved facility includes the University’s main dining venues on the upper level and the expanded ETBU bookstore on the lower level.

Also located in the BSC is Phillips Great Room, a meeting and dining space that can hold up to 144 people. In addition, offices for the dining services management team are located on the first and second floors.

HUDSON HALL is the first president’s home. The house was built by Dr. M. E. Hudson in 1921. The president’s living area was on the first floor and students were housed on the second floor.

JENNA GUEST MUSIC BUILDING, occupied in the fall of 1990, houses the School of Fine Arts. It provides classrooms for music instruction, rehearsal halls for theatre and choir, studio/offices for applied music instruction, practice rooms, a music technology center, the Kawai electronic piano laboratory, and the 168-seat Mabee Recital Hall. Theatre Arts academic, production, and administrative space, as well as visual arts administration, are housed in the Jenna Guest Building.

LOUISE H. AND JOSEPH Z. ORNELAS STUDENT CENTER opened January 2011 and serves as the focal point of campus life. This 32,000 square foot facility houses the offices for Student Affairs, dedicated space for student and University governance, game room, postal services, meeting rooms, Lampsato Chapel, formal banquet rooms, and specialty dining venues: Jazzman’s and SubConnection.

MABEE HOUSING COMPLEX was completed in August 1992 and is a two-story, 126-bed apartment building for single male upperclassmen offering four private rooms per apartment with two three-bedroom apartments designed to accommodate mobility-impaired students. The wings open onto private courtyards leading to a commons area which contains an office, a laundry room, a social room, and an upstairs apartment for the director.

MAMYE JARRETT LIBRARY was made possible by the generosity of Mamye Jarrett, a longtime resident of Garrison, Texas. The library occupied the building in 1979. In addition to over 120,000 volumes of books, periodicals, and audiovisual materials and some 10,000 pieces of microfiche the library also has access to over 2 million electronic books, databases, some 25,000 electronic journals and newspapers, over 105,000 streaming audio and video formats, and over 1 million digital images bringing the total number of items to well over 4 million. Available services include research assistance, Interlibrary Loan, instruction in library usage and information literacy, private study groups and group study areas, and over forty computers for study and research. The library also maintains a virtual presence on the ETBU web site through which electronic library resources can be accessed from both on and off-campus. The Academic Center for Excellence (ACE) is located in the library.

MARSHALL HALL, a four-story brick building completed in 1916, was the first permanent structure erected on campus. It was partially renovated and air-conditioned during the summer and fall of 1985. It underwent complete renovations during the 1996-97 academic year and reopened for the Fall 1997 semester. It houses a tiered classroom, laboratory, and office facilities for the Department of Psychology and Sociology, as well as serving as the University Administrative Center.

MEADOWS HALL, built in 1949, received its third major renovation and reopened for the Fall 1999 semester. It houses the Murphy Instructional Technology Center, classrooms, and the Departments of Mathematics and Criminal Justice. The Office of International Education and the university’s radio station are also housed in this building.

MURPHY SCIENCE BUILDING, newly occupied in the fall of 1991, provides classrooms, laboratories, and offices for the Department of Biology and Chemistry.

ORNELAS GYMNASIUM, opened in May, 1995, provides for intercollegiate athletic contests.
for both men's and women's basketball and for women's volleyball. It will seat 1,800 for athletic contests and up to 2,500 for special events. The facility includes an indoor jogging track, a fully equipped athletic training room, and ample locker room space for physical education classes, athletic teams, and faculty/staff. The “Tiger Room” is located at court level and provides an attractive location for meetings of the East Texas Baptist University Athletic Association, alumni, and friends of the University.

**ORNELAS RESIDENTIAL CENTER** was completed in June 1996 and is a two-story, 191-bed apartment building for single female upperclassmen. The center offers four private rooms per apartment with one three-bedroom apartment designed to accommodate mobility impaired students. A spacious main lobby is located in the Center with two separate laundry facilities, private courtyards, office, storage room, and an apartment for the director.

**ORNELAS SPIRITUAL LIFE CENTER**, first occupied in July 1991, contains the 1,501-seat Baker Auditorium for the University community to convene for religious services, cultural and educational programs, and conferences. A multipurpose room, the Edwards Conference Center, provides additional facilities. Office space for the Division of Spiritual Development is also located in this building.

**ORNELAS STADIUM**, named for Joseph and Louise Ornelas of Tyler, the home of the East Texas Baptist University Tiger football team was completed in 2000.

**REDWINE HALL** was acquired from the Marshall Independent School District in 1989. The building now services the Instrumental Program and contains a 3,000 square foot band hall, faculty offices, practice rooms, and additional support space.

**ROBERT E. CRAIG HALL** is a two-story brick building of Georgian colonial architecture. Built in 1953, it formerly housed the science programs. It was extensively renovated in 1992 for the Department of Nursing and renamed for the former University president.

**SCARBOROUGH HALL**, dating from 1948, was originally built as Scarborough Memorial Chapel as a memorial to W. F. and Kara Scarborough and to Lee R. and Neppie Scarborough. Renovations completed in 2004 transformed Scarborough into a four-story academic building housing offices and classrooms for the School of Christian Studies, Departments of Communication Studies, Languages and Literature, and History and Political Science.

**VAN ZANDT APARTMENTS**, completed in 1974, consists of 40 apartment units housed in five buildings on Van Zandt Street. They are equipped with ranges and refrigerators.

**TAYLOR FIELD**, completed in 1997 and named for Earl and Louise Taylor of Linden, Texas, is the home of the East Texas Baptist University Lady Tigers softball team.

**THE UNIVERSITY APARTMENTS**, completed in 2002, have 96 male and 100 female beds arranged in a series of six separate buildings containing apartments that house four students in their own private room. The apartments are furnished with living room furniture, refrigerator and stove. In the center of the complex is the commons building which includes laundry facilities, two conference rooms for study and meetings, and a large lounge area furnished with tables, couches, snack bar, and big screen television.

**WARREN F. KEYS GYMNASIUM**, built in 1960, provides additional space for intercollegiate athletics, intramural games, kinesiology classes, exercise and recreation areas. The gymnasium accommodates basketball, volleyball, badminton, and other student recreational activities.

**WOODS FIELD**, completed in 1966 and renovated in 2006, was named for Mildred and Lloyd Woods of Tenaha, Texas, and is the home of the East Texas Baptist University varsity baseball team.

**YOUNG FIELD**, built in 1994, was named for A. C. and Sibyl Young of Dekalb, Texas. This field is used for the outdoor intramural program, varsity practices, and events by off-campus patrons.
ADMISSION AND ENROLLMENT

ADMISSION

East Texas Baptist University welcomes applications from all prospective students who meet its requirements and qualifications. Persons who wish to apply may obtain the required forms by visiting the website at www.etbu.edu or by writing the Office of Admissions at: East Texas Baptist University, One Tiger Drive, Marshall, TX 75670-1498. Applicants for admission must:

1. Submit a completed Application for Admission and Scholarships.
2. Send an Application Fee of $25.00 with the Application for Admission and Scholarships. (International Student Application Fee is $50.00 US - Re-enter fee is $15.00)
3. Submit official copies of the required transcripts. Entering freshmen with less than 24 transferable semester hours must send an official high school transcript with a seal of authenticity, class rank, and date of graduation. A seventh semester transcript should be sent early to expedite the admissions decision. A final official transcript is required prior to attendance of university classes. All students with prior college level experience are required to disclose all colleges attended or enrolled in and present official transcripts prior to a decision on admission. College transcripts are considered official when sent directly from the college/university via SPEEDE or U.S. mail.
4. Submit official ACT or SAT scores. Applicants with 24 or more transferable college semester hours are not required to submit test scores. Registration for these tests may be obtained by contacting your local high school counselor or by calling the ETBU Office of Academic Success and Graduate Services. For students unable to take the national administration of these examinations, a residual ACT is offered on the campus of ETBU during the admissions process. These scores may only be used for ETBU purposes.
5. All students must submit a completed Housing Application. This is for all single students regardless of commuter or resident status.
6. Exhibit good character, in the judgment of the University. East Texas Baptist University reserves the right to deny admission to any individual who has been convicted or adjudicated of a felony or a Class A (or equivalent) misdemeanor.
7. Although not required for admission, students must submit a completed Health Information Form. This form may be obtained from the ETBU website or the Office of Admissions.

Once a student has submitted the required credentials, a decision regarding admission or denial of admission of the student to the University will be made in a timely manner. The student will be notified by mail by the Director of Admissions.

ADMISSION TO THE FRESHMAN CLASS

Students granted admission to the freshman class are selected from applicants who meet the admission standards of East Texas Baptist University. Information used to determine admission to the University includes:

1. Graduation from an accredited high school. Acceptance may be granted to students who rank in the upper 30 percent of their graduating class.
   a. Graduates from non-accredited institutions (including home-schools) must meet the ACT or SAT score requirement below.
   b. Non-graduates of high school may submit, in lieu of a high school diploma, a General Education Diploma (GED) certificate. Acceptance will be granted to holders of the GED certificate who meet the ACT or SAT score requirement below.
2. Satisfactory test scores on either the ACT or SAT examination. The ACT is the preferred test and is offered residually at ETBU for those students unable to
take it on a national test date. Acceptance may be granted to students who have either a composite ACT score of at least 18 (excluding the writing portion) or a combined score of 860 or above on the Critical Reading and Math sections of the SAT.

3. Evidence of good character.

APPEAL FOR ADMISSION TO THE UNIVERSITY

Applicants with an ACT score of 17 (excluding Writing) or SAT score of 810-850 (excluding Writing) who are not ranked in the upper 30 percent of their graduating class may appeal for admission to the Admissions/Financial Aid Committee. Students wishing to pursue this process should contact the Admissions Office for details. Once all required materials are received, a recommendation will be made by the committee based on the applicant’s portfolio, including diversity of achievements, expressed objectives, and academic background. All required documents should be received in the Admissions Office by May 15 (for fall admission) or December 1 (for spring admission). No more than 15 students per academic year may be admitted on appeal. Students admitted on appeal may be asked to complete a program prescribed by the Admissions/Financial Aid Committee upon acceptance to the university.

ADMISSION OF TRANSFER STUDENTS

Transfer students are students who have earned college credit beyond high school graduation (excluding the summer immediately following high school graduation). In addition to the general requirements for admission, transfer students must submit all official transcripts of any college(s) attended or enrolled. Students with fewer than twenty-four (24) semester hours of transferable credit must also provide an official high school transcript and ACT or SAT scores. In order to be considered official, all college transcripts must be sent directly from the college/university via SPEEDE or U.S. registered mail.

Acceptance is granted to students who transfer from accredited colleges, who meet the general admissions requirements and who are in good academic standing at the last college attended.

Probation

Students who are on probation at the last college attended may be admitted to the University on probation. Students admitted on probation are limited to enrollment in no more than thirteen (13) semester hours and may be required to enroll in a course to develop appropriate skills during their first semester of attendance. To qualify for re-enrollment in subsequent terms, a student admitted on probation must earn a cumulative grade point average in accordance with university standards cited in the enrollment and attendance section of the catalog.

Transfer of Credit at Time of Admission

Evaluation and awarding of transfer credit will be based on official transcripts from all prior institutions after students have made application for admission to the University. Prospective students may request an unofficial evaluation based on unofficial documents.

The University accepts academic work from institutions listed in the Higher Education Directory for coursework that is comparable to ETBU’s curriculum in level and nature and for which the student earned satisfactory grades. The Office of the Registrar will consult with the appropriate Academic Dean for questions of course content or applicability. Total transfer credits from non-baccalaureate degree granting institutions may not exceed 66 hours (72 for BAS degree).

Grades on hours transferred to the University are recorded as received. No grade is changed. Courses relevant to the student’s degree plan will be accepted provided they do not place the student on probation. Courses for which ETBU has no equivalent may be accepted as electives.

ADDITIONAL ADMISSION REQUIREMENTS:

BACHELOR OF APPLIED SCIENCE

1. Since the degree presumes a level of previous learning from employment or related activities, students must be a minimum of twenty-two (22) years of age by the end of the academic year prior to application for enrollment at the University.
2. Submit an essay [1-2 pages in length] indicating the reason for pursuing the degree.
3. Submit up-to-date and complete resume of all employment experiences and other educationally relevant activities/experiences.
4. Students with fewer than twenty-four (24) semester hours of transferable credit must also provide an official high school transcript and ACT or SAT scores.

ONLINE STUDENTS
Online students must meet all admissions standards stated above and they must be age 22 or older by the first day of class.

PERMISSION TO REGISTER FOR CLASSES
A student may receive a formal Letter of Acceptance to the University prior to the completion of the admissions file; however, for a new student to receive permission to register from the Admissions Office, the student must:

1. Complete the Application for Admission and Scholarships, supplying official copies of the final transcripts from the appropriate schools and the required test scores as well as other required documentation.
2. Complete the assessment testing, ACT or SAT and any other tests required.
3. Submit enrollment deposit.
4. Complete Housing Application.

NON-DEGREE STUDENTS
1. Transient/Non-degree seeking students – Transient students are those in transit from another postsecondary institution within the current academic year or the one preceding the current year. Enrollment is limited to seven (7) semester hours in any one term. A Non-degree Application is required (those enrolling in consecutive semesters other than summer terms in transit are required to follow regular procedures for admission). Non-degree seeking students must show documentary evidence of good standing at the last college attended by either a letter from that school or an official transcript. Students desiring to apply course work towards a degree must be formally admitted to the University.
2. Post Graduate/Non-degree seeking students – Post Graduate students are graduates of four-year institutions and may be admitted as non-degree seeking students for up to the maximum hours allowed per term. A Non-degree application is required. Non-degree seeking students must show documentary evidence of good standing at the last college attended by either a letter from that school or an official transcript. Students desiring to apply course work towards a degree must be formally admitted to the University.
3. Non-Traditional/Non-degree seeking students – Non-Traditional students are those over the age of 25. Enrollment is limited to seven (7) semester hours in any one term and students may only accumulate 24 total hours. A Non-degree application is required. Students desiring to apply course work towards a degree must be formally admitted to the University.

ADMISSION OF INTERNATIONAL STUDENTS
Applicants who hold citizenship in a country other than the United States and who are not resident aliens of the United States will be considered international students. All federal laws and regulations as stipulated by the Department of Homeland Security will be followed in the admission of international students.

The International Office will assist prospective international students wishing to apply for admission. Students will submit all credentials specified in the Admission and Enrollment section of the catalog. The applicant must also provide the following:

1. Test of English as a Foreign Language (TOEFL) score of at least 61; International English Language Testing Service (IELTS) test score of 5.0; proof of successful
completion of an accredited ESL program; or verification that English was the medium of instruction for at least two years of the student's formal education.

2. Certification of Finances showing adequate financial support to meet all financial obligations considered to be costs of education.

International applicants may be granted admission to the freshman class based on ACT or SAT scores; graduation class rank; and/or on the written recommendation of their high school principal, headmaster, or head teacher.

International students desiring to transfer credits from foreign universities are responsible for submitting to the Registrar professional evaluations of their transcripts. Fees for evaluation of credit are the responsibility of the student. The Registrar will determine which credits transfer and how they fit into the student's degree plan.

Provisional admission to undergraduate degree programs may be granted to applicants who are deficient in English language proficiency, but meet all other conditions and requirements for admission. Students granted provisional admission must enter and enroll in the Intensive English Program (IEP). Students in the IEP may also begin enrolling in credit courses required for a degree with the approval of the IEP Director. For more information about IEP policies, please refer to the Intensive English Program section of the catalog or contact the International Office.

Any student who wishes to enroll in the IEP to improve English skills and overall proficiency, but does not want to pursue a degree, will apply for admission to the University as an IEP student. These students must submit an IEP Application for Admission. IEP students may enroll in selected undergraduate courses with the approval of the IEP Director, for the purpose of maintaining full-time status as required by immigration regulations. IEP students desiring to apply course work towards a degree must be formally admitted to the University.

The deadline for submitting the International Application for Admission or the IEP Application for Admission is 90 days prior to the start of the initial term of attendance.

Special Note: Payment in full is required before class attendance for all international students in their first year of enrollment. Other payment arrangements must be approved in advance by the Director of International Education and the Vice President of Administration and Finance.

EARLY ADMISSION OF HIGH SCHOOL STUDENTS

Part-time, non-degree seeking students currently enrolled in secondary school may be admitted to the University through special permission prior to their graduation from high school. Such students must have completed at least six semesters (three years) of graded high school work, have transcripted evidence of at least a 3.0 grade point average on a 4.0 scale, or the equivalent, for all high school work, and have the written recommendation of a school counselor or principal. Enrollment will be limited to no more than two classes or seven semester hours in fall and spring semesters.

Students who wish to be admitted under the above conditions and have not completed six semesters of high school work must submit a personally written statement related to the request, a written statement from a parent or guardian, a written statement from a school counselor or principal, and transcripted grades of any secondary school work completed. Recommendations to admit the above students will be made by the Admissions Committee. Such students will be limited to two courses or seven (7) semester hours in a given term.

Students applying for early admission must also submit a completed Health Information Form.
ACADEMIC ADVISING AND REGISTRATION

All students are assigned an academic advisor. The academic advisor will assist the student in planning his or her academic program and will approve the enrollment schedule for each semester. A student will not be authorized to register without the signature of his or her assigned advisor. Students returning after a semester’s lapse should contact the Office of Academic Success and Graduate Services before registration. Students must have all financial accounts in good standing in order to register.

NOTE: While ETBU endeavors to provide accurate advising information and assistance, the student has final and complete responsibility for the selection of and registration in courses.

ACADEMIC DISCIPLINE

Conflicts involving matters of academic discipline will follow the academic appeals procedure described in the Student Handbook. These conflicts include, but are not limited to, cheating, plagiarism, student grievances related to academic assignments and classroom procedures, and violations of stated academic policies described in this catalog. All such incidents are required to be reported to the Vice President for Academic Affairs, who will refer to advisory guidelines outlined in the Student Handbook. Disciplinary measures may include dismissal from the University, failure of the class in question, failure of particular assignments, and/or disciplinary probation, which may include forfeiture of academic honors and/or involvement in certain academic and extra curricular programs.

Questions related to academic discipline should be referred to the Office of the Vice President for Academic Affairs.

ACADEMIC INTEGRITY

Students enrolled at East Texas Baptist University are expected to conduct themselves in accordance with the highest standards of academic honesty and integrity avoiding all forms of cheating, illicit possession of examinations or examination materials, unwarranted access to instructor’s solutions’ manuals, plagiarism, forgery, collusion and submissions of the same assignment to multiple courses.

Penalties that may be applied by the faculty member to individual cases of academic dishonesty by a student include one or more of the following:

- Failure of the class in question
- Failure of particular assignments
- Requirement to redo the work in question
- Requirement to submit additional work

All incidents related to violations of academic integrity are required to be reported to the Vice President for Academic Affairs and multiple violations of academic integrity will result in further disciplinary measures which could lead to dismissal from the University.

ACADEMIC LOAD

Full-time status for purposes of financial aid, athletic eligibility, veterans’ entitlements, and campus housing requires that the student be enrolled in a minimum of twelve (12) semester hours at East Texas Baptist University during the fall and spring semesters, or three (3) semester hours for May, June, or July terms. ETBU will not recognize courses taken at other institutions concurrently as fulfilling the full-time enrollment policy. Students enrolled in fewer than 12 semester hours in a fall or spring term, or fewer than 3 semester hours in a May, June, or July term at ETBU will be treated as part time, and financial aid awards may be adjusted accordingly. The normal load for students in a fall or spring term is fifteen to eighteen (15-18) semester hours. Students who need fewer than twelve (12) hours to complete all degree requirements, and are in their final semester of enrollment, will be treated as full-time students for athletic eligibility or campus residence purposes. Students...
who are enrolled in fewer than twelve hours during either a fall or spring term and wish to live in campus housing must obtain permission from the Office of Student Affairs.

A student in his or her first semester will not normally be permitted to take more than seventeen (17) semester hours of class work, including physical activity credit. After completion of one semester at the University, students in "Good Academic Standing" may schedule as many as eighteen (18) semester hours.

Upon approval of the advisor and the advisor’s Dean, a student may be permitted to carry nineteen (19) hours a semester if the following conditions are met:

1. A 2.5 grade point average on all previous work.
2. A 3.0 grade point average on the previous semester’s work.
3. At least 15 credit hours of work completed at East Texas Baptist University.

No more than seven (7) semester hours are authorized during each summer term (May, June, July).

**NOTE:** Transfer hours taken in violation of this policy may not be accepted at ETBU.

**ACADEMIC OR COURSE WITHDRAWALS**

A student may withdraw from a course or courses or from the University beginning with the first day through the 75% class day without academic penalty. A student may not withdraw from a course after exceeding the number of absences allowed according to the Class Attendance Policy in this Catalog.

To withdraw from a course or courses or from the University the student must secure a withdrawal form from the Registrar’s Office, his/her advisor, or from the ETBU website, and follow the directions on the form, securing all required signatures. Students must process their own withdrawals.

Withdrawal from a course (or courses) may affect the student’s academic progress. See “Satisfactory Academic Progress” in the Financial Aid section of this Catalog. Failure to maintain satisfactory progress will result in ineligibility to participate in NCAA athletics and may lead to the loss of financial aid or scholarships. Students dropping below full-time status in a regular semester are ineligible for the Dean’s List or the Dean's List with Honors.

Any refunds due to the student as a result of withdrawing from a course or from the University will be governed by the policies stated in the Refunds section of the Finances pages of this catalog. Failure to complete the official process will result in the forfeiture of any refund to which the student may be entitled.

Any student who withdraws from or otherwise leaves the University without clearing his/her financial record (i.e., without having returned borrowed books and equipment, paid any outstanding fines, and settled other financial matters with the University) will be subject to the following restrictions until such time that the record is cleared:

1. The student will not be permitted to re-enroll.
2. The student will not be eligible to receive a transcript of academic work completed.
3. The student will not be issued a diploma.

Students called into active military duty during a semester will be allowed to withdraw from courses in which they are enrolled without penalty. Official military orders should be presented in the Office of the Registrar at the time a student must stop attending classes. Upon presentation of a copy of the student’s official military orders, the student will have the following options:

1. The student may withdraw from a course or all courses with full refund of tuition and fees.
2. Depending on the point in the semester at which orders are received, the Vice President for Academic Affairs may permit final grades to be assigned based upon grades earned at that time.
3. Depending upon the point in the semester at which orders are received, the student may request grades of Incomplete with no restriction on completion date.

**NOTE:** Students intending to transfer to a State of Texas institution of higher education should
bear in mind the six course withdrawal regulation. See Section 51.907 of the Texas Education Code.

ADMINISTRATIVE WITHDRAWAL OF STUDENTS

Fraud or misrepresentation in any part of the admission or registration process, academic misconduct, social discipline, and special circumstances outside the control of the University may lead to the administrative withdrawal of a student. In the case of involuntary withdrawal, the chief administrative officers for Student Affairs, Enrollment Management, Administration Finance, or Academic Affairs may initiate the withdrawal process and all must be notified of the withdrawal.

ACADEMIC PROBATION

A student may be placed on Academic Probation at the end of any semester or term in which the student fails to maintain “Good Academic Standing” (see Good Academic Standing section). He or she has one calendar year to raise his or her cumulative GPA to the required minimum, thus removing the probation. During that period, the student is limited to thirteen (13) hours and will be subject to the terms of an official Plan to Remove Academic Deficiencies, which may include a course to develop appropriate skills. Students who fail to meet the terms of the deficiency plan within the time allotted will be subject to Academic Suspension. The Academic Probation may be removed at the end of any semester or term if the cumulative GPA has been raised to or above the minimum GPA required for “Good Academic Standing.” First time freshmen whose initial enrollment is in a summer term will be evaluated at the end of the subsequent Fall semester.

Students on Academic Probation and/or those not making Satisfactory Academic Progress as defined in the Financial Aid Programs section of the University catalog are not eligible for participation in NCAA Div III athletics, certain University sponsored co-curricular organizations/events, and may not be eligible for federal/state financial aid.

Individual scholarships may also have minimum cumulative grade point average standards. (Consult the Financial Aid office for conditions attached to specific programs or awards.)

ACADEMIC SUSPENSION

Students will be placed on Academic Suspension when they fail to be in Good Academic Standing after being placed on Academic Probation for two consecutive semesters. The terms of the suspension will be clearly defined in a letter informing the student of his or her suspension.

Academic Suspension generally means the student is not eligible to enroll at the University for one regular semester. Students may become eligible to enroll earlier if they use courses in May Term or courses transferred from another university that result in placing them in Good Academic Standing.

Reinstated students will be placed on Academic Probation during the first semester of reinstatement and must be in Good Academic Standing at the end of one year or be subject to a second suspension. Students placed on Academic Suspension for the second time will not be eligible to re-enroll until two regular semesters have elapsed. Students will not be allowed to re-enroll at the University following a third academic suspension.

CLASS ATTENDANCE

East Texas Baptist University is committed to the policy that regular and punctual attendance is essential to successful scholastic achievement. Attendance at all meetings of the course for which a student is registered is expected. To be eligible to earn credit in a course, the student must attend at least 75 percent of all class meetings.

1. Absences begin with the first meeting of a class, and students registering late incur absences from the first class meeting of the semester.
2. Students are responsible for all material covered in class meetings and are expected to meet all class requirements for the course.
3. Students who accumulate university-approved absences (athletic teams, musical organizations, other authorized groups) will be allowed to make up work missed as a result of that activity provided that:
   A. The activity was properly scheduled;
   B. The absence was authorized in advance; and
C. Arrangements were made with their instructors prior to the absence. Such absences are, nonetheless, counted as classes missed.

Note: All graded in-class activities, which by their nature cannot be taken in advance or made up upon return, will not count against the student's grade OR may at the discretion of the faculty member, be replaced by a different evaluation method.

4. The opportunity to make up work missed as a result of absences other than those identified in Item 3 above may be granted only when the instructor involved grants that privilege. Such absences should be documented by the student to the fullest extent possible.

5. Due to the nature of the content of some courses and some programs of study, more stringent attendance requirements may be required. Students should carefully follow all requirements contained in the course syllabi.

When a student has exceeded the absence limit for a class due to circumstances beyond his or her control, the student may appeal in writing. The appeal must follow the process detailed in the “Grade Appeals Process” in this catalog. No appeal will be heard after six weeks from the date the student is officially notified that the absence limit has been exceeded.

If a resident student is not attending classes he/she may be required to move out of the residence hall.

CLASSIFICATION OF STUDENTS

Classification of students will be determined by the number of credits earned.

Classification is as follows:

**Freshman:** Less than thirty (30) semester hours

**Sophomore:** Thirty (30)- fifty-nine (59) semester hours

**Junior:** Sixty (60)- eighty-nine (89) semester hours

**Senior:** Ninety (90) semester hours

COURSE GRADES

Credit in each course is dependent upon completion of all academic assignments required for that course. Assigned work may include class recitation, daily written work, tests, library assignments, research papers, laboratory assignments, and other requirements which facilitate learning and which enable the instructor to evaluate the progress of each student. Students will be informed at the beginning of the semester as to course requirements and the criteria for the determination of the final grade.

Student progress is evaluated according to a grading system that differentiates levels of achievement, and reflects the student's competencies with the subject matter and course skills. Although criteria for grading will vary with subject area and instructor, achievement is indicated by the following grades, which are given by the instructor and placed on the student's permanent transcript.

- **A:** Superior Quality - Four grade points per credit hour
- **B:** Excellent - Three grade points per credit hour
- **C:** Strong Average College Level Work - Two grade points per credit hour
- **D:** Fair/Below College Standards - One grade point per credit hour
- **F:** No Credit - No grade points
- **I:** Incomplete
- **IP:** In Progress - For courses that by design (as indicated in the syllabus) cannot be completed during the semester or term of registration. If a grade of "IP" remains on the transcript after one calendar year from date of enrollment, it will be administratively changed to a grade of "F." A student may not graduate with an "IP" grade on the transcript.
- **NR:** Not Required - Applies to Chapel Credit Only
- **W:** Withdraw
- **XF:** Failure due to excessive absences
- **CR:** Credit - No grade or grade points
P: Passing - No grade points  
NC: No Credit - No grade or grade points  
NG: No Grade - (Temporary – No grade submitted from instructor at time of posting)

COURSE NUMBERING
University course numbers contain four digits. The first digit indicates whether the course does not count for credit toward a degree (0) or is primarily for freshmen (1), sophomores (2), juniors (3), seniors (4) or graduate students (5, 6); the second indicates the number of hours of credit; the third and fourth are a departmental designation. Course numbers containing a 7 as the third digit represent special topics courses and are not included in the catalog. Courses numbered in the 3000s and 4000s are considered to be advanced (upper division) courses.

COURSE PREREQUISITES
In order to ensure adequate student preparation for a particular course, prerequisites are established and listed after the course description. These prerequisites may be other numbered courses, academic standing, or instructor consent. Students should consult the catalog carefully and adhere to the prerequisites. Permission to enroll in a course for which the student does not meet the published prerequisites must be obtained from the course instructor, the department chair, or the school dean.

COURSE SUBSTITUTION
As a part of a major, minor, or teaching specialization, all course substitutions must have the signature of the appropriate department chairman or Dean. Authorization forms are available in the Registrar's Office and online.

DEFINING AND AWARDING CREDIT HOURS
The credit hour is an approximate measure of a quantity of student learning and academic work based on student learning outcomes and evidenced by student performance. One credit hour must reasonably approximate three hours of academic work per week for approximately 15 weeks or an equivalent amount of academic work over an alternative period of time. These requirements for earning credit load will be specifically addressed in the course syllabus.

At East Texas Baptist University, traditional lecture-based courses are taught using a one credit hour to one class hour of instruction ratio for a period of a 15-week semester. Traditional courses may incorporate more web based interaction outside class time to meet the learning and instructional goals for the course and less synchronous class activities.

Condensed format schedules such as May or summer terms have the same expectations as a 15-week semester for the number of hours of academic work. The expectations for the achievement of intended student learning outcomes remain the same in both traditional and condensed timeframes.

Online courses may be taught in synchronous and asynchronous formats and credit hours are defined by the student learning outcomes and the course syllabus. These courses are planned to satisfy the same amount of academic work as a traditional 15-week course design. Students enrolled in these classes engage in an online community that requires posting to class discussion boards, prerecorded lectures, research projects, papers and collaborative assignments.

Practicum, clinical and experiential course credit may be determined by a mix of didactic and/or field placement hours. While these formats offer flexibility, the principle of one credit hour reasonably approximating three hours of academic work per week for approximately 15 weeks is maintained through planned interactions resulting in student academic work and performance as defined by the student learning outcomes.

DROPPING AND ADDING COURSES
The signed approval of the student's advisor is required to change a student's class schedule. Changing sections of the same course, does not require advisor's approval. Additions to a student's schedule must be made during the add period (the first seven class days of the fall or spring semester or proportionate number of days for a short term).
ETBU FRESHMAN YEAR EXPERIENCE

LEAD 1111 Learning and Leading is an integral part of the ETBU Freshman Year Experience. This course is required for all students who are first time freshman entering college. Students transferring more than 24 hours are not required to take LEAD 1111.

FOREIGN LANGUAGE CREDIT

Students may take the CLEP examination and earn up to fourteen (14) hours of foreign language credit in any language. Students may transfer or CLEP out of languages other than Spanish or French, but for it to count toward a B.A. degree at ETBU, students must have or earn enough credit for four (4) semesters through CLEP or an accredited university program.

GOOD ACADEMIC STANDING

In order to be considered in good academic standing, students must maintain a cumulative grade point average (GPA) as follows:

<table>
<thead>
<tr>
<th>Semesters Hours Attempted</th>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-35</td>
<td>1.65</td>
</tr>
<tr>
<td>36 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

First-time, full-time freshmen that have not met the Good Academic Standing policy as previously stated may be granted a one-time appeal immediately after their first full-time semester by the Provost and Vice President of Academic Affairs. Appeals must be sent by email to AcademicAffairs@etbu.edu before the end of the first class day of the semester following the semester in question. If the appeal is granted, the student must meet with the Director of Student Success, located in the Office of Academic Success and Graduate Services, to complete an Academic Deficiency Plan to remain in “good academic standing”.

GRADE APPEALS PROCESS

A student has a six-week period following the conclusion of a semester in which to request a grade change or to appeal the assigned grade. The student must follow these steps:

1. The student should first consult with the faculty member who assigned the grade to attempt to resolve the misunderstanding or difference of opinion regarding the assigned grade.
2. If the matter is not resolved in the faculty/student conference, then the student may submit a formal written request to the appropriate department chair. Students wishing to file a formal written appeal should complete the Grade Appeal Form found on the University’s website. The Grade Appeal Form and documentation (copies of papers, grades, etc.) should be submitted to the department chair. The department chair will meet with the student and the faculty member to gather additional information as needed and attempt to resolve the issue. The department chair will communicate the results in writing to the student and the faculty member. The department chair will give priority treatment to the request.
3. If the student continues to be dissatisfied, the student may then appeal in the same manner to the Dean of the school which offers the course. The Dean will gather any additional information needed and attempt to resolve the difference of opinion as to the nature of the grade assigned. The Dean will communicate the results in writing to the student and the faculty member. The Dean will give priority treatment to the request.
4. If the student is still not satisfied, he/she may submit a Grade Appeal Form to the Vice President for Academic Affairs who will consider the nature of the appeal and the information gathered as well as the recommendations from the faculty member, department chair, and Dean. The Vice President for Academic Affairs, depending on the nature of the appeal, may refer the matter to the Deans Council or uphold the previous recommendation and communicate the decision to the student. The Vice President for Academic Affairs will give priority treatment to the request.
5. If the appeal is referred to the Deans Council, they may gather any additional
information required to make a recommendation to the Vice President for Academic Affairs who will review the Council’s recommendation.

6. The decision of the Vice President for Academic Affairs will be final and ends the appeal process.

**GRADE POINT AVERAGE**

In the 4-point system, as used at East Texas Baptist University, an “A” earns four (4) grade points per credit hour, “B” earns three (3) grade points per credit hour, “C” earns two (2) grade points per credit hour, and “D” earns one (1) grade point per credit hour.

The grade point average is determined by dividing the total number of grade points by the total number of credit hours attempted. When a course is repeated (unless the course is specified in the course description as repeatable for credit), the official grade is the highest grade received, and these hours and grade points will be used in computing the grade point average. All other grades for the same course will be disregarded in computing the student’s grade point average; however, all courses repeated will be shown on the transcript with grades shown and zero hours credit. A 2.0 cumulative grade point average is the minimum required for graduation. Some degrees, majors, and minors require a higher standard. Consult the specific program or degree for further information.

**GRADE REPORTS**

Students have on-line access to view mid-term and final grades through Campus Connect. Students who desire a printed copy of their grades must file a request in the Office of the Registrar each semester or term for which a report is desired.

**INCOMPLETE WORK**

A student who has substantially completed a course but who lacks certain essentials of performance due to circumstances beyond his or her control may be granted an “I” (*Incomplete*). To request an Incomplete, the student must secure an Application for Grade of Incomplete from the Office of the Registrar and must secure the approval of the instructor. The instructor may award the Incomplete grade without a student request. The Application for Grade of Incomplete must be filed with the Registrar before the grade of Incomplete may be placed on the student’s transcript. In determining eligibility for granting an Incomplete, the following guidelines will be utilized:

1. The student must have completed at least twelve (12) weeks (or seventy-five percent of short terms) of classes.
2. The student must not lack more than one-half of the course requirements at the time that the contract is approved.
3. The student must not have exceeded the number of absences set forth in the catalog. If the absence limit has been exceeded, an appeal must be submitted to the Vice President for Academic Affairs, and if the appeal is approved, the student will be allowed to proceed with the Incomplete Contract.
4. All work must be completed within four (4) months of the end of the term in which the contract is approved.

Successful completion of the Incomplete Contract will entitle the student to a regular grade. Failure to complete the Incomplete Contract will result in an automatic grade of “F.”

**REGISTRATION**

Following admission to the University and receipt of a “permit to register,” students may register during approved times.

**SEMESTER HOURS**

The semester hour is the basis for assigning credit for academic work. The term is generally used to identify one class hour of attendance per week during a regular semester. Two to three (2-3) hours of laboratory are generally equivalent to one hour of lecture or recitation.

**TRANSFER CREDIT**

The University accepts academic work from institutions listed in the *Higher Education Directory* for coursework that is comparable to ETBU’s curriculum in level and nature and for which the student earned satisfactory grades. The Office of the Registrar will consult with the
appropriate Academic Dean for questions of course content or applicability. Total transfer credits from non-baccalaureate degree granting institutions may not exceed 66 hours (72 for BAS degree).

For institutions of higher education not listed in the Higher Education Directory®, as well as course work from technical and vocational institutions, the student must furnish sufficient information that the appropriate academic department can evaluate the course work.

1. All transfer work will be evaluated on a course-by-course basis in terms of:
   a. Collegiate level work
   b. Comparable to ETBU curriculum in level and nature
   c. Appropriateness for application to an ETBU degree
2. No grade will be changed.
3. Transfer work with grades that would cause the student to be placed on probation will not be accepted. (Such courses may not be transferred in a later semester even if the student's GPA improves.)
4. In the case of multiple transfer courses, only those courses relevant to the degree plan and which do not place the student on probation will be accepted.

PROCEDURES FOR ENROLLED STUDENTS

Courses to be applied in the general education portion of the degree. The student must complete all of the following:

1. Complete and submit to the Registrar's office a Permission for Course Transfer form (available on-line or through the Office of the Registrar) before enrolling.
2. Make certain the course will meet the general education requirements specified for the student's declared major.
3. Submit official transcripts to the Registrar's office upon completion of the course.
4. Must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see Academic Load policy).

Note: The general education requirements for each major are specified in the departmental sections of this catalog. A student's declared major is the basis of the degree audit for graduation. It is the student's responsibility to ensure the declared major is accurate and his/her degree audit current.

Courses to be applied to any major, minor, or teaching specialization requirement. The student must complete all of the following:

1. Secure a "Permission for Course Transfer" form (available on-line or through the Office of the Registrar).
2. Provide transfer course/institution data and present to appropriate department chair for a signature of approval.
3. Submit completed form with departmental signature of approval to the Registrar.
4. Once permission is granted, enroll for the course.
5. Submit official transcripts to the Registrar upon completion of the course.
6. Must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see Academic Load policy).

Note: Courses to be applied in the major, minor, or teaching specialization may not be taken Pass/Fail.

Courses to be used as elective credit. The student must complete all of the following:

1. Secure a "Permission for Course Transfer" form (available on-line or through the Office of the Registrar).
2. Complete the form and submit to the Registrar.
3. Once permission is granted, enroll for the course.
4. Submit official transcripts to the Registrar upon completion of the course.
5. Must not exceed eighteen (18) semester hours if enrolling for transfer courses anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see Academic Load policy).
anytime during the fall or spring terms (or 7 hours in short terms) without obtaining permission (see Academic Load policy).

Note: Failure to complete any of the above may be basis for denial of transfer credit.

OTHER COURSE CREDIT POLICIES

ADVANCED PLACEMENT PROGRAM
The University will grant credit by examination for courses on the basis of acceptable scores on the Advanced Placement Examinations of the College Entrance Examination Board in one or more of the following subjects: American history, biology, chemistry, English, European history, French, mathematics, physics, political science, psychology and Spanish. Credit and placement will be determined by the department of the University in which the same or an equivalent course is offered. Students should make arrangements through their counselors for taking these tests during their senior year of high school, and should have the scores forwarded to ETBU. See Appendix for accepted tests and minimum score requirements.

ADVANCED STANDING-CREDIT BY EXAMINATION
Students enrolled at East Texas Baptist University may earn credit for certain courses offered by the University through various programs. No credit by examination will be granted in a case in which (a) the course has been taken at an earlier date in any college, or (b) the course is being taken at the time of the examination and it is after the last date to register for credit. (See Departmental Examinations for procedures).

ARMED FORCES
The University will grant credit for all appropriate educational experiences in the Armed Forces in accordance with the recommendations of the American Council on Education in its publication, A Guide to the Evaluation of Educational Experiences in the Armed Services, most current edition. Army, Navy, Air Force, Marine Corps and Coast Guard veterans with continuous active duty may receive up to two hours of physical activity in kinesiology. One kinesiology activity credit may be awarded per each six months of active duty. Other credits for service in the armed forces may be documented on a case-by-case basis. The evaluation will be made from either the veterans DD214 or the official AARTS/SMARTS transcript. The transcript is the preferred document.

AUDITING COURSES
Any course may be taken on an audit basis when no college credit is desired. The student who enrolls as an audit student is not expected to satisfy any of the course requirements which regular credit students are expected to meet. He or she may participate in class assignments to the degree desired. No grade is awarded for an audit course. Intention to audit a course must be declared at the time of registration or during the change of schedule period. College credit will not be awarded for a course taken on an audit basis. Courses taken on an audit basis do not count toward full-time status.

COLLEGE LEVEL EXAMINATION PROGRAM
The University will grant credit for acceptable scores on the Subject Examinations of the College Level Examination Program (CLEP) in the following areas: American government, American history, American literature, biology (except for biology major, minor, or teaching field), general chemistry, college algebra, freshman English composition (with local essay), English literature, French, general psychology, introductory calculus, introductory economics, Spanish, western civilization, and introductory sociology. No credit will be allowed for completion of the General Examinations. Go to www.collegeboard.com/student/testing/clep to locate world-wide test centers and test dates. Tests will be administered on the ETBU campus during scheduled times. Application to take tests administered at ETBU is made through the Office of Academic Success and Graduate Services. See Appendix for accepted tests and minimum score requirements.

Note: Credit will only be awarded for acceptable scores sent directly from the college board, not as a part of a third-party transcript.
CONFERENCE COURSES

Conference courses are utilized only under extraordinary circumstances in order for the student to meet degree requirements. The conference course should not be used: (a) to bypass fundamental portions of the curriculum, (b) to enhance the GPA, (c) to repeat a previously failed course, or (d) for the convenience of the student. The department chair may recommend a course substitution for a course requirement within the department curriculum in lieu of a conference course.

**Procedure:**

1. The student must be classified as a senior or a junior to enroll in a conference course.
2. The student's advisor must approve the conference course only after considering all other options.
3. A conference course is permitted only if the following requirements are met:
   - A. A course deficiency is demonstrated upon examination of the student's degree audit.
   - B. There are irreconcilable course scheduling conflicts.
   - C. There is no departmentally acceptable course substitute.
   - D. The course is not offered during the current academic year.
4. A specialized course syllabus, specific to the conference format, must be presented to the student in lieu of the regular syllabus. A copy of the syllabus must be attached to the application.
5. The advisor, instructor, department chair, and dean of the school must approve the application. Approval of the Vice President for Academic Affairs is required if any of the conditions are not met.
6. A fee of $25 per semester hour will be assessed for the conference course in addition to tuition.

DEPARTMENTAL EXAMINATIONS

Departmental examinations are administered by selected departments for two separate purposes:

**Placement Exam**

Placement exams are used to determine the appropriate level of instruction for entering students, usually freshmen. This ensures that the student will begin study in the field at the level at which he/she is most likely to succeed. There is no fee for placement exams.

**Advanced Standing**

A student who has acquired knowledge and skills of a specific course offered by the University (for example, by continuing education, self-study, or experience) may be allowed to take an advanced standing examination.

**Procedure for taking Advanced Standing Examinations:**

The procedure for the student is as follows:

1. Secure application form from the office of the dean of the school which offers the course exam.
2. Secure approval signature of the chairman of the department in which the course is taught. (Approval must be obtained fifteen (15) days prior to examination administration.)
3. Secure the approval of the dean of the school which offers the course.
4. If approval has been given, pay the departmental examination fee in the Business Office.
5. Present completed and signed application form and fee receipt to the department chairman and make arrangements for the test administration.
6. Take the test at the agreed upon time and place.

The department chairman will then submit the approved form with the examination results, and fee receipt to the Registrar, who will post credit (if any) to the student's transcript.

*Note: No grades will be awarded for successful performance on the examination, but courses and*
credit hours will be posted to the academic transcript with the designation “CR.” These hours are not used in calculation of the grade point average.

DIRECTED STUDY
The directed study course is for an advanced and/or specified study not available in the current curriculum. Seniors or juniors may be allowed to pursue studies which cross departmental lines or to pursue advanced studies in a specific discipline.

Procedure:
1. The student must be classified as a senior or a junior to enroll in a directed study.
2. The student and the advisor jointly propose the directed study by completing the Directed Study Form (available in the Office of the Registrar and the ETBU website).
3. The advisor, with authorization of the department chair, will select a committee of one or two additional faculty members.
4. The project, proposed by the student with direction from the advisor, should include methodology for research and an annotated bibliography.
5. The committee will review the proposal and submit it for approval to the department chair and the dean of the school. Approval of the Vice President for Academic Affairs is required if any of the conditions are not met.
6. Submit the completed Directed Study Form, bearing required signatures and with a syllabus attached to the Office of the Registrar during registration for the semester in which the course will be taken.
7. A fee of $25 per semester hour will be assessed for the directed study in addition to tuition.
8. The project will be completed and submitted for evaluation by the committee and a grade assigned through collaboration by the committee.

FINAL EXAMINATIONS
All students are to take the final exam at the published time. Students may request a change in or special administration of their final exam for the following reasons:
1. Four scheduled exams on the same day
2. Serious personal illness
3. Death of an immediate family member

For any of the above three reasons, the student must discuss the matter with their faculty member. The faculty member may request verification or proof, so the student should be prepared to present any documentation requested. Such documentation may include class schedule, doctor’s letter, etc. The student and the faculty member must agree on a make up time.

INTERNATIONAL BACCALAUREATE
Students graduating from high schools that offer approved International Baccalaureate programs may request evaluation of their credits. Credit in lieu of college work will be granted dependent on the particular courses taken and grades earned. An official transcript from the student’s high school is required for official evaluation. See Appendix for additional information.

REPEATING COURSES
Students may repeat courses for two reasons:
1. to raise a previously earned grade, or
2. to earn additional credit.

Note: Only certain courses may be repeated for additional credit and in most cases will only apply as elective credit. Students should consult the course description to determine if the course is repeatable for credit.
SPECIAL TOPICS COURSES
These courses may be offered at any level, though they are most generally junior and senior level courses. They represent a course not in the usual curriculum, typically an experimental course or an area of specialized interest to a group of students. These courses may range from one to six (1-6) semester hours. Although they are not listed in the catalog, they are designated on the course schedule using a 7 as the third digit in the course number.

SUMMER SESSION
East Texas Baptist University offers summer sessions of approximately four weeks each. The University calendar provides the exact dates. Students may enroll in any or all of the terms. Maximum credit is seven (7) semester hours per term. A schedule of course offerings is available for the summer sessions on the University’s web site or upon written request.

TRANSCRIPTS
The student’s permanent official record of all academic work is referred to as the transcript. In order to comply with the Privacy Act of 1974, transcripts of credits will be supplied to all students and former students only when requested in writing. All financial obligations must be paid in full or loan notes current. The Registrar’s Office should be notified at least three business days before the transcript is needed in order to obtain the necessary approvals before the transcript copy is made. During peak times, such as registration or graduation, or the beginning or ending of a semester, the process may be delayed. If the transcript is being mailed, additional notice should be given to allow for postal delays.

ACADEMIC HONORS

THE DEAN’S LIST
The Dean’s List identifies those students who have a 3.25 to 3.49 grade point average on a minimum of twelve (12) semester hours in academic courses in which a regular grade is assigned. The list is compiled at the end of the fall and spring semesters.

THE DEAN’S LIST WITH HONORS
Students who have a 3.5 grade point average or above on a minimum of twelve (12) semester hours in academic courses will be named to the “Dean’s List with Honor.” This list is compiled at the end of the fall and spring semester.

GRADUATION HONORS
To graduate with honors, a student must have earned a minimum of forty-five (45) semester hours at East Texas Baptist University previous to the term of graduation. Credits for transfer students will be evaluated in terms of the grade point system used at East Texas Baptist University. Official calculation of honors will be affixed to the final official transcript based on the student’s comprehensive calculated grade point average upon completion of all degree requirements. Honors are awarded as follows:

<table>
<thead>
<tr>
<th>Overall GPA</th>
<th>Honor Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.85 or above</td>
<td>Summa Cum Laude</td>
</tr>
<tr>
<td>3.70 - 3.84</td>
<td>Magna Cum Laude</td>
</tr>
<tr>
<td>3.50 - 3.69</td>
<td>Cum Laude</td>
</tr>
</tbody>
</table>

RECOGNITION OF HONORS AT GRADUATION
Honors designated on the graduation program are unofficial. They are based on the cumulative GPA at the end of the term completed prior to the commencement ceremony in which the student participates. Recognition follows the same GPA requirements noted in the Graduation Honors section of the catalog.

UNIVERSITY SCHOLARS AND HONORS PROJECT
The University Scholars Program fosters personal and intellectual growth within a committed community of learners. During the first two years of the program, students take specially designated
sections of their general education courses. These honors classes challenge students to formulate informed, independent ideas. They are conducted in a spirit of shared inquiry and require students to take additional responsibility for their own learning. During the final two years of the program, students perform independent research with one-on-one help from a faculty supervisor in their major and an advising project committee. The Honors Project hones students’ research and writing skills and familiarizes them with the conventions of their major area of study. University Scholars begin working on their four-semester Honors Project in the fall of their junior year and produce a substantial written thesis.

In order to complete the University Scholars Program, students must:
1. Take twelve (12) of their general education class hours in scholars courses, or take nine (9) hours in scholars courses and assume a leadership position in an on-campus honor society for one full year.
2. Complete an Honors Project in their major.

In order to be eligible for an Honors Project, students must meet the following criteria:
1. Have completed sixty (60) hours by the beginning of the first semester of the project,
2. Have completed six (6) hours in their major area, and
3. Maintain an overall GPA of 3.5 with a GPA of 3.75 in their major.

Completion of the project culminates in graduating with distinction and special recognition during commencement ceremonies.

PROGRAMS AND SERVICES

ACADEMIC CENTER FOR EXCELLENCE (ACE)
The Academic Center for Excellence (ACE) provides assistance to students who need additional academic support with General Education courses. The goal of ACE is to help students become independent learners. Individual tutoring is available as well as special study sessions for scheduled course exams. Seminars are offered each semester to assist students with study skills such as test taking, note taking, memory tricks, organization, and more. A tutoring scheduling website is also offered at www.etbu.edu/ace.

OFFICE OF INTERNATIONAL EDUCATION
The Office of International Education provides programs, services, and activities to meet University goals which are of a global or international nature.

The Office promotes cultural diversity and helps prepare ETBU students to successfully study, live, and/or work in international markets and societies. The Office also promotes and coordinates study abroad opportunities and facilitates selected exchange programs.

The Office of International Education recruits, screens admission for, and meets various needs unique to foreign students and scholars. Specific services provided by the Office include:
1. Advice and assistance in all matters related to international students’ and individual visiting scholars’ status as noncitizens of the United States.
2. New international student/scholar campus and community orientation.
4. Initial academic advising for international students.
5. Activities that help international students/scholars share their home culture with the ETBU and local community.
6. Assistance for internationals as they relate to other campus and community offices, agencies, and organizations.

PLACEMENT ASSISTANCE/CAREER PLANNING
The Office of Academic Success and Graduate Services provides computer-assisted job searches and a listing of position vacancies. Career fairs bring potential employers and graduate school representatives to campus.
TRAVEL STUDY
East Texas Baptist University makes international study experiences available to all students. ETBU provides short term travel-study courses, primarily in the May term, in the following countries: China, Poland, Ethiopia, Ecuador, Israel, Greece, Turkey, France, England, Zambia, Australia, and Italy. Students desiring more information should consult their advisor or the Office of International Education.

The Au Sable Institute
Au Sable offers an environmentally based curriculum which is endorsed by and is part of the ETBU curriculum in the biological sciences. Locations include Mancelona, MI; Whidbey Island, WA; Thiruchirapalli, Tamil Nadu, India; and Vara Blanca, Costa Rica. Au Sable programs are structured toward promotion of Christian environmental stewardship. The Institute offers college level credit courses during ETBU's summer sessions. Courses are offered at the 3000 and 4000 (advanced) level and include environmental ethics, land resources, field botany, animal ecology, aquatic biology, conservation biology, limnology, insect biology and ecology, field geology, environmental chemistry, fish biology and ecology, restoration ecology, research, and various practica. Application is made through and enrollment approved by the Department of Biology and Chemistry at ETBU. Tuition is paid to Au Sable through ETBU.

CCCU Programs
In addition to University initiated/sponsored travel study, East Texas Baptist University is a member of the Council for Christian Colleges and Universities (CCCU), an organization of more than ninety evangelical Christian colleges, which sponsors a number of study abroad programs. (To learn more about the CCCU, visit the following website - www.bestsemester.com). These study abroad programs are usually one semester in length and include various seminars of contemporary religious, cultural, and social importance in the region as well as immersion in a language component. Programs within the U.S. offer students a wide variety of experiences. Through the CCCU, ETBU students have the opportunity to study in many different national and international arenas, including those listed below.

CCCU Programs within the U.S.:
- Los Angeles, CA - Film Studies
- Nashville, TN - Contemporary Music and Music Business
- Washington, DC - Political Science, Journalism

CCCU Study Abroad Programs:
- Australia - Music and Art
- China - Language, History, Culture and Customs
- Costa Rica/Nicaragua - Language, History, Contemporary Issues and Perspectives
- England - The Scholars’ Semester in Oxford, Oxford Summer Programme
- India - Indian culture, society, and challenges
- Jerusalem/Middle East - Language, History, Culture and Customs
- Uganda - African Studies, Language, Culture

Hong Kong Baptist University
Hong Kong Baptist University (HKBU) and East Texas Baptist University have an exchange agreement whereby up to two ETBU junior or senior students are chosen each semester to study on the campus of HKBU. Students may choose from a wide variety of courses offered in the HKBU catalog, sixty-five (65) percent of which are offered in English.

Jana Dlugosza University
Jana Długosza University (JDU) in Czestochowa, Poland and ETBU have an exchange partnership. Two ETBU students may study at JDU for either a semester or an academic year. Study may include Polish language and culture and courses in the student's major or minor. For more information contact the Office of International Education.
THE ACADEMIC PROGRAM

CATALOG REQUIREMENTS

Students may choose to meet requirements under any catalog effective while enrolled. Students planning to complete requirements for a degree under any catalog other than the one effective at the time of initial enrollment (or re-entry) should inform their advisor and seek an updated degree audit reflecting catalog changes.

READMITTED STUDENTS

Students not enrolled in the institution for two or more consecutive long semesters are considered to have departed the institution, must apply for readmission, and may be allowed to complete academic requirements in effect at the time of departure. Depending on the major, students may be required to meet new catalog requirements; however, the six year time limit to complete the degree still applies.

Veterans who leave the university to perform military service of 5 years or less will be readmitted with the same academic status as when last in attendance at the institution. Veterans must notify the Admissions Office and the Registrar’s Office if they are returning to the university from military service. Veterans may consult http://www.naicu.edu/docLib/20081016_HEA101-veteransreadmission.pdf for additional information.

PROGRAM CHANGES

It is sometimes necessary or appropriate, due to professional standards or judgment, for the University to change the terms and/or requirements of the programs offered. The University retains the right to terminate or change any of its policies, programs, major requirements, course offerings, class schedules, teacher assignments, and any or all aspects of its educational and co-curricular programs at any time without prior notice. Departments are authorized to update, for all enrolled students, those approved requirements within a program which are considered necessary for meeting professional standards or requirements of various accrediting agencies.

ORGANIZATION OF THE ACADEMIC PROGRAM

The University curriculum is organized by schools, each chaired by a dean. The seven schools, as well as the departments and programs, are:

**SCHOOL OF BUSINESS – DR. SCOTT RAY, DEAN**
- Business
- University Studies Program

**SCHOOL OF CHRISTIAN STUDIES – DR. JOHN L. HARRIS, DEAN**
- Religion

**SCHOOL OF EDUCATION – DR. DONNA H. LUBCKER, DEAN**

### MINORS

**Accounting**
- The accounting minor for business majors will prepare students for business careers in the private sector, accounting-related fields, graduate school, or careers in public accounting.

**American Studies**
- The minor will provide students an interdisciplinary approach to the study of historical, literary, social, religious, and political themes dominant in United States culture. The minor will allow students to choose courses related to personal interests and professional needs.

**Biblical Languages**
- This minor provides students an opportunity to enhance their knowledge of the Bible through an intensive and rigorous study of Hebrew and Greek.

**Biology**
- The minor provides a solid foundation in biology and to complement a student’s major. It will allow students to prepare for many different types of vocations.

**British Studies**
- The minor will provide students a broad foundation for understanding Britain, the Isles, the Empire, and the global influence of British institutions, culture and the English language during the colonial, post-colonial, and devolutionary periods.

**Business Administration**
- The business administration minor is for non-business majors only and is not available for business majors. This minor will focus on the theory of business administration and the fundamentals of how businesses function and operate.

**Chemistry**
- The minor will provide the student with exposure to the four major divisions of chemistry: inorganic, organic, analytical, and physical. This minor should prove particularly attractive to those considering a career in the health professions, environmental work, manufacturing, and oil/gas business.
A basic understanding of chemistry is widely desired throughout corporate America.

**Church History**
The church history minor provides a strong, balanced foundation in the history of Christianity and the Church within the context of world history.

**Counseling**
The counseling minor provides a survey of the major theories of counseling and introduces students to the skills and practices essential to the process of facilitating change in human thought, emotion, and behavior.

**Criminal Justice**
The purpose of this minor is to stimulate thinking about the nature of justice and just relations within society, and to introduce students to the field of justice administration which includes, but is not limited to, law enforcement, corrections (court, prison, and parole), legal assisting, court administration, private security, and juvenile justice.

**English**
Students pursuing a minor in English can select from a variety of courses intended to increase their appreciation of literature, enhance their understanding of language, and sharpen their writing skills. An English minor is an excellent complement to majors in such fields as history, speech, theater, business, and religion.

**Faith Development**
This minor will enable students to understand how psychological development, within specific social, familial, and religious contexts, can deeply influence a person’s capacity for faithful relationships with self, with others, and with God. Integral to this study is the investigation of the ways in which crucial developmental factors can be supported, or hindered, by varying forms of religious experience.

**Family Studies**
This minor is intended to deepen students’ understanding of the many ways in which every person both influences, and is influenced by, the system of relationships within their families. A practical, but in-depth, understanding of family dynamics, child development, and the resources for forging healthy relationships will help prepare students for the challenges of marriage and parenting.

**Forensic Science**
This minor will enable students to understand that forensic scientists play a pivotal role in the criminal justice system by providing information that can be used to determine facts in legal processing or trial. Students are introduced to the work forensic scientists do both at crime scenes and in the laboratory and begin to establish a solid scientific background and a broad base in criminalistics.

**History**
The history minor provides opportunities to gain broader historical understanding and to enhance analytical and interpretive skills; thus it complements various majors according to the student’s plans and interests.

**Human/Social Services**
This minor is intended to help students prepare for social service careers. They will learn about the field of social work, relationships with and among minority groups, and the resources available for meeting the challenges of complex social problems. Practicum and internship experiences will enhance learning and enable students to establish professional relationships and explore opportunities for future employment.

**International Studies**
The International Studies minor is intended to facilitate international awareness and knowledge as a useful enhancement to the student’s study and experiences in various university majors.
Kinesiology
This minor will enable a student to gain skills that can be utilized throughout a person's entire life in a variety of exercise-related professions. Courses to fulfill this minor's requirements should be chosen with a student's specific occupational needs in mind.

Latin American Studies
The Latin American Studies Minor is interdisciplinary, focusing on the history, politics, economy, culture, language, and literature of the rich and varied Hispanic societies of Latin America.

Leadership
The leadership minor provides an opportunity for students to understand the theoretical and philosophical foundations of leadership. The leadership minor is an excellent complement to a wide-variety of majors as students will also make practical applications for leadership theory within their major fields of study.

Management
The management minor will prepare students for future training in business careers involving planning, human resources, operations, graduate school, or careers in business management.

Management Information Systems
The information systems minor will prepare students for a role in using computer applications to solve problems in business, industry, and government. The minor will focus on developing cost effective solutions using computer technology.

Marketing
The marketing minor will prepare students for future training in business careers involving sales, advertising, consumer behavior, graduate school, or careers in marketing.

Mass Communication
The mass communication minor will provide students a broad area of intellectual studies that will prepare them for success in a diverse society of media practitioners. The minor will also allow the student the opportunity to incorporate mass communication courses that will support his/her major program of study.

Mathematics
Students who are majoring in disciplines as diverse as natural or physical sciences, humanities, and social or behavioral sciences may benefit from this minor. It will provide fundamental skills and techniques in mathematics that will support a wide variety of disciplines.

Music
The music minor is designed to provide a variety of opportunities for students who wish to further their knowledge of and develop their abilities in music. The minor requires only one course in basic music literacy and then provides opportunity for students to select the additional music courses consistent with their interest and musical skills. Courses in musical performance (ensembles and applied lessons) are available as well as courses that compliment other disciplines such as: music education courses (teacher education), music history courses (history, political science, and humanities), music theory courses (mathematics), and music ministry and worship services (religion).

Political Science
This minor fosters the understanding and appreciation of political science and examines the significance and influence of politics. The minor program also provides the foundation for further studies in American government and politics, constitutional law, and international relations, and serves as a useful supplemental program to majors in other disciplines. Associated with studies in political science, the Model United Nations program provides students the opportunity to apply their learning to debates on international relations issues.

Pre-Law
The Pre-Law minor is an interdisciplinary plan of study designed to promote critical thinking,
equip students with skills in argumentation and debate, and help prepare students for the challenges of law school.

**Psychology**

In this course of study, students are introduced to the schools of thought, and the methods of study used by psychologists to understand, predict, and control the enormous variations that are possible in human behavior.

**Public Relations**

The interdisciplinary minor in public relations will provide students with the knowledge and skills to prepare them for positions in the public relations industry. Professionals in the public relations field find employment in industry, business, entertainment, corporations, sports organizations, nonprofit groups, school districts, universities, hospitals, government agencies, religious institutions, the military, and many other organizations in our society. Students with a variety of different majors could find a significant benefit from the public relations minor.

**Religion**

This minor is intended to assist students in the creation of a broad-based theological foundation for the expression of their life and faith. The flexibility of this minor allows for all students to reflect theologically upon and strengthen their own interests, gifts, ministries, and lifestyles, and to enhance their own chosen majors.

**Social Sciences**

The interdepartmental minor provides a general background in the social sciences. The minor can supplement the student's preparation for various careers, including Christian ministry, social work, business, and civic leadership.

**Sociology**

This minor is intended to help students better understand the groups to which they belong. Students may select courses and explore their own interests in understanding the nature of group development, group structure and collective behavior.

**Spanish**

The Spanish minor will provide the fundamentals of Spanish grammar, conversation, reading and writing. It will also provide students with opportunities for further study in advanced grammar, advanced conversation, culture and civilization, and literature. The minor will prepare students to communicate adequately in an increasingly Spanish-speaking society.

**Speech Communication**

The speech communication minor is designed to allow the student the opportunity to incorporate communication courses that will support his/her major program of study.

**Theatre Arts**

This minor introduces the student to the principal areas of theatre. It offers the opportunity to develop skills in and knowledge of the theatre and utilize it as an adjunct to a variety of other fields including ministry and teaching. Students who enjoy theatre for the sake of the art are encouraged to minor in theatre as well.

**Writing**

This minor will provide the student with advanced written communications skills that can be used to support his/her chosen major or profession. The minor draws on courses from English, Communication, Computer Science, and Theatre.

**DEGREE REQUIREMENTS**

**GENERAL REQUIREMENTS FOR BACHELOR’S DEGREES**

1. Completion of a minimum of one hundred twenty (120) semester hours.
2. Completion of general education, major, and minor (if applicable) requirements as listed for the degree sought.
3. Completion of English 1301 and 1302 with a grade of C or higher.
4. A minimum cumulative GPA (Grade Point Average) of 2.0.
5. A minimum grade of “C” on all courses in the major, minor, departmental core, and concentration (if applicable) except the University Studies major (see specifics in University Studies degree requirements).
6. Satisfaction of advanced hour credit requirements in all categories.
   a. A minimum of thirty-nine (39) advanced hours in the degree of which a minimum of thirty-three (33) must be earned at ETBU.
   b. A minimum of twelve (12) advanced hours in the major earned at ETBU.
   c. A minimum of six (6) advanced hours in the minor earned at ETBU.
   d. Portfolio hours do not count as hours earned at ETBU.
7. Completion of required chapel/assembly credits.

ADDITIONAL CONDITIONS
1. No more than sixty-six (66) semester hours from non-baccalaureate degree granting institutions (72 for BAS).
2. No more than eight (8) semester hours in physical activity courses.

TIME LIMIT FOR ALL DEGREES
Student may choose to graduate under the catalog in effect during the first semester of enrollment or any successive catalog. All catalog provisions expire after six years. Students unable to complete all requirements within the six-year time limit must choose to graduate under a successive catalog.

PROCEDURE FOR AWARDING OF DEGREE
Degrees are awarded four (4) times a year (fall, spring, May, and summer) when all degree requirements have been completed. Participation in the graduation ceremony is optional. In order for the degree to be awarded, the student must have completed the following by the deadline stated in the University Calendar at the front of this catalog:
   1. Submitted an application for graduation before the published deadline.
   2. Satisfactorily completed all chapel requirements.
   3. Satisfactorily completed all course and curricular requirements.

PROCEDURE FOR PARTICIPATION IN A GRADUATION CEREMONY
Ceremonies are held in December and May at the end of fall and spring semesters. Students may participate in either ceremony if they
   1. have submitted an application for graduation before the published deadline,
   2. have satisfactorily completed all chapel requirements, and
   3. lack no more than 7 hours of academic credit beyond current enrollment.

CURRICULUM REQUIREMENTS

GENERAL EDUCATION STATEMENT
The general education requirement for all degrees offered by East Texas Baptist University is designed to develop certain basic skills in oral and written communication and computational analysis to support continued study in a variety of majors. Furthermore, the general education requirement fosters development of a liberal arts foundation. The liberal arts as endorsed at ETBU include exposure to and experience in a prescribed variety of disciplines. This exposure and experience is intended to provide the initial discovery of critical reflection, problem solving, and moral/ethical reasoning and thought processes which are subsequently refined in upper-level coursework both within and outside the student’s chosen major or minor. These courses do not narrowly focus on skills, techniques, or procedures specific to a particular occupation or profession but rather provide the opportunity for the student to be broadly educated and to integrate and see connections between and within disciplines.
SPECIFIC REQUIREMENTS FOR ADMISSION TO THE BACHELOR OF
APPLIED SCIENCE

The Bachelor of Applied Science degree program is designed for working adults, adults who wish to return to school, and other non-traditional students. The degree provides a mechanism to recognize college level learning from prior work experience, individual and other types of study, prior academic experience, and transfer credit in fields which are not offered at ETBU.

Admission Requirements:

1. Students must be a minimum of twenty-two (22) years of age by the end of the academic year prior to application for enrollment at the University.
2. Meet with an assigned advisor to develop an academic plan.

TEXAS GENERAL EDUCATION CORE CURRICULUM

Public colleges and universities in Texas participate in the “Texas General Education Core Curriculum.” Students who enroll at a Texas public university or college have degree requirements which include a general education core curriculum. Every public institution in Texas has a Core, which is designed to provide a solid foundation for a college education and make transfers between and among Texas institutions of higher education as smooth and seamless as possible.

ETBU voluntarily participates in this initiative to facilitate transfer. All core requirements met through the Texas General Education Core Curriculum are transferable to ETBU in the following categories:

- English—Composition and Literature
  - 010 - Communication (English rhetoric/composition) will also include sophomore level literature from 040 Humanities
- Speech Communication
  - 011 - Communication (1311 or 1315)
- Mathematics and Sciences
  - 020 - Mathematics (logic, college algebra-equivalent or above)
  - 030 - Natural Sciences
- Fine Arts
  - 050 - Visual/Performing Arts
  - Music and other Fine Arts courses
- History
  - 060 - U.S. History world or other history courses
- Social Sciences
  - 070 - Political Science
  - 080 - Social/Behavioral Science
- Electives

ETBU has additional general education requirements as listed in the catalog. Please also note that some departments may have additional specific courses which serve as prerequisite or foundational courses for the major.

Consult http://statecore.its.txstate.edu/ for more information on the Texas Core Curriculum. Consult the ETBU Catalog, http://www.etbu.edu/Academics/catalogs.htm, your academic advisor, or the Registrar’s Office if you have questions.
ACTIVITY COURSE REQUIREMENTS

With the exception of KINE 1164 and KINE 1238, activity courses, when repeated, do not replace previous grades, but rather count toward the total hours for degree requirements. Specific activity courses may count only once toward general education requirements.

A maximum of eight (8) semester hours of physical activity classes (including KINE 1164 and KINE 1238) may be applied to the hours required for graduation. EXCEPTION: Medically excused students with a physician’s letter may take KINE 1109, Restricted Activities, to satisfy these requirements. Course details are listed under “Activity Courses” in the course section of the catalog.

Military veterans may receive up to two (2) semester hours of physical activity credit. Such credit will be granted by the Registrar upon presentation of the DD 214 or AARTS/SMARTS transcript. (Refer to the “Armed Forces” paragraph in the Academic Policies section.)

MAJORS AND MINORS

A major is required for graduation with any baccalaureate degree. (The major is the specialized and concerted study in a particular discipline.) A major requires a minimum of thirty (30) semester hours. To complete a major, students must complete twelve (12) advanced hours at ETBU.

Most degrees require a minor or allow for a second major, (see departmental sections for specific requirements). A minor requires a minimum of eighteen (18) semester hours. Students should select one or more minors as an opportunity to complement their chosen major. Minors may prepare the student to apply their major to a particular interdisciplinary, ministry, cultural, or vocational setting. Minors may open future opportunities in ministry, or career advancement, or to pursue graduate study. To complete a minor, students must complete a minimum of six (6) advanced hours at ETBU, unless otherwise specified.

Grades of “C” or above are required for all courses which count toward a major (except University Studies, see University Studies Major for details) or minor. Majors and minors may be declared in the same department but must be in different disciplines.

DOUBLE MAJOR AND MINOR POLICY

Students pursuing double or multiple majors/minors must consult closely with their assigned advisor as well as the department chair of all other majors/minors sought. A student may complete two majors within a single bachelor’s degree, provided the requirements of both majors are satisfied and the approval of the department chairperson or chairpersons is obtained. If one major leads to one bachelor’s degree and the other to a different degree, the student will select one or the other degree at the time the degree plan is filed. Only one degree title will appear on the student’s transcript and diploma.

The University Studies major may not be combined with any other major.

COURSE WORK MEETING MULTIPLE REQUIREMENTS

Courses may satisfy multiple curriculum requirements, but semester hours count only once.

ADDITIONAL BACHELOR’S DEGREES

A student who has earned one bachelor’s degree may receive a second bachelor’s degree from East Texas Baptist University by:

1. completing the general education requirements for the second degree,
2. selecting and completing a major in a field not used as a major or a minor in the first degree,
3. selecting, with the advice of the major professor, and completing a related minor not used as a major or a minor for the first degree, AND
4. completing a minimum of thirty (30) semester hours at ETBU after receiving the first degree.
The purposes of the Allied and Preprofessional Health Programs are: (1) to provide a foundation in the liberal arts for students who plan careers in a health field; (2) to satisfy the entrance requirements for professional schools, particularly those in Texas; and (3) to satisfy the requirements for graduation at East Texas Baptist University.

Preprofessional programs offered at East Texas Baptist University include premedical, predental, prephysical therapy, prepodiatry, prepharmacy, preoptometry, preoccupational therapy, prephysician assistant, and preveterinary medicine. Other fields such as medical records and dental hygiene are available upon consultation with the Allied Health Advisor. Students wishing to enroll in professional schools should obtain requirements for admission from these schools. Since the various professional schools have different requirements for entrance, preprofessional students should familiarize themselves as soon as possible with the requirements of their chosen school. Completion of the program at East Texas Baptist University does not guarantee acceptance into the professional sequence.

Premedical, predental, and prepharmacy students should plan to take the appropriate entrance examinations during the spring semester of the junior year and no later than August prior to their senior year.

All health programs require eight (8) semester hours of general biology for majors with accompanying laboratory and eight (8) semester hours of general (inorganic) chemistry for majors with accompanying laboratory.

Students desiring to pursue a career in the health professions must adhere to the steps listed below or risk delay in completing the program.

1. Register for at least these classes in their freshman year:
   - Fall - Biology 1406, Chemistry 1311 and 1111, English 1301
   - Spring - Biology 1407, Chemistry 1312 and 1112, English 1302, with no more than sixteen (16) semester hours each semester.

ATHLETIC TRAINING

DR. JOSEPH D. BROWN
Associate Dean, School of Education
Chair, Department of Kinesiology

MR. DAVID COLLINS
Director, Athletic Training Program

An athletic trainer is a qualified allied health care professional, educated and experienced in the management of health care problems associated with sport participation. In cooperation with physicians and other allied health care personnel, the athletic trainer functions as an integral member of the athletic health care team in secondary schools, colleges and universities, professional sports programs, sports medicine clinics, and other athletic health care settings.

The program prepares graduates, through a combination of formal classroom instruction and clinical experience, to assume entry level positions in the athletic training profession and provides a foundation for advanced study in athletic training. The student must satisfactorily complete all academic requirements as well as the supervised practical experience hours as set forth by the Athletic Training Advisory Board of Texas or the National Athletic Trainers’ Association Board of Certification. The ETBU Department of Kinesiology does not guarantee that each person admitted to the Athletic Training Education Program will pass all elements of the program or that those graduated from the program will be able to pass the licensing or certification exams. The attainment of these goals is dependent upon the degree to which the students diligently apply themselves to their studies.

ADMISSION AND PROGRAM REQUIREMENTS

All students must meet the following criteria prior to being officially admitted into the program:

1. Admission to East Texas Baptist University: Athletic Training should be indicated as the major on the application.

2. Submission of Athletic Training Education Program application to Program Director. The application includes:
   A. Two letters of reference (One from a current professor, plus one other. It may not come from a family member).
   B. A written essay outlining professional goals and objectives, which should reflect a sincere interest in athletic training as a profession.
   C. Proof of current immunization records.
   D. Completed Health Screening/Physical Form.
   E. Proof of HBV or declination of such.
   F. Signed Technical Standards Contract.
   G. Signed First Responder Contract.
   H. 90 hours of clinical observation.

3. Completion of a personal interview with the ATEP Committee

4. Successful completion of the following courses and a Cumulative GPA of 2.60:
   A. KINE 1141 Basic Techniques in Athletic Training I
   B. KINE 1142 Basic Techniques in Athletic Training II
   C. KINE 1306 First Aid and Safety
   D. KINE 2302 General Medical Conditions

The Athletic Training Education Program admission process is competitive in nature, with only a limited number of students being admitted each academic year. The deadline for application to the program is February 15th of each year. All general education requirements are offered at ETBU or may be transferred from another college or university. Courses within the major must be taken at ETBU. Transfer students will be evaluated on an individual basis in reference to the major courses. The profession of athletic training is physically as well as emotionally demanding. Students seeking a degree in athletic training must have certain abilities and skills relevant to the profession. Reasonable accommodations will be made for disabilities; however, students are expected to perform in a reasonably independent manner. Students will be expected to perform clinical proficiency skills in a laboratory setting as well as real-life situations.
RETENTION/PROGRESSION POLICY

Students must earn a minimum grade of “C” in all courses within the Major and maintain a cumulative GPA of 2.60 in all courses. Students will also undergo a written performance evaluation at the end of each semester. These evaluations are intended to be a positive experience to show the student athletic trainer areas needing improvement such as attitude, communication skills, and clinical skills. The student will also be required to earn 200 clinical hours during each given semester.

Failure to maintain acceptable academic standards as listed above will result in the student being placed on probationary status for 1 semester. If the student shows a lack of academic progress, has not achieved an acceptable GPA (2.6 cum minimum), or fails to meet the minimum clinical hour requirement by the end of the probationary semester the student may be dismissed from the ATEP. Once academic standards have been met the student may apply for readmission to the program.

DISMISSAL POLICY

Students will be allowed to repeat only one of the courses in the Major in which the student makes a grade below a “C.” Students may repeat the course in question the next time the course is offered. Students will not be allowed to take any other courses required in the major until the repeated course is satisfactorily completed.

Dismissal from the program does not constitute dismissal from the University. The Athletic Training Education Program reserves the right to dismiss any student whose behavior is deemed threatening to the welfare of any individual, is unsafe in any manner, who engages in unprofessional conduct, or does not maintain academic standards.

Students who have been dismissed from the program will be given the opportunity to petition the Program Director for readmission to the program. In order to petition, the student must submit to the program director a formal letter indicating an intent to seek readmission prior to the end of the semester preceding requested re-entry. The student will be required to submit an essay outlining the reasons the student should be considered for readmission as well as complete a re-entry interview with the Program Director. Students may petition for readmission to the program only once.

ACCREDITATION

The ETBU Athletic Training Education Program is a CAATE accredited education program for entry level athletic trainers. Accreditation was initially granted in April 2005 and is currently in place through the 2019-2020 academic year.

Biology

Dr. Roy Darville
Chair, Department of Biology and Chemistry

The Department of Biology and Chemistry offers programs of study with a major and minor in biology. A major in biology allows a student to specialize by choosing one of three tracks: general biology, environmental studies, or human biology. A composite science major is available for the Teacher Education Program for secondary-level certification. The department also serves other academic disciplines by providing biological knowledge and skills needed in those areas. By balancing courses in biology with English, math, speech and other courses outside the department students gain the broad education necessary for success in many careers.

The department is committed to teaching the fundamental skills and techniques of biology, exploring how biology as a science is a way of knowing about life and instilling a desire for further study in biology.

Students who major in biology will:
1. Compare favorably in their knowledge of biological terms and concepts with those students completing a similar program statewide and nationwide.
2. Demonstrate understanding of the scientific method through understanding of biological concepts and acquisition of laboratory skills.
3. Develop a world-view that incorporates biology.

DR. SCOTT RAY  
*Dean, Fred Hale School of Business*  
*Moore Chair, Department of Business*

**MISSION AND PURPOSE**

The School of Business seeks to prepare undergraduate students for careers in business, business-related, and nonprofit organizations and to provide students with the academic preparation necessary to undertake study in various graduate and professional degree programs. The department strives to instill Christian values in its students and to develop individuals who are committed to the ethical and moral standards in business fostered by the Christian faith. The department places emphasis on quality teaching and is committed to supporting activities that help advance the economic development of the primary geographical area that the department serves. Students completing the undergraduate business degree programs offered by the School of Business should:

1. Possess a fundamental knowledge of the basic business core subjects.
2. Possess an in-depth knowledge of their area(s) of business specialization.
3. Be prepared to pursue graduate studies in business.
4. Be able to apply Christian values in their employment practices.

**DEGREES**

Students may select concentrations in accounting, management, management information systems, and marketing within the B.S. in business administration.

Business is a highly diversified field requiring general liberal arts education for a lifetime of opportunities and changes. This degree is a broad-based business education in which students gain a better working knowledge of the world around them.

CHEMISTRY

DR. ROY DARVILLE
Chair, Department of Biology and Chemistry

The Department of Biology and Chemistry offers a major and minor in chemistry. The department seeks to provide students with the knowledge and skills necessary to prepare them for admission to professional schools in the health fields, for admission to graduate study in chemistry, or for careers as chemists in industry.

Students completing the baccalaureate degree in chemistry should:
1. Compare favorably in their knowledge of undergraduate chemistry with those students completing a similar program nationally or statewide.
2. Possess the skills necessary for employment in industry.
3. Possess the skills necessary to remain current in their field.

CERTIFICATE

Forensic Science
A student may earn a certificate in forensic science which prepares them to work in crime laboratories. The student must have a major in chemistry, a minor in biology, and take the courses as follows:
   BIOL 4304 Toxicology
   BIOL 4305 Molecular Genetics
   CHEM/BIOL 4367 Biochemistry
   CHEM/BIOL 4167 Biochemistry Techniques
   CHEM 4200 Forensic Chemistry Laboratory
The child development major has the following goals:

1. To aid in the professional preparation of students seeking careers that involve working with children, child development programs, and other areas within the field of behavioral sciences.
2. To give basic preparation to students who expect to attend graduate school in psychology or one of the other behavioral sciences.
3. To contribute to the development of the student's ability for critical thinking and capacity for personal reflection.

The child development major may be taken on either the Bachelor of Arts degree or the Bachelor of Science Degree and can lead to a broad range of career options. Because career opportunities in some areas of specialization require a graduate degree, it is important for students to take time to examine their interests, values, and goals before embarking on a course of study.

General education courses build and strengthen the verbal and quantitative skills that are the foundation of the child development major and they provide an essential context for the study of human development and social problems. Recent research has demonstrated that such courses also can be instrumental in increasing a person's capacity for open and flexible thought.

CORNERSTONE COURSE

PSYC/SOCI 2332, Introduction to Research Methods, is required for all child development majors. In this course students are introduced to the philosophy and methods of science, which provide the foundation for all knowledge in each of the behavioral sciences. As part of the requirements for this sophomore-level course, students begin to explore topics of interest for individual study.

HONORS PROJECT

To be eligible to participate in the University Honors Project, leading to graduation with distinction, students in the Department of Psychology and Sociology must earn an “A” grade in both MATH 2316 and PSYC/SOCI 2332. Information describing the Honors Project process is available on the university website.

COMPUTER COMPETENCY

All child development majors are expected to demonstrate competency in basic computer skills and in the use of SPSS. Basic skills will be assessed as a part of PSYC/SOCI 2332; skill in the use of SPSS will be assessed in MATH 2316.

CRIMINAL JUSTICE AND FORENSIC SCIENCE

DR. GEORGE J. DAY
Chair, Department of Criminal Justice

CRIMINAL JUSTICE

Students completing baccalaureate programs in criminal justice should:

1. Demonstrate an understanding of major criminological theories.
2. Demonstrate an understanding of the basic purpose, styles, and current issues related to law enforcement in the United States.
3. Demonstrate an understanding of the structure and purpose of state and federal courts, basic criminal law, and rules of evidence.
4. Demonstrate an understanding of correctional philosophy, operation of prisons and community supervision programs, and issues related to prison life and prisoner re-entry.
5. Demonstrate an understanding of moral and ethical issues related to criminal justice and how the Christian faith applies to criminal justice professions.

The criminal justice major may be taken on either the Bachelor of Arts degree or the Bachelor of Science degree and can lead to a broad range of career options in law enforcement and corrections. General education courses build and strengthen the verbal and quantitative skills that are the foundation of the criminal justice major and they provide an essential context for the study of human development and social problems. Required criminal justice courses provide students with foundational competencies in law enforcement, corrections, courtroom procedures, and criminal law. Students then build upon this foundation by completing one of three concentrations focused on preparing them for their future careers in criminal justice. One concentration would be called "Texas Law Enforcement" and would be for students seeking to become peace officers in Texas. The second concentration, “Public Safety Administration”, would prepare students for administrative positions in the criminal justice field. “Offender Rehabilitation,” the third concentration, is for students interested in careers that involve helping to rehabilitate offenders.

FORENSIC SCIENCE

Courses in forensic science will enable students to understand the role of forensic scientists in the process of criminal justice. Students will learn how forensic scientists are able to identify and preserve the facts of an incident through their work both in the laboratory and at crime scenes and the scene of accidents within the health or industrial professions.

HONORS PROJECT

To be eligible to participate in the University Honors Project, leading to graduation with distinction, students in the Department of Criminal Justice must take and earn a grade of “A” in both MATH 1342 and SOCI/PSYC 2332. Information describing the Honors Project process is available on the university website.

COMMUNICATION SKILLS COMPETENCY

All criminal justice majors are expected to demonstrate the ability to communicate effectively both in writing and verbally. Basic skills will be assessed as a part of SPCH 1311 and through the production of term papers in all upper level criminal justice courses.

CRIMINAL JUSTICE INTERNSHIP

Students who maintain a GPA of 2.50 and have earned at least 60 hours are eligible to participate in the criminal justice internship program. Students must apply and gain approval from the criminal justice program director. Student interns will work approximately 20 hours per week at a local, state, or federal criminal justice agency.

The Department of Languages and Literature seeks to develop the language skills, composition skills, and knowledge of literature expected of all liberally-educated students. By balancing courses in English with history, psychology, math, and other courses outside the department, students gain the broad education necessary for success in many careers. The department offers (a) major in English wherein students can pursue a track in Literature or Writing, (b) a minor in English and Writing, (c) an English major or minor for secondary level certification, and (d) major/minor in English Language Arts, reading specialization for the EC-8 interdisciplinary major. Students completing a major in English should:

1. Compare favorably in their knowledge of literature, composition, and rhetoric with students completing similar programs at other schools.
2. Compare favorably with their peers on standardized tests such as the TExES and GRE.
3. Be well prepared for graduate study, positions in the elementary and secondary schools, or other careers in the public and private sectors.

HISTORY

DR. SANDY HOOVER
Chair, Department of History and Political Science

The department faculty members seek to foster our students’ competence and understanding in the disciplines of history, political science, and geography. Thus we emphasize the study of the global human past, the institutions and traditions of law, government, and politics, and the interactions of humans and the environment as understood through geographical study. By balancing courses in history and political science with speech communication, English, mathematics, and other courses outside the department, students gain the broad education necessary for success in many careers.

Students completing a history major should be able to understand, research, write, and analyze history in accordance with recognized research principles, methodology, and processes. Students seeking State of Texas teacher certification must meet or exceed the state minimum criteria on the TExES.

The department offers or hosts the following majors and minors in the Bachelor of Arts or the Bachelor of Science in Education: history, political science, church history, international studies, American studies, British studies, and social sciences.

Pre-law students may prepare for law school using any East Texas Baptist University major. The department faculty members will advise students who intend to apply to law school.

**Social Sciences Minor Requirements**

An interdepartmental minor is offered to serve students whose careers call for a broad background in the social sciences including pre-ministerial students, pre-social work students, business students, those preparing for civic leadership positions, and others.

The Social Sciences Minor requires course work from three different approved areas.

Twenty-four (24) semester hours:

Choose the primary area from the choices below and complete requirements listed.
- History: 1301-1302 or 2321-2322 plus six (6) advanced semester hours
- Political Science: 2304, 1301 plus six (6) advanced semester hours
- Psychology: 2301, 3367 plus six (6) advanced hours
- Sociology: 1301 and three (3) additional semester hours plus six (6) advanced semester hours

Choose two additional support areas from the choices below and complete courses listed.
- Economics: 2301 and three (3) additional semester hours
- Geography: 1303, 2312
- History: 1301-1302 or 2321-2322
- Political Science: 1301, 2304
- Psychology: 2301, 3367
- Sociology: 1301 and three (3) additional semester hours

The minor is administered by the department from which the primary area is selected.
The Intensive English Program (IEP) prepares non-native speakers of English for successful study in academic courses. Enrollment in English for Speakers of Other Languages (ESOL) courses is open to degree-seeking and non-degree-seeking students. The Office of International Education and its Director coordinates the IEP with cooperation and support of the Department of Languages and Literature.

All IEP students must take the Michigan English Placement Test (MEPT) upon entrance to the program and again at the end of each semester. All IEP students will enroll in an ESOL Writing course at the appropriate level, ESOL 0151 Culture and Study Skills, and any additional ESOL courses as deemed necessary by the IEP Director.

ESOL courses are presented at three levels of development: beginner, intermediate, and advanced. Performances on the MEPT/TOEFL/IELTS and/or performances in previously taken ESOL classes are considered in order to determine the level of placement for each subject. ESOL courses, excluding ESOL 0151, have associated weekly labs and/or tutorials in addition to the hours of class instruction.

Although all ESOL coursework is transcripted, ESOL courses cannot be counted towards the hours required for a degree. Students may enroll in courses other than ESOL courses concurrently with ESOL courses with approval from the IEP Director.

A student is no longer an IEP student and is no longer enrolled in ESOL courses when he or she tests proficient in reading and vocabulary, writing, listening and speaking, and grammar. For further information about the IEP and its courses, refer to the Office of International Education.

The International Studies major is intended to develop the student’s international awareness, experience, and understanding, and encourage preparation for service domestically or abroad. The minor is intended to encourage similar goals and thus to enhance the student’s study and experiences in various university majors. By balancing courses in the general education requirements from the various disciplines, students gain the broad education useful for success in many careers.

The major and minor in International Studies are intended to:

1. Provide education about the broader world, the world’s nations, and the relationships between nations, within the context of a liberal arts approach to higher education.
2. Develop skills in modern languages and intercultural communication.
3. Provide a formal curricular base to connect with study abroad opportunities and thus improve international studies and study abroad programming, planning, and participation
4. Enhance students’ vocational and interpersonal skills in international settings
5. Cultivate curiosity, tolerance and understanding of the world’s people
6. Provide opportunities for personal relationships and intercultural experiences outside the student’s native culture and society

The physiological benefits of exercise upon the human condition are well documented; moreover, research continues to demonstrate the benefits of physical activity on social, spiritual and mental/emotional well being. Attaining knowledge and skills related to physical health, fitness and wellness allows for the promotion of total well being. It is the aim of the Kinesiology department to:

1. Promote the benefits of an active lifestyle to the campus community.
2. Prepare students for graduate school who wish to attend.
3. Prepare professional educators in the field of Physical Education.
4. Prepare professionals for careers in health, fitness, and wellness industries.
5. Prepare athletic trainers for careers in education, clinical practice, and amateur or professional sports.

The department offers programs leading to degrees for the Bachelor of Science and the Bachelor of Science in Education. A major in Kinesiology-Wellness Management or a major in Athletic Training may be chosen for the Bachelor of Science degree. A major in All-Level Physical Education is offered for the Bachelor of Science in Education degree. The department also offers a minor in Kinesiology.

MASS COMMUNICATION

DR. COLE FRANKLIN
Chair, Department of Communication Studies

The Department of Communication Studies seeks to provide students pursuing a degree in mass communication with the theoretical foundations and practical knowledge of effective mass communication principles. By balancing courses in journalism and mass communication with history, English, math and other courses outside the department, students gain the broad education necessary for mass media careers.

Students completing a major in mass communication should:
1. Demonstrate a knowledge of mass communication theory and practice.
2. Demonstrate an expertise in a broad range of skills and concepts involving the gathering, editing and presentation of information.
3. Demonstrate a knowledge of the mass media and their roles in society.

The mass communication major course curriculum reflects an integrated, interdisciplinary approach to the study of the ever-changing world of mass communication. The mission of the mass communication major is to provide a broad area of intellectual studies that will prepare students to become ethical and responsible media professionals.

DR. MARTY WARREN
Chair, Department of Mathematics

The Department of Mathematics offers programs of study with a major or minor in mathematical sciences and a major or minor for secondary-level teacher certification in mathematics. An integrated interdisciplinary major with mathematics specialization is also offered. The department serves other academic disciplines by providing the mathematical skills needed in those areas.

For students taking mathematics courses, the department is committed to teaching the fundamental skills and techniques of mathematics, developing mathematics as a mode of thought, and encouraging attitudes, habits, and ideals inherent in the study of mathematics, including the desire to pursue further study.

Students completing a major in mathematics should:

1. Compare favorably in their knowledge of undergraduate mathematics with those students completing a similar program nationally or statewide.
2. Demonstrate adequate mathematical reasoning skills appropriate to students at this level.

The mathematics major, in accordance with a recommendation of the Mathematical Association of America (MAA), has been designed to reflect a more applied orientation demanded for today's career opportunities. To provide this more versatile curriculum, the major is designated as “mathematical sciences.” The course requirements for the major in mathematical sciences provide preparation for industrial positions, graduate study in mathematics, and a variety of other career options.

MUSIC

DR. THOMAS R. WEBSTER
Dean, School of Fine Arts
Chair, Department of Music

MISSION
The Department of Music provides a diverse program of training in music that reflects historical traditions of music, music education, and music ministry leadership. It seeks to broaden each student’s knowledge of musical practice and to challenge all students to develop and utilize their artistic talents in both secular and sacred contexts in ways consistent with their Christian worldview. Further, the Department of Music prepares students for opportunities to study music at the graduate level in varying areas of specialization and for professional success in vocations in the field and its related fields.

East Texas Baptist University is an accredited institutional member of the National Association of Schools of Music.

The Department offers the Bachelor of Music degree with majors in vocal performance, piano performance, music and worship in ministry, and music education. A Bachelor of Arts music major is also available as preparatory study to graduate work in certain areas of specialty or as cultural enrichment. A minor in music is also offered.

Elaboration of the following materials may be found in the Music Student Handbook.

APPLIED MUSIC LESSONS
Applied music lessons are available in voice, piano, organ, orchestra and band instruments, and guitar. Students majoring in music may elect any one of these, other than string (orchestra) instruments as their applied concentration. Enrollment in applied lessons may be limited in accordance with departmental guidelines.

To receive one (1) semester hour of credit, students must attend one twenty-five (25) minute lesson per week. Applied music students receiving two (2) or more semester hours credit in their concentration study must attend two twenty-five minute lessons or the equivalent per week. Performance and repertoire requirements for the various performance areas and levels of study are detailed in the current version of the Music Student Handbook.

Applied lessons may be taken at the freshman, sophomore, junior or senior level as designated by the first digit of the course number. In addition, students may enroll in one to four (1-4) semester hours of applied study as dictated by the degree structures. Only performance majors are encouraged and required to register for more than two (2) semester hours of applied study in any given semester. Thus, performance majors will take ten (10) hours of lower-division lessons (4 semesters) and the remaining applied lesson requirements will be upper-level study. Other music majors may register for more than two (2) semester hours with the consent of the applied instructor and the student’s advisor. However, these programs will count only eight (8) hours of lower-division applied study towards the requirement.

All music majors and minors will enroll in applied lesson course numbers designated as counting “for music degree” until their applied lesson curricular requirements are met. Elective applied lessons are reserved for other students, but may be taken by music majors after their applied lesson curricular requirements have been completed.

SECONDARY APPLIED MUSIC STUDY
Secondary applied music study must be completed by all music majors. All music majors with concentrations of voice, guitar, percussion or wind instrument (i.e. non-piano) are required to complete their secondary applied music study in piano. Piano students may choose from the performance areas of voice, guitar, percussion or wind instrument. Each music major program requires three credit hours of secondary applied study to be taken in one hour increments over three semesters. Students are required to begin their secondary applied study at the beginning of their music study as instructed by their faculty advisors. Students are required to pass a course-embedded
or juried proficiency exam in order to successfully complete the secondary applied music study requirement.

RECITAL PERFORMANCE
Recital performance is required of all music majors and minors. Students should refer to the current version of the Music Student Handbook for the performance requirements for each level of private study and each separate music major program.

RECITAL ATTENDANCE
Recital attendance is required of all music majors. Students should refer to the current version of the Music Student Handbook for details on the credits system. Students who need recital credit must register for MUSI 1000. Degree requirements are not met until sufficient recital credit appears on the student's permanent record.

ACCOMPANIST AND RECITAL FEES
All students taking applied music lessons in wind instrument or voice will be charged an accompanist fee as indicated in the Departmental Fees portion of the FINANCES section of this catalog. This fee allows each student to work with an accompanist for an adequate amount of time to prepare repertoire and present that repertoire in all required venues (studio class, general student recitals, etc.). Students who are presenting a solo recital must register for the appropriate recital performance course number. This course is a zero hour course and, therefore, does not require tuition. It does require an additional accompanist fee in order to provide the student with an accompanist for the recital performance and additional rehearsal. This additional fee will be assessed only to those students who require accompanists for the recital.

MUSIC LABORATORY EXPERIENCE
Music laboratory experience is required of all music majors and minors. Though specific music major program requirements may vary, it is expected that all music students continue in ensemble experience throughout the baccalaureate program. (See appropriate degree plans for information.) Each student's ensemble experience must vary in both size and nature. It is recommended that music majors and applied students participate in a large ensemble each semester they are enrolled in the University beyond the required semesters on their degree plan.

Music laboratory experiences are required for each music major program as follows:

Music Major (BA):
- Piano/Organ Concentration: Piano Ensemble, other ensembles based on secondary performance area and as determined by the Keyboard Coordinator.
- Voice Concentration: Choral Ensembles as determined by the Director of Choral activities,
- Wind Instrument & Percussion Concentration: Marching Band, Symphonic Band, Jazz Band, Instrumental Chamber Ensembles as determined by the Instrumental Coordinator.
- Guitar Concentration: Guitar Ensemble, other ensembles based on secondary performance area and as determined by the Instrumental Coordinator.

Music and Worship Ministry Major (BM):
- Piano/Organ Concentration: Piano Ensemble, other ensembles based on secondary performance area and as determined by the Keyboard Coordinator.
- Voice Concentration: Choral Ensembles as determined by the Director of Choral activities,
- Wind Instrument & Percussion Concentration: Marching Band, Symphonic Band, Jazz Band, Instrumental Chamber Ensembles as determined by the Instrumental Coordinator.
- Guitar Concentration: Guitar Ensemble, other ensembles based on secondary performance area and as determined by the Instrumental Coordinator.
Vocal Performance Major (BM):
  • Choral Ensembles as determined by the Director of Choral activities and Vocal Coordinator.

Piano Performance Major (BM):
  • Piano Ensembles and other ensembles as determined by the Keyboard Coordinator.

Music Education Major (BM):
  Choral Track
  • Piano/Organ Concentration: Piano Ensemble, choral ensemble, and other ensembles as determined by the Keyboard Coordinator and Music Education Coordinator.
  • Voice Concentration: Choral Ensembles as determined by the Director of Choral activities,
  • Guitar Concentration: Guitar Ensemble, choral ensemble, and other ensembles as determined by the Music Education Coordinator.

   Instrumental Track
  • Piano/Organ Concentration: Piano Ensemble, instrumental ensemble, and other ensembles as determined by the Keyboard Coordinator and Music Education Coordinator.
  • Wind Instrument & Percussion Concentration: Marching Band, Symphonic Band, Jazz Band, Instrumental Chamber Ensembles as determined by the Instrumental Coordinator.
  • Guitar Concentration: Guitar Ensemble, instrumental ensemble, and other ensembles as determined by the Music Education Coordinator.

MUSIC PLACEMENT EVALUATIONS
All students seeking a Bachelor of Music degree or a Bachelor of Arts degree in music must audition for acceptance into the music program at ETBU. The requirements of this audition may be obtained by contacting the Department of Music office. The audition will evaluate each student's performance abilities in two performance areas and test their academic competency in music theory. This process will allow the music faculty to place each new student in appropriate theory and performance classes. Any student who does not pass the audition will be required to seek a different academic degree. Students desiring a degree in Vocal Performance or Piano Performance will be required to pass an additional performance audition after at least two semesters of music study. The Music Student Handbook has complete details regarding this audition.

RECITALS
Recital courses (MUSI 2030, MUSI 2031, MUSI 2040, MUSI 2051, MUSI 3030, MUSI 3031, MUSI 3040, MUSI 3051, MUSI 4030, MUSI 4031, MUSI 4040, MUSI 4051) allow a student to present a public recital. Students must pass a hearing presented before an adjudication panel of at least three music faculty members 1-2 weeks prior to the anticipated date of the recital. Full details of the recital and hearing requirements are outlined in the current version of the Music Student Handbook.

Note: A student may not receive credit for both MUSI 1314 and MUSI 3350.
The Department of Nursing offers a baccalaureate degree with a major in nursing. A strong liberal arts general education rich in natural and social sciences provides the foundational knowledge and critical thinking skills necessary for successful completion of the upper level nursing curriculum and as a beginning generalist in the field of professional nursing. The program prepares graduates to assume entry level nursing positions in nursing practice in a variety of healthcare settings within a culturally diverse environment and provides a foundation for advanced study in nursing. Graduates are eligible to apply to take the examination for licensure as registered nurses as set forth in the Texas Occupation Code and Statutes Regulating the Practice of Professional Nursing.

Upon completion of the nursing program, graduates are expected to:

1. Synthesize and incorporate external evidence (i.e., research/empirical knowledge) from nursing, religion, science, humanities, and other disciplines into nursing practice.
2. Provide holistic nursing care based on knowledge derived from theory, practice (i.e., internal evidence), and research.
3. Utilize a critical thinking process and reflection as a basis for providing evidence-based care for individuals, families, groups, populations, and communities of varying cultures and ethnicities.
4. Collaborate with other health care providers and consumers in promoting health and effecting change in the health care system through the use of technology, evidence-based practice, and Christ-centered care.
5. Demonstrate accountability for incorporating professional, ethical, moral, and legal aspects into nursing practice.
6. Demonstrate accountability for incorporating independent and self-directed learning as a prerequisite for professional growth.
7. Identify and implement nursing roles designed to meet changing health care needs of society, including health promotion, disease prevention, illness care, restoration, rehabilitation, and health teaching.
8. Exhibit competent clinical reasoning and judgment to deliver evidence-based care in structured and unstructured settings.
9. Demonstrate ability to implement appropriate leadership strategies and management competencies as generalists in professional nursing.

The profession of nursing requires practice and application of theoretical concepts. This is accomplished in learning laboratories on campus as well as in various community, primary, secondary, and tertiary health care facilities. Faculty and/or approved registered nurse preceptors employed in these agencies provide supervision. Students will be required to complete background checks and drug screens as required by various clinical agencies.

The Department of Nursing does not guarantee that each person admitted to the nursing program will pass all elements of the program or that those graduated from the program with the BSN degree will pass nursing board examinations and/or secure employment as a nurse. Attaining these goals depends upon the degree to which students diligently apply themselves to their studies and upon the economic forces influencing the health care industry.

ACCREDITATION

The Nursing Program is accredited by the Commission on Collegiate Nursing Education and approved by the Board of Nursing for the State of Texas. The Board of Nursing for the State of Texas can be contacted at 333 Guadalupe #3-460, Austin, Texas 78701, or by telephone at (512) 305-7400. The Commission on Collegiate Nursing Education can be contacted at One Dupont Circle, N.W., Suite 530, Washington, D.C. 20036-1120, or by telephone at (202) 887-6791.
BSN PROGRAM

ADMISSION AND PROGRAM REQUIREMENTS

Applicants to the program must be accepted for admission to the University and must meet program requirements. Further admission and program requirements are available on the ETBU nursing website (www.etbu.edu/nursing/).

The program is four (4) years in length, with the first two (2) years consisting of sixty (60) semester hours of general education and foundational science courses. The last four (4) semesters consist of upper division professional nursing courses. Completion of standardized nationally-normed exams is included in the nursing curriculum.

Required freshman and sophomore general education and science courses are offered at ETBU or may be transferred from another college or university. Transfer of nursing courses will be considered on a case-by-case basis due to variations in content among colleges and universities.

DEVELOPMENTAL STANDARDS FOR ADMISSION AND RETENTION

A candidate for the BSN degree must have the following abilities and skills: observation, communication, motor, and behavioral. Reasonable accommodations may be made for some disabilities; however, a candidate is expected to perform in an independent manner.

1. Observation: A candidate must be able to observe a patient/client accurately. Examples of observation include, but are not limited to, listening to heart and breath sounds, visualizing the appearance of a surgical wound, detecting the presence of a foul odor, and palpating an abdomen.

2. Communication: A candidate must be able to communicate/interact effectively with patients/clients and other members of the health care team to obtain information, describe patient situations, and perceive nonverbal communication.

3. Motor: A candidate must have adequate motor function to work effectively with nursing problems and issues and carry out related nursing care. Examples of nursing care include, but are not limited to, ambulating and positioning clients, cardiopulmonary resuscitation; administration of intravenous, intramuscular, subcutaneous and oral medications; application of pressure to stop bleeding; opening an obstructed airway; and provision of client daily hygiene care.

4. Behavioral: A candidate must possess the emotional health required for total utilization of his or her intellectual abilities. Candidates need to be able to tolerate physically taxing workloads and to function effectively during stressful situations. They must be capable of adapting to ever-changing environments, displaying flexibility, appropriately interacting with others, and learning to function in situations of uncertainty that are inherent in clinical situations involving clients.

STATE STANDARDS FOR ADMISSION AND RETENTION

The Texas Board of Nursing (BON) has identified certain circumstances that may render a potential candidate ineligible for licensure as a registered nurse in the State of Texas. These circumstances are found on the BON website (www.bon.state.tx.us) under the section entitled Verification and Licensure / Candidates for Licensure / Declaratory Order.

Any student seeking admission to the nursing program will be required to complete the required criminal background check and initiate the Petition for Declaratory Order process if applicable. This process does require a fee payable to the BON if it is determined that a thorough investigation is necessary. Students who are deemed ineligible for licensure by the BON will not be granted admission to the nursing program.

POLITICAL SCIENCE

DR. SANDY HOOVER
Chair, Department of History and Political Science

The political science major is intended to guide the student to know and understand the traditions, institutions of law, politics, and government. By balancing courses in the general education requirements from the various disciplines, students gain the broad education necessary for success in many careers. The goals of the major are to:

1. Acquaint students thoroughly with the broad discipline of political science.
2. Help students develop skills in analysis and in spoken and written communication.
3. Enable students to understand and apply basic social science research methods including research design, data analysis and interpretation.
4. Provide students a foundational understanding of constitutional government, governmental institutions, and civic virtues.
5. Help students to appreciate the history, values, and cultures of various countries.
6. Enable students to develop a broad understanding of global political issues.
7. Help students prepare to enter careers in federal, state, or local governments.
8. Encourage students as servant leaders to enter academic careers in public school and higher education.
9. Prepare students for advanced studies in, for example, American government, international relations, comparative politics, public policy, American foreign policy, and the politics of developing countries.
10. Prepare students for law school.
11. Encourage and nurture students for civic and political service and leadership, including citizen activism, career civil service, and elective public office.
12. Prepare students as servant leaders to accept the obligations and opportunities of the age by serving humanity and the Kingdom of God.

The psychology major has the following goals:

1. To aid in the professional preparation of students seeking careers in psychology, counseling or social work, Christian ministry, nursing, business, and law.
2. To give basic preparation to students who expect to attend graduate school in psychology or one of the other behavioral sciences.
3. To contribute to the development of the student’s ability for critical thinking and capacity for personal reflection.

The psychology major may be taken on either the Bachelor of Arts degree or the Bachelor of Science Degree and can lead to a broad range of career options. Because career opportunities in some areas of specialization require a graduate degree, it is important for students to take time to examine their interests, values, and goals before embarking on a course of study.

General education courses build and strengthen the verbal and quantitative skills that are the foundation of the psychology major and they provide an essential context for the study of human development and social problems. Recent research has demonstrated that such courses also can be instrumental in increasing a person’s capacity for open and flexible thought.

**CORNERSTONE COURSE**

PSYC 2332, Introduction to Research Methods, is required for all psychology majors. In this course students are introduced to the philosophy and methods of science, which provide the foundation for all knowledge in each of the behavioral sciences. As part of the requirements for this sophomore-level course, students begin to explore topics of interest for individual study and chose one of two possible career tracks that can be followed to complete the major. Students preparing for graduate programs will follow the course of study outlined in the Pre-Professional Concentration. Students with no immediate plans for graduate school, but who plan to seek jobs upon graduation from ETBU will select the applied concentration in Community Psychology.

**SENIOR RESEARCH PROJECT**

All students with a major in psychology will complete a senior research project.

**Pre-Professional Concentration** – In preparation for the senior project, students first take PSYC 3132, Linking Research and Writing: The Literature Review. This course will review the basics of using APA style and formatting and will help students complete the literature review for required research projects. In PSYC 3310 Advanced Research and Data Analysis and PSYC 4332 Social-Experimental Research, students will develop and conduct research projects intended to replicate or extend previous research findings.

**Community Psychology Concentration** – PSYC 4331, Applied Social Research I, will help students prepare for the senior project by introducing the analytical and quantitative research skills that will prove useful when working in jobs related to the behavioral sciences. As part of PSYC 4131 Applied Social Research II, students will participate in a community service research project which provides the opportunity to apply a combination of knowledge and research skills in a real world setting.

**HONORS PROJECT**

To be eligible to participate in the University Honors Project, leading to graduation with distinction, students in the Department of Psychology and Sociology must earn an “A” grade in both MATH 2316 and PSYC 2332. Information describing the Honors Project process is available on the university website.

**COMPUTER COMPETENCY**

All psychology majors are expected to demonstrate competency in basic computer skills and in the use of SPSS. Basic skills will be assessed as a part of PSYC 2332; skill in the use of SPSS will be assessed in PSYC 3310 or PSYC 4331.

The faculty of the Department of Religion welcomes students into a community of learning, rigorous scholarship, academic freedom, ministry, and service. As a part of the historic and long-standing service to the foundation curriculum of East Texas Baptist University, the faculty seeks to lead students to a mature understanding of the Bible and the development of a Christian worldview. Through teaching, mentoring, and advising, students will be given the opportunity to gain a basic knowledge of God’s word, to reflect upon its theology, and to apply it personally and professionally.

Committed to equipping students who are preparing for vocational or dual-vocational ministries, the religion faculty seeks to encourage and challenge—both spiritually and academically—those students who have responded to the divine call into Christian ministry; to prepare students for additional graduate studies; and to equip students to serve as pastors, youth ministers, education ministers, missionaries, professors, and other positions of Christian leadership. Students will be given the opportunity to develop their skills in biblical interpretation, to display analytical and reflective thought, and to integrate a Christian worldview into their life and ministry.

The general education courses serve to build a solid foundation for educational transformation and are meant to assist students in the exploration and integration of knowledge complementary to their chosen major. In addition, the broad educational curriculum attempts to create a stability and coherency in intellectual experience. By completing courses in a broad-based liberal arts education, students are better equipped to view their studies in the field of religion in a more comprehensive academic context, thus helping to ensure that students will be well educated, successful, and valuable participants in the rapidly changing global community.

As religion majors, students will have intentional experiences focusing upon the development of identity and Christian servant leadership. Students will participate in such activities as a compilation of a personal growth portfolio, monthly faculty mentoring, monthly meetings with other majors and the religion faculty, community projects, and learning the principles of Christian servant leadership. These experiences will help provide an environment that will encourage students to mature and present an avenue through which an integration of faith, learning, and service may be expressed.

As part of the process for providing students a high-quality education, a sense of ethics, and a responsible spiritual and social consciousness, the Religion Department Academic Honor Code was formed. As a requirement for continued admission, all religion majors will affirm their commitment, by their signature, to abide by the following code:

Having read the Religion Department Academic Honor Code, I pledge to keep it, avoiding all academic dishonesty and conducting myself in ways that honor God. I will be respectful of others; I will maintain a high level of personal integrity, moral purity, and honor; I will take seriously my academic commitment to God and to those who support me financially and emotionally; and I will seek excellence and professionalism in everything I do.

The complete Religion Department Academic Honor Code, including descriptions of responsibilities and procedures regarding those who fail to uphold the code, can be found at http://www.etbu.edu/christian-studies/religion-department/honor-code/

PROGRAM REQUIREMENTS

1. A student must complete all Department of Religion general education courses with a “C” or higher for each course.
2. A student must receive credit for RLGN 1000 for each semester that he/she is a religion major.
3. A student must receive credit for RLGN 1001 for each academic year (any semester within an academic year is designated as an academic year) that he/she is a religion major.
4. A student must successfully complete RLGN 4350.
5. A student must maintain a cumulative 2.25 grade point average (i.e., GPA).
6. A student must have a 2.50 GPA for all coursework within the Department of Religion.
7. If a student falls below the levels listed in numbers 5 and 6, he/she must retake courses to raise his/her GPA.
8. No student may graduate with a major in Religion with less than a 2.50 GPA in his/her major courses.

STUDENT OBJECTIVES

The Department of Religion seeks to accomplish the following:
1. To equip students with the ability to articulate a general knowledge of the contents of the Bible.
2. To equip ministry students with the information and skills necessary for them to excel academically, vocationally, and professionally.

The sociology major has the following goals:

1. To provide marketable skills such as research, planning and evaluation, and grant writing for students planning to enter the work force after graduation.
2. To give basic preparation to students who expect to attend graduate school in sociology or one of the behavioral sciences.
3. To contribute to the development of the student’s ability for critical thinking and capacity for personal reflection.

The sociology major may be taken on either the Bachelor of Arts degree or the Bachelor of Science degree and can lead to a broad range of career options. Because career opportunities in some areas of specialization require a graduate degree, it is important for students to take time to examine their interests, values, and goals before embarking on a course of study.

General education courses build and strengthen the verbal and quantitative skills that are the foundation of the sociology major and they provide an essential context for the study of human development and social problems. Recent research has demonstrated that such courses also can be instrumental in increasing a person’s capacity of open and flexible thought.

CORNERSTONE COURSE

SOCI 2332, Introduction to Research Methods, is required for all sociology majors. In this course students are introduced to the philosophy and methods of science, which provide the foundation for all knowledge in each of the behavioral sciences. As part of the requirements for this sophomore-level course, students begin to explore topics of interest for individual study and chose one of two possible career tracks that can be followed to complete the major. Students preparing for graduate programs will follow the course of study outlined in the Pre-Professional Concentration. Students with no immediate plans for graduate school, but who plan to seek jobs upon graduation from ETBU will select an applied concentration in Human Services.

SENIOR RESEARCH PROJECT

All students with a major in sociology will complete a senior research project.

Pre-Professional Concentration – In preparation for the senior project, students first will take SOCI 3132, Linking Research and Writing: The Literature Review. This course will review the basics of using APA style and formatting and will help students complete the literature review for required research projects. Then, in SOCI 3310 Advanced Research and Data Analysis and in SOCI 4332 Social-Experimental Research, they will develop and conduct research projects intended to replicate or extend previous research findings.

Human Services Concentration – SOCI 4331, Applied Social Research I, will help students prepare for the senior project by introducing the analytical and quantitative research skills that will prove useful when working in jobs related to the behavioral sciences. Then, as part of SOCI 4131 Applied Social Research II, students will participate in a community service research project which will give them the opportunity to utilize a combination of their knowledge of the discipline and research skills in a real world setting.

HONORS PROJECT

To be eligible to participate in the University Honors Project, leading to graduation with distinction, students in the Department of Psychology and Sociology must earn an “A” grade in both MATH 2316 and SOCI 2332. Information describing the Honors Project process is available on the university website.
COMPUTER COMPETENCY

All sociology majors are expected to demonstrate competency in basic computer skills and in the use of SPSS. Basic skills will be assessed as a part of SOCI 2332; skill in the use of SPSS will be assessed in SOCI 3310 or SOCI 4331.

- Human/Social Services Minor
- Psychology Minor

For curricular requirements for each minor, see the Psychology section.
The Department of Languages and Literature seeks to prepare students to develop the language skills and culture awareness necessary for future study in Spanish or a career teaching or using Spanish. By balancing courses in Spanish with history, English, psychology, math, and other courses outside the department, students gain the broad education necessary for success in many careers.

Also, the department seeks to prepare students who wish to pursue: (a) a major or minor in Spanish; (b) a Spanish major for all-level certification. The department offers courses in Spanish and French.

Students completing baccalaureate programs in Spanish should:
1. Be able to demonstrate their knowledge of the Spanish language, culture, and literature.
2. Be well prepared for their first position in the field.
3. Be well prepared to enter, and successfully complete, graduate school programs.
4. Compare favorably with their peers on the written and oral Spanish state examination, the LOTE (Languages Other Than English).

**STUDY ABROAD**

The Department of Languages and Literature offers a Study Abroad program in Latin America during the May session. The department offers the experience in a major cultural and archeological center. Students have the opportunity, therefore, to learn conversational Spanish in a historically-rich setting. In addition, students will have an opportunity to integrate faith and learning by assisting Spanish-speaking missionaries with evangelization in Spanish. Students can earn credits on the sophomore, junior, and senior levels of Spanish. Spanish 3303 may be repeated for credit.
The Department of Communication Studies seeks to provide students pursuing a degree in speech communication with the theoretical foundations and practical knowledge of effective communication principles. By balancing courses in speech communication with history, English, math, and other courses outside the department, students gain the broad education necessary for success in many careers.

Students completing a major in speech communication should:
1. Demonstrate a knowledge of public communication theory and practice.
2. Demonstrate a knowledge of interpersonal communication theory and practice.
3. Demonstrate a knowledge of effective listening skills.

The Teacher Education Program at East Texas Baptist University provides a comprehensive background of professional education courses designed to prepare future elementary, secondary, and all-level teachers to perform effectively in the classroom setting.

The Texas Education Agency (TEA) establishes teacher certification standards. Any change in these standards must be reflected in East Texas Baptist University’s certification requirements. Therefore, any modifications in the state law affecting ETBU certification requirements takes precedence over statements in this catalog.

The current certification levels for teaching certificates include Early Childhood (EC)-Grade 6; Grades 4-8; Grades 7-12; and All-Level.

MISSION STATEMENT

The Department of Teacher Education is responsible for developing a strong program of preparation for prospective public school teachers. The purposes of the department include (1) provide a quality professional preparation program leading to teacher certification in Texas, (2) acquire a strong academic foundation, (3) provide practical applications through site-based experiences, and (4) promote ethical and professional practices.

Students completing graduation and certification requirements for the Bachelor of Science in Education (B.S.E.) will be able to:

1. Demonstrate knowledge of learner-centered proficiencies for teachers.
2. Demonstrate proficiency on all state mandated tests.
3. Demonstrate proficiency in the utilization of multimedia technology in the classroom.
5. Be employed as a classroom teacher within one year of completing certification requirements, if they desire.

SITE-BASED PROGRAM

The Teacher Education Program is committed to ensuring that all students receive effective, high-level teacher preparation. Components of the site-based program include a full range of experiences with culturally diverse and low socioeconomic students as well as students who have perceptual/physical challenges. Learning experiences include attending school board and faculty meetings, participating in grade level and vertical planning, facilitating parental involvement, participating in workshops, assisting with training for technology, and planning and participating in special events.

In addition, a criminal history background check is run on each student at various stages of our program in order to determine suitability for public school placement.

The Strategic Action Plan of the department includes the following program evaluation:

1. Assessment of learning outcomes.
2. Performance evaluations using various measures.
3. Successful performance on tests required for all certification candidates.
4. Full appraisal requirements of the state and local district for the program’s students.

ADMISSION INTO THE TEACHER EDUCATION PROGRAM

Admission to the Teacher Education Program of the University is by application to the Dean of the School of Education during the semester in which the student is enrolled in EDUC 3302.

Students who plan to make application for admission to the Teacher Education Program are
encouraged to obtain a copy of the admission policy and standards for admission as early as possible to avoid delays in the admission process. Transfer and post-graduate students must satisfy all admission requirements.

The Teacher Education Council may prescribe additional screening procedures to evaluate the emotional stability and/or communication effectiveness of an applicant. A negative TB test is required before field experiences are scheduled, as is a satisfactory criminal history check.

TEACHER CERTIFICATION PROCESS:

STEP 1: Complete requirements for admission to the Teacher Education Program.
In order to be admitted to the Teacher Education Program, a student must:

1. Have completed the application process prior to the deadline for admission to the Teacher Education Program. (Late applications and documentation of the $75.00 late fee must be submitted no later than three (3) calendar weeks past the announced deadline. If a student fails to meet this deadline they will need to apply during the following semester.)
2. Be classified as a sophomore or higher.
3. Have met the 2.75 GPA requirements (cumulative, in major, minor, and professional development).
4. Have an updated degree audit from the registrar’s office on file that reflects most recent grades.
5. Have completed most general education requirements for the B.S.E.
6. Have demonstrated proficiency in reading, oral and written communication, critical thinking, computer proficiency and mathematics (pass the Texas Higher Education Assessment {THEA} with the following minimum scores: Reading 240, Math 240, and Writing 230. Please note that the required THEA scores are higher than state requirements.)
7. Make a “C” or higher in Speech 1311, 1315, or equivalent.
8. Not be on disciplinary probation.

STEP 2: Complete requirements for admission to elementary, secondary, or all-level certification/site-based block(s).
In order to be admitted to a site-based block, a student must:

1. Have completed Education 3301 and 3302 with a grade of “C” or higher, and have a GPA in these two courses of 2.75 or higher
2. Have met all requirements indicated in Step 1 above.
3. Have been admitted to the Teacher Education Program.
4. Not be under Departmental Review. (see Departmental Review section below.)

STEP 3: Complete requirements for admission to the Student Teaching Level.
In order to be admitted to the Student Teaching Level and be placed in a student teaching assignment, a student must:

1. Have met all requirements indicated in Steps 1 and 2 above.
2. Have completed application and placement forms for a student teaching assignment prior to deadline. (Late applications and documentation of the $75.00 late fee must be submitted no later than three (3) calendar weeks past the announced deadline. If a student fails to meet this deadline they will not be eligible to student teach during the following semester.)
3. Have completed all requirements of the site-based block(s).
4. Have a cumulative GPA of 2.75 or higher in all college work at the time of application.
5. Have a minimum GPA of 2.75 or higher in teaching field(s) or interdisciplinary major.
6. Have a grade of “C” or higher and a cumulative GPA of 2.75 or higher in all
professional development courses required for certification.

7. Have completed all general education courses as prescribed in the degree plan.
8. Have written approval of the major and minor departments.
9. Not be on disciplinary probation.
10. Lack no more than six (6) additional hours, plus student teaching to graduate.
11. Not be under Departmental Review. (see Departmental Review section below.)
12. Students may not be admitted to the Teacher Education Program and the Student Teaching Level during the same semester.

**STEP 4: Complete requirements for graduation and certification as well as state-mandated tests.**

In order to be recommended for certification, the student must:

1. Pass the appropriate practice tests prior to taking state-mandated tests.
2. Pass required state-mandated tests.
3. Complete all academic requirements for the degree.
4. Complete all requirements of the Teacher Education Program of the University.

Note: Anyone seeking a standard certificate as an educator based upon completion of an approved educator certification program may take the appropriate certification examination required at such time as the entity delivering the certification program determines the individual’s readiness to take the examination, or upon successful completion of the program, whichever comes first.

All certification requirements are subject to the Texas Education Agency (TEA) standards, rules, and regulations. TEA has the authority to suspend, revoke, or refuse to issue a teaching certificate to a person who has been convicted of a felony or misdemeanor for a crime which directly relates to the duties and responsibilities of the teaching profession. The Department of Public Safety and TEA will conduct a criminal record search of all certificate applicants.

**CANDIDATE REVIEW PROCESS**

**Rationale**

Teacher candidates who fail to meet substantive university, department, or faculty expectations will be subject to the candidate review process. The goal of the review process is to help students grow in areas of weakness so that they will meet Teacher Education Council standards for admission to the student teaching level and to ultimately graduate from the University.

**Levels of Review**

**Informal Review**

An informal review involves a faculty member and a teacher candidate. When a faculty member has concerns about a teacher candidate meeting the University's criteria, the faculty member will:

a. Discuss the concerns directly with the teacher candidate.
b. Advise the appropriate department head and the Dean of the concern(s); c. Provide written documentation of the informal review to the Dean of the School of Education for placement in the student's file.

**Departmental Review: Level One**

When a faculty member is sufficiently concerned about a candidate's fitness to teach and has tried other avenues of solution, he or she will complete a Departmental Review Form and will attend a meeting with the candidate and the Dean of the School of Education. During this conference, a plan for how to resolve the issue will be discussed and developed. A copy of the plan will be provided to all parties involved. Candidates under Departmental Review: Level One will be placed on probationary status, until such time that the plan to resolve the issue has been accomplished. Once accomplished, as certified by the Dean, probationary status will be removed.

**Departmental Review: Level Two**

If a second incident or concern is reported on the same candidate, or if the candidate fails to meet the requirements of the Level One review, a Teacher Education Council subcommittee,
made up of the Dean of the School of Education and two other members, will be convened. This
subcommittee will meet to:
   a. Review the paperwork;
   b. Interview faculty members and the teacher candidate;
   c. Make a recommendation regarding the teacher candidate’s suitability to con-
tinue in the correction program.

The subcommittee will summarize its findings and/or recommendations and forward them to
the full Teacher Education Council. The Council will then make a decision regarding the candi-
date’s suitability to continue in the program. Any appeal of this decision will follow established
University guidelines.

STUDENT TEACHING IN PUBLIC SCHOOLS

In order for a student to be placed in the public schools for student teaching, he or she must have a
cumulative grade point average of 2.75 or higher on all college work and in all professional develop-
ment courses, and in the selected teaching field(s) or in the interdisciplinary major.

Any probation or suspension from the University automatically removes a student from the
Student Teaching Program. The student, if qualified, may apply for readmission after satisfying all
University requirements.

The student teaching experience consists of six (6) semester hours and a minimum of fourteen
(14) consecutive weeks of all day assignments which will begin during the public school in-service
period. Specific criteria for student teaching courses will be found in the course descriptions and
Student Teaching Handbook.

GUIDELINES FOR STUDENT TEACHING ASSIGNMENT

- The Director of Student Teaching, in accordance with the guidelines and procedures of the
  University and the local school district, will make the assignment.
- Assignments will be made only with school districts where it is possible for the student teach-
er to attend the required weekly seminar.
- School districts listed on the University’s list of approved districts have a program that is of a
  quality nature, and will be used in making assignments.
- The class and school have a wide range of activities and program experiences available.
- A certified teacher, with at least three years of teaching experience, is available and has been
  recommended by the principal and/or leadership personnel in the school district.
- The teacher agrees to work with a student teacher, is skilled in human relations, and works
  well with others. The needs and interests of the student teacher are considered.
- Student requests are considered.

STUDENT TEACHING SEMINARS

During full-time student teaching, students are required to meet weekly with the university
supervisor. This seminar will be held outside of regular school hours unless the university supervi-
sor decides that student teachers may leave their school earlier for these meetings. If that decision
is made, the University supervisor is responsible for notifying all supervising teachers and will pro-
vide a list of meeting dates, times, and places to both the student teacher and supervising teacher.
Attendance, participation, and all academic work required during these meetings will count in the total grade for student teaching.

CERTIFICATION AFTER BACHELOR’S DEGREE
Persons with a baccalaureate degree seeking initial certification must (1) meet qualifications for admission to both the University and the Teacher Education Program, (2) meet qualifications for certification, (3) complete a minimum of eighteen semester hours of coursework in residence at East Texas Baptist University, and (4) pass appropriate state-mandated tests before they will be recommended for certification. An evaluation fee of $25 is required for preparation of a deficiency plan. Upon enrollment, this fee will be credited to the student’s account. Contact ETBU School of Education for information.

ACCELERATED TEACHER CERTIFICATION PROGRAM (ATCP)
The Accelerated Teacher Certification Program (ATCP) is designed for individuals who have at least a bachelor’s degree in a field other than education and have a desire to enter the teaching field. The program offers the possibility of becoming a certified secondary school teacher within one year or less.

APPEALS PROCESS
An appeals process is available to students at any stage of the Teacher Education Program. If a student is denied admission into the program, student teaching, or certification, he or she may appeal in writing to the Dean of the School of Education. The teacher education faculty and/or Teacher Education Council will review the student’s appeal and reach a decision which the Dean of the School of Education will send, in writing, to the student. If the individual wishes to appeal further, he or she may request, in writing, a review by the Vice President for Academic Affairs. After this review the decision will be sent, in writing, to the student and to the Dean of the School of Education. The decision of the Vice President for Academic Affairs is final.

TEACHER EDUCATION COUNCIL
The Teacher Education Council is comprised of the chairman of the Teacher Education Department, the Dean of the School of Education, appointed full-time faculty members of the Teacher Education Department, and a representative from each department with approved certification programs.

ASSESSMENT OF THE TEACHER EDUCATION PROGRAM
An ongoing system of assessment is used to determine the quality of the Teacher Education Program through accreditation processes with the Texas Education Agency (TEA).

CERTIFICATION PROCEDURES
All certification requirements are subject to Texas Education Agency (TEA) standards, rules, and regulations. After successfully completing student teaching and all University and teacher education requirements, the student may be recommended for certification by the Teacher Education Council. This may be met through fulfillment of all appropriate requirements listed in the Teacher Education Program, passing the appropriate TExES tests, filing an application for certification, paying appropriate fees, and being fingerprinted.

LEVELS OF CERTIFICATION
The certificate levels for teacher certification include Early Childhood–Grade 6; Grades 4-8; Grades 7-12; and all levels.

AVAILABLE MAJORS IN SECONDARY EDUCATION

Secondary Major and Minor Certification Plans for Grades 8-12
ETBU students desiring to teach at the secondary school level (grades 8-12) must choose one (1) of the three (3) plans listed below. (The minimum GPA for all majors and minors is 2.75.)

PLAN I
This plan includes one (1) major and no minor. Students must select one (1) of the following majors:
- Mathematics (see Mathematics section)
- Science (see Biology and/or Chemistry section)
- Social Studies (see History section)
Note: See departments for specific course requirements for the major and minor.

PLAN II
This plan requires two (2) academic fields which correspond to certification tests and fields. Students must choose a major and a minor from the following:

Majors
- English (see English section)
- History (see History section)
- Mathematics (see Mathematics section)
- Speech Communication (see Speech Communication section)

Minors
- English (see English section)
- History (see History section)
- Mathematics (see Mathematics section)
- Speech Communication (see Speech Communication section)
Note: See departments for specific course requirements for the major and minor.

PLAN III
This plan requires one (1) major for certification purposes and a minor from any available non-teacher education minor offered by ETBU. (Some departmental minors are not available.)

Majors
- English (see English section)
- History (see History section)
- Mathematics (see Mathematics section)
- Speech Communication (see Speech Communication section)
Note: See departments for specific course requirements for the major and minor.

AVAILABLE MAJORS IN ALL-LEVEL EDUCATION
This plan is limited to one (1) Academic Teaching Field offered by ETBU and prepares students to teach in grades EC-12. The minimum GPA for the Academic Teaching Field is 2.75.
Select one (1) from the following approved teaching fields:

Majors
- Kinesiology (Physical Education - see Kinesiology section)
- Music (Bachelor of Music only - see Music section)
- Spanish (see Spanish section)
- Theatre Arts (see Theatre Arts section)
SPECIAL EDUCATION SUPPLEMENTAL CERTIFICATION

Students desiring to add a special education supplemental certification to their primary area of certification must take three additional courses. Students will be eligible to take the TExES supplemental special education certification exam if they attain a grade of B or higher in each course.

EDUC 3353 Special Education
EDUC 3354 Mild/Moderate Disabilities
EDUC 3355 Severe/Profound Disabilities
The Department of Theatre Arts seeks to prepare students to effectively engage in the professional and/or educational arena from a grounded Christian worldview or to pursue graduate theatre studies. Students have the opportunity to perform a wide variety of acting styles in various venues and/or work as designers, technicians, and in theatre management. Students will study and apply the practical knowledge of the theatre’s historical and theoretical heritage; those pursuing the BSE degree will master the necessary knowledge and skills as outlined in TEKS for all-level education students. The Department further seeks to provide each student with an opportunity to experience theatre in an international setting, as well as further the reputation and the image of the institution through the presentation of high quality performances both on campus and off. By also taking courses in English, History, Religion, Math, and others, the theatre major's liberal arts education will help prepare them for success in a variety of theatre related professions.

Students completing a baccalaureate program in theatre arts will:

1. Demonstrate an understanding of theatre history, theatre criticism, the body of theory and methods leading theatre to its present form in contemporary society.
2. Demonstrate an understanding of specific practical assignments in the areas of performance, technical theatre production, theatre design, and theatre administration.

The Department offers students the following programs of study: (a) a major or minor in theatre arts, (b) a major in theatre arts with a design and technical concentration, (c) a major in theatre arts with a performance concentration, and (d) a major in theatre arts education with all-level certification.

Total: Minimum one hundred twenty-two (122) semester hours

AVAILABLE MAJOR

All-Level Theatre Arts Major Requirements

Completion of thirty-six (36) semester hours:
- THEA 1100 Theatre Production/Workshop (3 semesters required)
- THEA 3100 Advanced Theatre Production/Workshop (2 semesters required)
- THEA 1351 Beginning Acting
- THEA 2321 Stagecraft I: Scenery and Properties
- THEA 2322 Stagecraft II: Lighting and Sound
- THEA 2323 Stagecraft III: Costumes and Make-Up
- THEA 2315 Script Analysis
- THEA 3302 Christianity and Theatre
- THEA 4300 Teaching Theatre in Public Schools
- THEA 3362 Directing I
- THEA 4101 Studio Lab
- THEA 4311 Theatre History I
- THEA 4312 Theatre History II

MINOR

Theatre Arts Minor Requirements

Eighteen (18) semester hours:
- THEA 1100 Production Workshop (3 semesters required)
- THEA 1351 Beginning Acting
- THEA 3362 Directing I
- Three (3) hours from the following:
  - THEA 2321 Stagecraft I: Scenery & Properties
  - THEA 2322 Stagecraft II: Lighting & Sound
  - THEA 2323 Stagecraft III: Costumes and Make-Up
- Six (6) additional hours from Theatre Arts, three (3) of which must be upper level hours.
UNIVERSITY STUDIES

UNIVERSITY STUDIES MAJOR

University studies is a general liberal arts education. Rather than focusing in one specific area, this degree is a broad-based education in which students study a variety of different subjects in order to gain a better working knowledge of the world around them.

The University studies education prepares students for a lifetime of opportunities and changes. University studies major is available on a BA, BS, or BAS degree and is designed for:

1. Students who wish to attend ETBU yet aspire to a career for which ETBU does not offer a specific major.
2. Students who have accumulated hours at various other institutions who desire a BA, BS or BAS degree
3. Students who encounter a major hurdle(s) in a specific major and wish to graduate in order to secure work as a college graduate
4. Students whose vocational/career goals require a general bachelor's degree rather than a specific major

Portfolio credit is optional on the BAS. Portfolio credit can be used to satisfy degree requirements. If the Portfolio option is selected, the student must enroll in GSTU 3100 as part of the preparation of this portfolio.

Students selecting the university studies major do not have a minor. (Students seeking the Bachelor of Applied Science with a major in university studies may elect to choose a twelve (12) upper-level credit hour concentration with the permission of the academic advisor and the appropriate academic school dean. All courses in the concentration must be completed with a grade of C or higher.)

ADMINISTRATIVE ASSISTANCE
Requests for appeals and/or substitutions should be directed to the Dean of the School of Business. Students declaring their major as university studies must meet with their assigned advisor and develop a specific plan of study which incorporates their educational and vocational goals.
The number in parenthesis following the course title indicates the total number of semester hours of credit awarded.

ACCOUNTING

ACCT 2301 Principles of Financial Accounting (3)
This course presents an introduction to the principles and procedures of financial accounting with emphasis placed on the measurement, recording, and preparation of general-purpose financial reports for profit-oriented organizations based on generally accepted accounting principles.

ACCT 2302 Principles of Managerial Accounting (3)
This course presents an introduction to the principles and procedures of accounting that apply primarily to the accumulation and reporting of accounting information for internal management decision making and control in profit-oriented organizations. Prerequisite: ACCT 2301.

ACCT 3210 Practical Management Accounting (2)
This course presents an overview of practical accounting practices as they relate to individuals, non-profitable organizations, and religious or charitable organizations, with an emphasis placed on budgeting, taxation, social security issues, financial software, and bookkeeping activities. Those students majoring in business may not take this course for credit.

ACCT 3332 Accounting Information Systems (3)
This course deals with the development and use of modern accounting information systems. Emphasis is placed on the use of computerized procedures, including microcomputer applications. Prerequisite: ACCT 2302.

ACCT 3335 Intermediate Accounting I (3)
This course presents an in-depth study of the theory, principles, and procedures of the measurement, recording, and reporting of financial accounting information according to generally accepted accounting principles. Prerequisite: ACCT 2302.

ACCT 3336 Intermediate Accounting II (3)
This course is a continuation of the in-depth study of the theory, principles, and procedures of the measurement, recording, and reporting of financial accounting information according to generally accepted accounting principles. Prerequisite: ACCT 3335.

ACCT 3337 Cost Accounting (3)
This course presents a study of the principles and procedures pertaining to the accumulation and utilization of cost data for financial reporting purposes and by management for making internal decisions and controlling operations. Some of the topics covered are cost terminology and classifications, analysis of cost behavior, cost systems and accumulation procedures, standard costs, cost-volume-profit relationships, and relevant costs for decision making. Prerequisite: ACCT 2302.

ACCT 4331 Federal Taxation (3)
This course covers the federal income taxation of individuals and the preparation of individual federal income tax returns. Prerequisite: ACCT 2302.

ACCT 4332 Fraud Examination and Forensic Accounting (3)
This course will present both proactive and reactive fraud examination and forensic accounting principles. Specific issues to be covered will include the audit committee, fraud liability, investigation, decision models, prevention, detection and reporting of fraud. Prerequisites: ACCT 2302.

ACCT 4333 Auditing (3)
The principles, standards, and procedures of auditing are covered in this course. Auditing techniques, internal controls, and reports are emphasized. Prerequisite: ACCT 3335.

ACCT 4335 Advanced Accounting (3)
This course covers the principles and techniques of consolidation, partnership accounting, and
accounting for international transaction. Emphasis is placed on the procedures of preparing consolidated financial statements. Prerequisite: ACCT 3336.

**ACCT 4338 Governmental and Not-for-Profit Accounting (3)**
This course deals with the principles and practices that apply to fund accounting used by governmental units and not-for-profit organizations. Some of the topics covered are revenues, expenditures, appropriations, tax levies, budgets, special funds, and financial reports. Prerequisite: ACCT 2302.

**ACCT 4340 Accounting Theory (3)**
This course covers theory of accounting with emphasis on the development of standards, account pricing, and financial reporting. Prerequisite: ACCT 3335.

**ACCT 4350 Internship (3)**
This course is designed to utilize a student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the School of Business where the firm will monitor the student's work performance and report this performance to the School of Business who will assign a grade. The course may be repeated for credit. Prerequisites: Junior level standing with consent of the dean.

**ART**

**ARTS 1301 Creative Arts in the Elementary School Curriculum (3)**
This course presents a study of the history, organization, evaluation, and function of the creative arts in elementary curriculum. Opportunity is provided for the student to work with the various materials and equipment suitable for classroom use. This course is for Elementary Education Majors. It is strongly recommended that EDUC 3301 be completed prior to taking this course.

**ARTS 1302 Fundamentals of Art (3)**
A general course in the fundamentals of art offers creative activities in drawing, design, color, and related experiences.

**BIOLOGY**

**BIOL 1322 Nutrition (3)**
This course is a study of food, kinds and functions; body processes; and diets in health and disease. Prerequisite: Four (4) semester hours of chemistry.

**BIOL 1406 General Biology I (4)**
This is an introductory course designed for biology majors and minors. Topics include the history and philosophy of biology, chemical concepts of life, the cell, genetics, and the origin and development of life on earth. This course includes a two-hour laboratory per week.

**BIOL 1407 General Biology II (4)**
This course is a continuation of BIOL 1406. Topics include plant form and function, animal form and function, and ecology. This course includes a two-hour laboratory per week. Prerequisite: BIOL1406.

**BIOL 1410 Human Health and Disease (4)**
Normal and abnormal body function will be explored using simplified models, flowcharts, classifications and descriptions. Diseases will be surveyed by system, including, where possible, diseases of interest to the students. Students will be exposed to concepts of various basic medical sciences and the scientific bases of disease treatment and prevention. The course is for students wishing to explore biomedical and health sciences. It does not count towards a major or minor in biology. The course includes a two-hour laboratory per week.

**BIOL 1421 Fundamentals of Anatomy and Physiology I (4) (Same as NURS 1421)**
The course is a study of the integumentary, skeletal, muscular, nervous, and endocrine systems in humans. The course is designed for nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week.
BIOL 1422 Fundamentals of Anatomy and Physiology II (4) (Same as NURS 1422)
The course is study of the circulatory, immune, respiratory, digestive, urinary, and reproductive systems in humans. The course is designed for nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week. Prerequisite: BIOL/NURS 1421.

BIOL 2302 Medical Terminology and Health Occupations (3)
This course consists of a study of the health fields and the basic structure of medical words including prefixes, suffixes, roots, combining forms and plurals; pronunciation, spelling, and definition of medical terms; emphasis on building a professional vocabulary required for working in the medical field; and a study of the health occupations.

BIOL 2305 Introduction to Research Methods (3)
This course is an introduction to the principles of research in the biological sciences. The course will give the student a foundation in the philosophy of science, the scientific method, data analysis, and report writing. Students will be required to conduct a literature review of a research topic and write a proposal to conduct research on the topic. CHEM 1312, CHEM 1112, and MATH 1342 strongly recommended. Prerequisite: BIOL 1407.

BIOL 2320 Fundamentals of Pathophysiology (3) (Same as NURS 2320)
Principles of pathophysiology and nutrition are examined in relation to disease and wellness states. Effects of abnormal function are discussed using critical thinking, case studies, and simulations. Prerequisite: Concurrent enrollment in NURS 3311.

BIOL 2401 Human Anatomy and Physiology I (4)
This course emphasizes the integration of structure and function of the integumentary, skeletal, muscle, nervous, and endocrine systems. The course includes a three-hour laboratory per week. Included in the laboratory is the gross anatomy of the human skeleton, cat, sheep brain, and cow eye and the microscopic anatomy of each system. Experiments are performed to demonstrate muscular physiology, human reflex physiology, sensory physiology, and hormonal actions. This is a course for biology or closely related majors. Prerequisite: BIOL 1407 or BIOL 1322.

BIOL 2402 Human Anatomy and Physiology II (4)
This course is a continuation of BIOL 2401 with emphasis on the integration of structure and function of the cardiovascular, respiratory, digestive, urinary, and reproductive systems. The course includes a three-hour laboratory per week. Laboratory exercises include dissection of the cat, mammalian heart, and mature pig lungs. Microscopic anatomy of each of the systems is included. Experiments are performed to demonstrate cardiovascular physiology, blood pressure, digestive physiology, urinalysis, gametogenesis, and the principles of human genetics. Prerequisite: BIOL 2401.

BIOL 2406 Environmental Issues (4)
This is an overview of how man relates to the environment. Topics include ecology, energy, populations, natural resources, and pollution. The course includes a two-hour laboratory per week.

BIOL 2421 Fundamentals of Microbiology (4) (Same as NURS 2421)
This course is a study of microorganisms especially those that cause human disease. Topics covered are basic microbiology principles; viral, bacterial, and fungal diseases; how the body responds to infections; and antimicrobial treatments. The course is designed for nursing majors and non-science majors. The course will not count toward a biology major or minor. It includes a two-hour laboratory per week. Prerequisites: four (4) hours in general chemistry; four (4) hours in human anatomy and physiology.

BIOL 3100-3600 Field Course (1-6)
Courses will be designed which will involve lectures, discussion and collecting trips, short oral and written examinations, and summary reports in biological areas which are not available on the campus. Prerequisites: Four (4) semester hours of biology and permission of the instructor.
BIOL 3402 Field Zoology (4)  
This course is an advanced zoology course which emphasizes the principles of zoology. Topics include a survey of the animal kingdom as well as the study of animal structure and function, and animal ecology. Emphasis will be placed on the native animals of East Texas. It includes a three-hour laboratory per week. Prerequisite: BIOL 1407.

BIOL 3403 Pathophysiology (4)  
This course emphasizes the etiology, pathogenesis, clinical manifestations, and treatment of human disorders and diseases. The laboratory will be the study of the microscopic structure of normal and diseased human tissues. The course includes a three-hour laboratory per week. Prerequisite: BIOL 1407.

BIOL 3410 Field Botany (4)  
This is an advanced botany course with an emphasis on the plant species and communities of East Texas. Topics include an overview of plant taxonomy, a survey of native East Texas plants, and an analysis of East Texas plant communities. This course includes a three-hour laboratory per week. Prerequisite: BIOL 1407.

BIOL 3452 Microbiology (4)  
This course includes a study of prevalence, morphology, physiology, taxonomy, and importance of microorganisms. The course includes a three-hour laboratory per week. Prerequisites: BIOL 1407, CHEM 1312, and CHEM 1112.

BIOL 4151-4451 Internship (1-4)  
This course involves working either on campus or off campus with the objective of integrating classroom experiences into the work setting. No more than four hours can be earned in this internship and be applied to the major or minor. This course is offered during any semester, but arrangements with the Department of Biology must be made during the prior semester. Prerequisites: 16 hours in biology and junior or senior standing.

BIOL 4167 Biochemistry Techniques (1) (Same as CHEM 4167)  
The course is cross-listed as CHEM 4167. See the Chemistry listing.

BIOL 4301 Cell Biology (3)  
Study of the principles of cell biology is emphasized. Topics will include cell membranes, cell organelle structure and function, energy flow and metabolism. Prerequisites: BIOL 1407, CHEM 1312, and CHEM 1112.

BIOL 4302 Immunology (3)  
This course is the study of the structure and function of antigens and antibodies, nature of immune responses, immunological diseases, and immunological methods. Prerequisite: BIOL 3452.

BIOL 4304 Toxicology (3)  
This course is the study of the effect of poisons on living organisms. Topics include toxicology principles, the effect of toxic agents on human body systems, and the chemistry of toxic agents. Prerequisites: BIOL 1407, CHEM 1312, and CHEM 1112.

BIOL 4305 Molecular Genetics (3)  
This course is an advanced genetics course which emphasizes the principles of molecular genetics. Topics include an in depth analysis of DNA structure and function, the molecular tools of DNA analysis, the methods used in DNA technology, nuclear and mitochondrial DNA analysis and diagnosis. Emphasis will be placed on the criminal and medical forensics. Prerequisite: BIOL 4403.

BIOL 4367 Biochemistry (3) (Same as CHEM 4367)  
The course is cross-listed as CHEM 4367. See the Chemistry listing.

BIOL 4403 Genetics (4)  
This course is a thorough study of classical, population, and molecular genetics. Genetics as it relates to bacteria, plants, and humans will be discussed. This course includes a three-hour labora-
Course Descriptions

tory per week. Experiments are conducted to demonstrate genetic principles. Prerequisite: BIOL 1407.

BIOL 4405 General Ecology (4)
This is a course in general ecology. Topics include the physical environment, energy, population ecology, community ecology, ecosystems, and systems ecology. This course includes a three-hour laboratory per week. Prerequisite: BIOL 1407.

BUSINESS ADMINISTRATION

BUAD 1305 Business Software Applications (3)
This course will utilize PCs for users to demonstrate a basic understanding of major business software applications. Prerequisite: Basic computer literacy is required.

BUAD 3327 Business Law (3)
This course includes a study of the general principles of law as applied to business transactions: contracts, agency, negotiable instruments, business organizations, trusts and estates, and government regulations.

BUAD 3328 Business Legal Environment (3)
This course includes a study of the general principles of law as applied to business transactions: sales, negligence, torts, unincorporated business associations, corporations, debtor and creditor relations, and property.

BUAD 3362 International Business (3)
This course is intended to introduce students to the fundamentals of international business and globalization. The course includes the study of the global environment, international trade and finance, and global operations. Prerequisite: Junior or Senior standing.

BUAD 3366 Business Research Methods (3)
This course builds upon concepts and techniques introduced in the prerequisite math courses to identify and locate data sources, consider ways to gather primary and secondary data, perform analysis using appropriate statistical techniques, effectively interpret and present findings, and solve specific business problems. The focus is on essential tools for the investigation of business phenomena where chance variation is a factor. The design of experiments, sampling, measuring, prediction, and causation are among the topics discussed. Use of statistical software such as SPSS, Minitab, or Excel is included. Prerequisites: MATH 1342 and MATH 2313.

BUAD 3367 Business and Accounting Ethics (3)
The integration of ethical reasoning, objectivity, independence and other business core values are studied. Students will study the critical analysis of ethical lapses which have occurred in business and the accounting profession by exploring ways to integrate ethical behavior into professional life. The course will include an overview of ethics from a philosophical viewpoint in addition to the specific discussion of codes of conduct, SEC requirements, and the Sarbanes-Oxley Act of 2002.

BUAD 4305 Entrepreneurship and Small Business (3)
This course is designed for the student to explore the potential of being a successful entrepreneur and introduce the student to the processes for creating a potentially successful business plan. This course also covers concepts, processes, and techniques for managing a small business. Students will explore marketing for small business, identification of a product and/or service potential, advertising plans, marketing strategy and budgeting, determining store location, purchasing procedures, and inventory control. This course will include a practical application of basic financial management principles that apply to entrepreneurs such as maintaining proper financial records to make budgetary decisions related to cash and financing needs, pricing of products or services, the payment of taxes and loans, and determining profitability to help one become a successful entrepreneur. Prerequisites: ACCT 2302, MGMT 2350, and MKTG 2324.

BUAD 4352 Business Policy (3)
This capstone course for business majors focuses on the formulation, implementation, and evalu-
oration of business strategy for contemporary business. Students will integrate their knowledge from various business disciplines (accounting, computer science, economics, finance, management, and marketing), as they develop their critical thinking, analytic, and presentation skills. Prerequisites: ACCT 2302, ECON 2302, FINA 3344, MGMT 2350, MKTG 2324, SPCH 1311, and senior standing. (Capstone course must be taken at ETBU).

COALITION FOR CHRISTIAN COLLEGES AND UNIVERSITIES

CCCU XX8X Title for CCCU Course Content
This course documents specific areas of study for students participating in Coalition for Christian Colleges and Universities Semester Study Programs. Specific course title is determined by the Dean in consultation with the student's academic advisor and the CCCU Study Coordinator.

CHEMISTRY

CHEM 1105 Chemical Concepts Laboratory (1)
This course is an introduction to the methods and techniques of measurement, observation, and reporting of physical and chemical data. Emphasis will be placed on chemical reactions encountered in daily life.

CHEM 1111 General Chemistry I Laboratory (1)
This course is an introduction to methods and techniques of chemical experimentation, observation, and measurement of physical and chemical properties. Prerequisite: Registration in or completion of CHEM 1311.

CHEM 1112 General Chemistry II Laboratory (1)
This course is a study of the qualitative and quantitative aspects of inorganic chemistry with an emphasis on equilibrium and kinetic theory. Prerequisites: CHEM 1311 and CHEM 1111.

CHEM 1305 Chemical Concepts (3)
This one semester course is designed to meet the chemistry requirement for students pursuing a nursing major or a major in the Department of Kinesiology and together with CHEM 1105, satisfies the university general education requirement for laboratory science. The course presents the essentials of the basic laws, theories and concepts of chemistry; the types of chemical reactions; and an overview of inorganic, organic, and biochemical compounds.

CHEM 1311 General Chemistry (3)
This is an introductory course designed for chemistry majors and minors. The course is a study of the general principles governing chemical and physical change. Emphasis is placed on atomic and molecular structure, formulas, equations, periodicity, solutions, and physical states. Special emphasis is placed on stoichiometric calculations.

CHEM 1312 General Chemistry II (3)
This course is a continuation of CHEM 1311 and is a study of chemical equilibrium, kinetics, thermodynamics, chemical families, and elementary principles of inorganic analysis. Prerequisites: CHEM 1311 and CHEM 1111.

CHEM 3103 General Organic Chemistry I Laboratory (1)
This course is an introduction to the techniques used in organic chemistry with emphasis on the separation and purification of organic compounds. Emphasis is placed on preparation, properties, and reactions of organic compounds. Prerequisites: CHEM 1312 and CHEM 1112.

CHEM 3104 General Organic Chemistry II Laboratory (1)
This course is a continuation of Chemistry 3103 with the addition of interpretation of spectra in the classification and identification of compounds. Prerequisites: CHEM 3303 and CHEM 3103.

CHEM 3105 Quantitative Analysis Laboratory (1)
This course is a study of selected experiments in quantitative analysis designed to typify classical volumetric and gravimetric methods. Prerequisite: Enrollment in or completion of CHEM 3305.
CHEM 3106 Instrumental Analysis Laboratory (1)
This course is an introduction to the use of instruments in chemical analysis. Prerequisites: CHEM 1312 and PHYS 1402.

CHEM 3303 General Organic Chemistry I (3)
This course is a study of structure, nomenclature, preparation, and reactions of hydrocarbons. Prerequisite: CHEM 1312.

CHEM 3304 General Organic Chemistry II (3)
This course is a study of the specialized functional groups of organic compounds with an emphasis on structure, mechanisms, and synthesis. Prerequisite: CHEM 3303.

CHEM 3305 Quantitative Analysis (3)
This course is a review of the classical volumetric and gravimetric methods of analysis with emphasis on the theory and calculations of quantitative analysis. Prerequisites: CHEM 1312 and CHEM 1112.

CHEM 3306 Instrumental Analysis (3)
This course is a study of instrumental methods of analysis including optical, electrometric, and chromatographic techniques with emphasis on the theory, design, and applications of the various instruments. Prerequisites: CHEM 1312, CHEM 1112 and PHYS 1402.

CHEM 4101 Chemical Literature (1)
This course is a study of the published sources of chemical information, the location of information, literature search methods, and organization of information. The course also includes a review of the various fields of chemistry followed by an examination of general chemical knowledge. Prerequisite: CHEM 4301.

CHEM 4103 Physical Chemistry I Laboratory (1)
The student will perform experiments in the areas of thermodynamics, electrochemistry, equilibria, and kinetics. Prerequisite: Enrollment in or completion of CHEM 4301.

CHEM 4104 Physical Chemistry II Laboratory (1)
This course is a continuation of Chemistry 4103. Prerequisites: CHEM 4301 and CHEM 4103.

CHEM 4167 Biochemistry Techniques (1) (Same as Biology 4167)
Theory and practice of common biochemical techniques including: photometry, centrifugation, chromatography, electrophoresis, immunodiffusion, biochemical reaction kinetics, membrane preparations, cellular studies, and other topics. Emphasis is on attaining technical competence. A student research project that applies techniques learned in the course is required. Prerequisites: CHEM 3304/3104 and registration in or completion of CHEM 4367.

CHEM 4200 Forensic Chemistry Laboratory (2)
The course is a study of the application of the theory and practice of instrumental chemical analysis to the field of forensics. Analytical techniques that will be studied include atomic absorption, ultraviolet-visible, and infrared spectroscopic methods, and gas chromatography and mass spectroscopy methods of analysis. Prerequisites: CHEM 3305 and CHEM 3105.

CHEM 4301 Physical Chemistry I (3)
This course is an introduction to chemical thermodynamics and kinetics. Topics include laws of thermodynamics, phase equilibrium, nonideal solutions and reaction rates. Prerequisites: CHEM 1312, MATH 2301, and PHYS 1402.

CHEM 4302 Physical Chemistry II (3)
This course is a continuation of Chemistry 4301. Topics include chemical electrochemistry and quantum mechanics with applications to problems in chemistry. Prerequisite: CHEM 4301.

CHEM 4308 Advanced Inorganic Chemistry (3)
This course is an intensive study of the principles of inorganic chemistry including atomic structure, nomenclature, chemical bonding, thermodynamics and reactivity, stereochemistry, acid and
base theory, and coordination compounds. Prerequisite: CHEM 1312.

**CHEM 4367 Biochemistry (3) (Same as Biology 4367)**
This course is a study of the chemical constitution and chemical changes of living matter, metabolism, and energy transfer. Prerequisite: CHEM 3304.

## COMMUNICATION

**COMM 1303 Journalism I (3)**
A course designed to provide practical knowledge and experience in news gathering, news writing, and editing for the print media, particularly newspapers and magazines. Special attention is given to basic writing skills for reporting, interviewing, and feature writing.

**COMM 1307 Introduction to Mass Communication (3)**
This course acquaints students with the theory, practice, policies, and techniques of the print and broadcast media. Special attention is given to analyzing media effects on thinking and culture.

**COMM 2315 Journalism II (3)**
This course is designed to teach advanced skills in reporting, interviewing and hard news writing. The instructor will critique, edit and evaluate students’ work intensively. This course builds on the skills learned in COMM 1303. Attention will be given to in-depth reporting, developing sources, covering beats, and inclusiveness in reporting.

**COMM 2318 Digital Photography (3)**
This course teaches fundamental photography skills including composition, digital imagery, scanning, photo manipulation, photo enhancement, creating composites and printing. Students will use Photoshop to prepare both conventional and digital photographs for publication in both the print media and for the Web. Emphasis is placed on the importance and use of digital photography in today’s media. Students will compile portfolios for final presentation and exhibit.

**COMM 2339 Mass Media Writing (3)**
Fundamental principles of information gathering, writing, editing and reporting. Students will be given practical assignments to perfect their knowledge and skills in various areas of mass communication. This course will include a number of written exercises.

**COMM 2400 Radio Broadcasting (4)**
Instruction in the concepts and skills necessary to operate a modern radio station. Principles of sound recording, editing, on-air announcing, and programming will be examined. In addition, contemporary radio station management practices will be reviewed. The course requires both classroom instruction and lab work at the campus radio station.

**COMM 3300 Research Methods in Communication (3) (Same as SPCH 3300)**
This course introduces students to the methods of research used in the field of communication. Emphasis will be placed on topic development, using the scholarly literature of the field, writing the literature review, research design, and APA style. Prerequisite: ENGL 1302.

**COMM 3307 Mass Communication Law and Ethics (3)**
A survey of media law and ethics and their relevance in the lives of consumers and producers of mass media messages. The course examines the history and development of mass media laws and regulations leading to an emphasis on current practice.

**COMM 3309 Graphic Design 1 (3)**
This is a basic introduction to various aspects of graphic design covering concepts, typography, composition, form, rendering, production and desktop publishing. Students will also be introduced to the concepts of digital photography, logo creation, advertisements, presentations, and using a scanner. In-class critiques will help to develop student’s problem solving and design development styles and skills. This course deals with a variety of graphic design topics.

**COMM 3321 Public Relations (3) (Same as SPCH 3321)**
The course is cross-listed as SPCH 3321. See the Speech listing.
COMM 3350 Broadcast News Reporting (3)
Principles and techniques involved in reporting, writing, and producing news for radio and television.

COMM 4300 Senior Seminar (3)
A capstone course that explores both current issues within mass communication and the preparedness of students completing their studies in mass communication.

COMM 4301 Mass Media and Society (3)
Students will learn how mass media theories are used to understand the media in today’s society. Students will view and critically analyze various mass media content for depth, accuracy, production methods, and aesthetic elements.

COMM 4350 Internship in Mass Communication (3)
This internship provides the student with an opportunity to receive practical work experience under faculty and professional supervision. Students will work as interns in some type of mass communication-related field, including but not limited to, the following: broadcasting, journalism, web design, and/or public relations. This course may be repeated once for elective credit with department chair approval.

COMPUTER SCIENCE

COSC 1302 Principles of Information Systems (3)
This course introduces the student to Information Systems as developed, managed and maintained in a typical business environment. This is the first course for MIS majors and minors. Topics include an overview of information systems in business organizations, hardware, software, telecommunications, networking, internet, electronic commerce, algorithm design, data representation, and programming languages.

COSC 1318 Computer Programming (3)
This course is an introduction to problem-solving using a high level programming language, Microsoft Visual C++. Computer organization design techniques, structured programming concepts, object-oriented programming, and algorithm development will be covered. Prerequisite: COSC 1302 or MATH 3300 (from ETBU for math majors).

COSC 2308 Personal Computer Operating Systems (3)
This is a study of the current popular operating systems found on personal computers. Topics covered will vary based on the particular operating systems being examined. Students will be given hands-on experience working with the systems software being studied. Prerequisite: COSC 1302.

COSC 2312 Web Authoring (3)
This course gives the student an introduction in planning, creating, designing, editing, implementing, and reviewing web sites using application software. Students will gain an understanding of web design and application software so that they can make strategic decisions in creating, critiquing, troubleshooting, and revising web pages. Introductory HTML will also be included. Basic computer literacy is required.

COSC 2328 Visual Basic Programming (3)
This course will provide training in computer programming using Visual Basic. Object-oriented programming as well as visual programming techniques will be emphasized. Prerequisite: COSC 1302 or MATH 3300.

COSC 3315 Computer Networking Applications (3)
This course gives the student an opportunity to design and implement a set of networking applications using both theoretical and practical knowledge as presented in class. Students will gain an understanding of practical usage of computer networks as used in day-to-day business activities worldwide. Prerequisite: Basic computer literacy is required.
COSC 3317 E-Commerce and Internet Applications (3)
This course is an overview of e-commerce and the Internet, which will allow students an opportunity to investigate and to learn about the Internet and its many uses in the business world. Prerequisite: Basic computer literacy is required.

COSC 3333 Computer Networking Infrastructure (3)
This course is a study of cabling and hardware components necessary to build and maintain a computer networking environment for small business. Special emphasis will be placed on personal computer hardware, hubs, switches; along with the Ethernet, wireless, and fiber optic cables. Prerequisite: Basic computer literacy is required.

COSC 4321 Information Systems Development (3)
This is a study of traditional, structured, and advanced concepts and techniques for the design and development of an information system. Special emphasis will be placed on the development of database systems using fourth generation tools. Prerequisites: Twelve (12) semester hours of computer science.

COSC 4325 Advanced Database Techniques (3)
This course gives students the opportunity to design and implement a database using a current Windows-based database management software package and its application language. Techniques for designing a database system are reviewed and put into practice on the term project. Prerequisite: COSC 4321.

COSC 4350 Internship (3)
This course is designed to utilize a student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the School of Business where the firm will monitor the student's work performance and report this performance to the School of Business who will assign a grade. This course may be repeated for credit. Prerequisites: Junior level standing with consent of the dean.

CRIMINAL JUSTICE

This course is a study of the juvenile justice process. Topics include specialized juvenile law, role of the juvenile law, role of the juvenile courts, role of police agencies, role of correctional agencies, and theories concerning delinquency. In addition, students will study the history, philosophy, organization, processes and functions of the juvenile justice systems in the United States and Texas.
Emphasis is placed on jurisdiction, treatment and juvenile court proceedings in juvenile justice decision-making. In addition, students will study child abuse and neglect and how the system is designed to deal with these serious issues. *Prerequisite: SOCI 1301, CJUS 1301, or consent of instructor.*

**CJUS 2313 Correctional Systems and Practices (3) (Same as SOCI 2313)**
This course examines the history of punishment and the evolution of correctional systems and practices in the United States. Consideration also will be given to the growth of community-based corrections as well as other intermediate-based sanctions that attempt to reduce prison populations. *Prerequisite: SOCI 3303 or CJUS 1301.*

**CJUS 2314 Police Systems and Procedures (3)**
This course is an introduction to the police profession. Topics include organization of law enforcement agencies, the police role in society, police operations, discretion, corruption, and current and emerging issues. *Prerequisite: CJUS 1301.*

**CJUS 2323 Legal Aspects of Law Enforcement (3)**
Police authority; responsibilities; constitutional constraints, laws of arrest, search, and seizure; police liability. *Prerequisite: CJUS 1301.*

**CJUS 3100 Survey of Forensic Science Laboratory (1) (Same as FORS 3100)**
The course is cross-listed as FORS 3100. See the Forensic Science listing.

**CJUS 3115 Crime Scene Investigation Laboratory (1) (Same as FORS 3115)**
The course is cross-listed as FORS 3115. See the Forensic Science listing.

**CJUS 3300 Survey of Forensic Science (3) (Same as FORS 3300)**
The course is cross-listed as FORS 3300. See the Forensic Science listing.

**CJUS 3303 Criminology (3) (Same as SOCI 3303)**
The course is cross-listed as SOCI 3303. See the Sociology listing.

**CJUS 3306 Violence and Victimization (3)**
This course examines the nature of violence in our society, including victimization by strangers, family members, and intimate partners. Both victimization theory and applied responses to victimization by the criminal justice system are reviewed. This course includes a study of situational factors and responses to victims, crime prevention and victim services programs, and victim-offender relationships.

**CJUS 3313 Drugs and Drug Policy (3) (same as PSYC 3313 and SOCI 3313)**
An examination of the physiological and psychological and behavioral effects of legal and illicit drugs; pattern and correlates of use; and theories of the causes of drug use. The course also provides a cross-national perspective on the regulation of drug use by examining and critiquing drug policies in terms of their goals, scope and effectiveness. *Prerequisite: PSYC 2301 or SOCI 1301.*

**CJUS 3314 Criminal Investigation (3) (Same as FORS 3314)**
The course is cross-listed as FORS 3314. See the Forensic Science listing.

**CJUS 3315 Crime Scene Investigation (3) (Same as FORS 3315)**
The course is cross-listed as FORS 3315. See the Forensic Science listing.

**CJUS 3316 Critical Incident Management (3)**
This course familiarizes students with the basic knowledge and skills to manage a variety of critical incidents faced by criminal justice administrators. Topics include types of critical incidents, decision making, leadership, risk management, tactical considerations, command post operations, and learning activities. *Prerequisite: CJUS 1301.*

**CJUS 3317 Restorative Justice (3)**
This course provides a thorough overview of the restorative justice system, emphasizing both its complex and controversial dimensions. It features a balanced approach to the subject, providing
students with discussions of definitional issues, public policy history in the United States, and a context of comparative ideology. The course presents the multiple theoretical roots of the restorative justice movement and subsequently explains the methods and practices in the field. Prerequisite: CJUS 1301 or consent of instructor.

**CJUS 3318 Probation and Parole (3)**
This course develops the history, philosophy and progress of adult and juvenile probation and parole in the United States. This course also examines the practices and association of probation and parole agencies with the judicial system. Prerequisite: CJUS 2313.

**CJUS 4301 Management of Criminal Justice Organizations (3)**
This course will examine the basic concepts of management and administration as applied to agencies in the criminal justice system. Emphasis will be placed on issues related to the effective management and administration of criminal justice agencies. Topics covered will include environmental influence; conflict, power, and ethical issues; motivation, leadership, and communication. The concept of the service quality approach will also be considered. Prerequisite: CJUS 1301.

**CJUS 4302 Community Policing (3)**
This course explores community oriented policing in the United States. Topics include defining community policing, history of community policing, police-public relationships, and the effects of community oriented policing on public opinion and crime. Prerequisite: CJUS 2314 or consent of instructor.

**CJUS 4303 Problem Oriented Policing (3)**
This course introduces students to the techniques and methods used in problem oriented policing. Problem oriented policing looks beyond the traditional, short-term solutions to crime by systematically developing and implementing long-term solutions that address the underlying problems that cause crime. Prerequisite: CJUS 2314 or consent of instructor.

**CJUS 4304 Correctional Counseling (3)**
This course focuses on the skills needed to provide basic correctional counseling services to incarcerated offenders and community corrections clients. Students will study underlying theoretical perspectives of correctional counseling and details of counseling and treatment processes. Prerequisite: CJUS 1301.

**CJUS 4350 Criminal Justice Internship (3)**
One semester of supervised service in a state, local, or federal criminal justice agency. In addition to field experience, students will learn to apply theoretical knowledge gained in the classroom to real world criminal justice practice. Open only to Criminal Justice majors who have completed at least 60 hours of course work and have no prior experience. Students must make application for the internship the semester prior to that in which it will be taken.

**CRIMINAL JUSTICE - LAW ENFORCEMENT**

**CJLE 2420 Texas Peace Officer Procedures (4)**
A study of the techniques and procedures used by police officers on patrol. Includes controlled substance identification, handling abnormal persons, traffic collision investigation, note-taking and report writing, vehicle operation, traffic direction, crowd control, and jail operations. Prerequisite: Completion of CJLE 2421 or concurrent enrollment in CJLE 2421.

**CJLE 2421 Texas Peace Officer Law (4)**
A study of laws that are directly related to police field work. Included are traffic, Penal Code, elements of crimes, the Family Code, Alcoholic Beverage Code, and Civil Liability. Prerequisites: Acceptance to the Texas Law Enforcement Concentration, CJUS 1301, CJUS 1306, CJUS 1311, CJUS 1313, and CJUS 2314 or approval of the Academic Alternative Licensing Eligibility Program training coordinator.

**CJLE 2522 Texas Peace Officer Skills (5)**
Demonstration and practice of the skills expected of a police officer. Includes patrol, driving, traf-
fic stops, Intoxicated Driver and Standardized Field Sobriety Testing, use of force, mechanics of arrest, firearms safety, emergency medical care. Prerequisite: Completion of CJLE 2420 and CJLE 2421 or concurrent enrollment in CJLE 2420 and CJLE 2421.

CJLE 3220 Texas Peace Officer Capstone (2)
Topics in this course address recently identified current events, skills, knowledge, and/or attitudes and behaviors that are components of the Texas Commission on Law Enforcement (TCLEOSE) learning objectives pertinent to a law enforcement career. Prerequisite: Completion of CJLE 2522 or concurrent enrollment in CJLE 2522.

ECONOMICS

ECON 2301 Macroeconomics (3)
Macroeconomics is the study of the theories and principles that guide the national economy. Emphasis is placed on the market system in a global economy.

ECON 2302 Microeconomics (3)
Microeconomics is the branch of economics that deals with individual economic agents such as consumers and producers.

ECON 2303 Introduction to Economics (3)
An introduction to the study of macroeconomics and microeconomics that guides the national economy, individual economic agents, market systems, global economics, consumers, and producers.

ECON 3343 Problems in Economics (3)

Prerequisite: This course is open to business and non-business majors who have attained junior standing.

EDUCATION

EDUC 3101 Integrating Technology in the Classroom (1)
This course will develop technology literacy skills for teaching. Students will demonstrate the use of technology in communicating, collaborating, and teaching. Knowledge and proficiencies needed to confidently incorporate existing and emerging educational technologies into candidates’ future classrooms will be taught. Emphasis will be on integrating technology applications to support content area teaching. Course content will be presented in a face-to-face one hour lab with an online website for support, tutorials, and assignments. Prerequisite: Completion of EDUC 3301 or concurrent enrollment in EDUC 3301.

EDUC 3102 Technology and the Curriculum (1)
This course will develop pre-service teachers’ understanding of effective technology integration as it relates to the content area curriculum established by the Texas Essential Knowledge and Skills for grades EC-6 and 4-8. Pre-service teachers will create a variety of technology enhanced teaching tools which demonstrate an in-depth understanding of instructional design for Elementary and Middle School classrooms. Course content will be presented in a face-to-face one hour lab with an online website for support, tutorials, and assignments. Prerequisites: Senior standing; completion of Literacy Block; and concurrent enrollment in the Curriculum Block.

EDUC 3252 Language Arts Practicum in the Elementary Schools (2)
This primary purpose of this practicum is to provide the pre-service teacher with the opportunity to relate the theories learned in the university classroom with the reality of the public school classroom. The pre-service teacher will actively take part in the Language Arts program in the public school classroom by participating in activities such as but not limited to working with students one-on-one, preparing materials, and presenting simple lessons. Students will be required to
complete a qualitative action research study as a result of their experiences in this practicum. This course is necessary to fulfill the State's requirements for field-based education programs. Prerequisites: Junior standing; completion of EDUC 3301, EDUC 3302, EDUC 3323, READ 3316; concurrent enrollment in READ 3317 READ 3318, READ 3364; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.

EDUC 3301 The Professional Teacher and Diverse Learners (3)
This course will give students an opportunity to explore the field of teaching by building a background that includes an historical overview, as well as current trends, legal issues, and professionalism, as they apply to teaching in the public schools. The present structure, organization, and management of local, state and national systems will be reviewed. In-depth study of diverse learners and the legislation and regulation of special needs students will also be included. Thirty (30) clock hours of on-site field experience is required. If concurrently enrolled in EDUC 3302, most General Education requirements must be completed prior to enrollment in order to meet the requirements for admission to the Teacher Education Program. Prerequisites: Sophomore standing and cumulative GPA of 2.75. Students are required to pass the THEA prior to or while enrolled in this course, and are required to successfully complete a criminal history check to determine suitability for public school placement for the required observation hours. THEA passing scores for ETBU are Reading (240), Math (240), and Writing (230).

EDUC 3302 Learning and Evaluation Theory (3)
This course will give attention to the following components: nature of learning, nature of teaching, tests, and measurement, and teaching in a multicultural classroom. Understanding dyslexia and related disorders as described in the Texas Education Code and the Texas Administrative Code, including screening, treatment, and 504 procedural safeguards are included in this course. Students should make application to the Teacher Education Program while enrolled in this course. If concurrently enrolled in EDUC 3301, most General Education requirements must be completed prior to enrollment and the THEA must be passed in order to meet the requirements for admission to the Teacher Education Program. Prerequisites: Sophomore standing, completion of or concurrent enrollment in EDUC 3301, and cumulative GPA 2.75.

EDUC 3304 The Integrated Curriculum for EC-8 (3)
This course will cover curriculum organization, planning, evaluation, and practical applications of instructional methods as they apply to the curriculum for early childhood through grade 8. An overall understanding of how all the curriculum areas relate to one another will be realized through thematic lesson and curriculum planning. Prerequisites: Senior standing; completion of Literacy Block; concurrent enrollment in READ 3305, SSCI 3307, EDUC 4252; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.

EDUC 3305 Visual Arts and Motor Skills in the Elementary Classroom (3)
This course is designed to help future elementary teachers develop the skills needed to help students learn in more nontraditional ways. Half of the semester will cover the applications of the visual arts in the elementary classroom. The other half of the semester will cover the development of motor skills and health related issues. Practical application by the classroom teacher to the elementary curriculum will be stressed. This course is designed to be taken by elementary education majors only. It is suggested that they have completed EDUC 3301 before taking this course. Prerequisite: Elementary Education Major.

EDUC 3323 Classroom Management and Effective Teaching Strategies (3)
Students will explore the research-based methods and strategies needed to foster a positive and organized learning environment with equity and excellence in diverse secondary, middle, and elementary classrooms. Students will examine what research says about classroom management, discipline and effective teaching strategies that help create a sense of community in the diverse classroom. Prerequisites: Completion of EDUC 3301 and EDUC 3302; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program. ELEMENTARY- This course is a prerequisite for all Elementary Literacy Block courses. SECONDARY- Should have junior standing, successful completed EDUC 3301 and EDUC 3302. ALL LEVEL- Should have
junior standing, successfully completed EDUC 3301 and EDUC 3302.

EDUC 3353 Special Education (3)
This course is an introductory survey of exceptional children covering categories of children with disabilities and those who are gifted and talented. This class will help students identify the characteristics, problems, and needs of the exceptional learner. Students will also be made aware of the public and private services available to the handicapped citizen.

EDUC 3354 Mild/Moderate Disabilities (3)
This course will review the principles of instruction for students with mild/moderate disabilities. Additionally, the course will examine the principles of behavior management for students with disabilities.

EDUC 3355 Severe/Profound Disabilities (3)
This course will review the methods of teaching students with severe and profound disabilities. Additionally, collaboration procedures with families, government agencies and transition planning for students as they transition to adulthood will be discussed.

EDUC 4252 Curriculum Practicum in the Elementary School (2)
This practicum is to be taken concurrently with the Curriculum Block to give students an opportunity to observe and apply the curriculum development theories learned in the university classroom in the public school classroom. Pre-service teachers will work with students one-on-one, prepare and teach lessons as well as participate in other classroom activities as directed by the classroom teacher. Students will also reflect on their classroom experiences in writing and in classroom discussions. Depending on their specialization, students will spend part of the semester in an elementary school and part of the semester in a middle school or junior high school. This course will also help students learn strategies, review and practice for the certification exam mandated by the State of Texas for teacher certification and is necessary to fulfill the State’s requirements for field-based education programs. A student must make 80 percent on appropriate practice exams to pass this course. Passing this course is a requirement for graduation with a B.S.E. degree. A student must be enrolled in the Curriculum Block to take this course the first time. Prerequisites: Senior standing; completion of EDUC 3301, EDUC 3323, EDUC 3303, READ 3316; completion of Literacy Block; cumulative, major/minor and professional development GPA of 2.75; concurrent enrollment in READ 3305, SSCI 3307, EDUC 3304; and admission to the Teacher Education Program.

EDUC 4257 Practicum for All-Level Pre-Service Teachers (2)
This practicum has been designed to provide students with an opportunity for practical application of information learned about teaching skills in the elementary and secondary schools. Students are assigned public school mentors in the elementary and secondary schools. Students will be assigned to an elementary school for a block of time and to the secondary school for a block of time. This course will also help students learn strategies and review and practice for the certification exam mandated by the State of Texas for teacher certification. A student must pass the appropriate practice exam with a score of 80 percent or higher to pass this course. Passing this course is a requirement for graduation with a B.S.E. degree. Prerequisites: Senior standing; completion of EDUC 3301, EDUC 3302, EDUC 3323; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.

EDUC 4258 Practicum and Certification Preparation for Secondary Teachers (2)
This practicum has been designed to provide students with an opportunity for practical application of information learned about teaching skills in the secondary school. Students are assigned public school mentors in their major and minor fields. This course will help students learn strategies, review, and practice for the certification exam mandated by the State of Texas for teacher certification and fulfill the State’s requirement for site-based education courses. A student must make 80 percent or higher on the appropriate practice exam to pass this course. Passing this course is a requirement for graduation with a B.S.E. degree. It is recommended that this course be taken the semester before student teaching if at all possible. Prerequisites: Senior standing; completion
of EDUC 3301, EDUC 3302, EDUC 3323; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.

EDUC 4309 Secondary Teaching Methods (3)
This course covers instructional methods for students in grades 8-12. The methods covered in this course include direct instruction, concept attainment, inductive and deductive teaching, reciprocal teaching, question answer relationship, synectics, web 2.0 technology integration and the use of anticipation guides. Special emphasis on the differentiation of instruction for learners with special needs and unique disciplinary literacy requirements are also discussed. Prerequisites: EDUC 3301 and 3302; cumulative, major/minor and professional development GPA of 2.75; and admission to the Teacher Education Program.

EDUC 4316 Student Teaching in Grades 4-8 (3)
Students are assigned to classrooms in the public schools all day for seven (7) weeks. Pre-service teachers will be given the opportunity to observe and teach in all areas covered in the classroom to which they are assigned. Seminar for pre-service teachers will be held one afternoon each week on the University campus. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. All paperwork necessary to complete the State certification process will be completed. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. Prerequisites: Completion of EDUC 3301, EDUC 3302, EDUC 3303, READ 3316; completion of Literacy and Curriculum Blocks; cumulative and professional development GPA of 2.75; major/minor GPA of 2.75; concurrent enrollment in EDUC 4317; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.

EDUC 4317 Student Teaching in EC-Grade 6 (3)
Students are assigned to classrooms in the public schools all day for seven (7) weeks. Pre-service teachers will be given the opportunity to observe and teach in all areas covered in the classroom to which they are assigned. Seminar for pre-service teachers will be held one afternoon each week on the University campus. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. All paperwork necessary to complete the State certification process will be completed. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. Prerequisites: Completion of EDUC 3301, EDUC 3302, READ 3316; cumulative and professional development GPA of 2.75; major/minor GPA of 2.75; concurrent enrollment in EDUC 4316; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.

EDUC 4318 Student Teaching in the Secondary School I (3)
Students are assigned to public school classrooms all day for seven (7) weeks in their major teaching field, during which time they observe their mentor teacher to become oriented to classroom procedures, and then begin to assume increasing responsibility for teaching the classes. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. Prerequisites: Completion of EDUC 3301, EDUC 3302; cumulative and professional development GPA of 2.75; major/minor GPA of 2.75; concurrent enrollment in EDUC 4320; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.

EDUC 4320 Student Teaching in the Secondary School II (3)
Students are assigned to public school classrooms all day for seven (7) weeks in their minor teaching field, during which time they observe their mentor teacher to become oriented to classroom procedures, and then begin to assume increasing responsibility for teaching the classes. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student...
teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. **Prerequisites: Completion of EDUC 3301, EDUC 3302; cumulative and professional development GPA of 2.75; major/minor GPA of 2.75; concurrent enrollment in EDUC 4318; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.**

**EDUC 4335 Student Teaching for All-Level, Elementary (3)**

Students are assigned to a public elementary school all day for seven (7) weeks. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. **Prerequisites: Completion of EDUC 3301, EDUC 3302, EDUC 3323; cumulative and professional development GPA of 2.75; major/minor GPA of 2.75; concurrent enrollment in EDUC 4335; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.**

**EDUC 4336 Student Teaching for All-Level, Secondary (3)**

Students are assigned to a public secondary school all day for seven (7) weeks. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. **Prerequisites: Completion of EDUC 3301, EDUC 3302, EDUC 3323; cumulative and professional development GPA of 2.75; major/minor GPA of 2.75; concurrent enrollment in EDUC 4335; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.**

**EDUC 4612 Student Teaching in the Elementary School (6)**

This course is designed specifically for students seeking an EC-6 Generalist certification. Students are assigned to classrooms in the public schools all day for fourteen (14) weeks. Seven (7) weeks in a lower elementary classroom and seven (7) weeks in an upper elementary classroom. The period of assignment is expected to provide extensive directed observation of all classroom activities and a generous period of teaching in all classes held during the time of their assignment. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. **Prerequisites: Cumulative and professional development GPA of 2.75; major GPA of 2.75; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.**

**EDUC 4616 Student Teaching in the Secondary School (6)**

This course is designed for secondary Plan I and III students. Students are assigned to the public school classroom all day for fourteen (14) weeks, divided into two seven (7) week sections during that time they observe their mentor teacher to become oriented to classroom procedure, and then begin to assume increasing responsibility for teaching the classes. One day each week all student teachers meet on the University campus for a one-hour seminar. Seminar is a required part of student teaching and all pre-service teachers are expected to attend. (Student teaching laboratory fee required). Students must attempt the required TExES exams applicable to certification prior to completion of student teaching. **Prerequisites: Cumulative and professional development GPA of 2.75; major GPA of 2.75; admission to the Student Teaching Level; and required to have a criminal history check to determine suitability for public school placement.**

GENERAL STUDIES

GSTU 1X88, 2X88, 3X88, 4X88 Experiential Learning in [specify block]
This course provides students in the B.A.S. degree a method to capture college credit for relevant non-academic experience. Such experience generally is work, military, or other documented learning experiences. GSTU 3100 guides the student through the portfolio process and must be completed before applying for portfolio credit. This is a variable credit course of one (1) to nine (9) hours at freshman, sophomore, junior, and/or senior level. There is an additional fee for portfolio credit.

GSTU 0101 International Student Orientation (1)
This course is an introduction to college life at East Texas Baptist University with specific emphasis on those unique needs of the international student. It is recommended for all initial international students as a one (1) hour, nondegree, nontransferable credit awarded on a pass/fail basis. It may be repeated once. **Prerequisite: International student status.**

GSTU 1100 University Success (1)
This course will introduce all first-time full-time freshmen scoring less than 18 on the ACT to the important elements of a college education. As a part of this course, students will learn the importance of understanding themselves, setting personal, academic, and career goals. The student will be introduced to the needed skills to be successful in college and life. Through various lectures, seminar discussions and planned activities the student will be introduced to the social, academic and behavioral skills required to adapt to and succeed in a university environment.
GSTU 1120 The Idea of a University (1)
This course will examine the ideal of a Christian liberal arts university education, looking at ways this ideal has been described, at the history of attempts to implement it, and at the way in which the University Scholars Program in particular and ETBU in general try to meet this ideal. Neither a history of education course, nor a philosophy course, “The Idea of the University” will draw from both disciplines to deepen students’ understanding of their own reasons for pursuing a Christian liberal arts education. The course will be required of University Scholars during their first two years of study. This course will substitute for LEAD 1111 for students admitted to the University Scholars Program. Prerequisite: Admittance to the University Scholars Program or instructor permission.

GSTU 3100 Introduction to Life/Work (1)
Emphasis is placed on planning, organizing, and documenting experimental learning received from various activities. Applied Studies candidates develop, as a project of the course, a prior learning portfolio to assess learning experience.

GSTU 3300 Chinese Culture and Language (3)
This course is an elective credit course designed to provide students with a basic understanding of China and its culture, and some basic speaking and writing skills in the Chinese language.

GSTU 4105 University Studies Capstone Seminar (1)
The purpose of the seminar course is to provide assessments and summary overviews for all prospective University Studies majors. Each class will address writing and speaking competencies. Students should be able to demonstrate effective communication ideas in reading, speaking and in writing of specific academic areas; demonstrate critical thinking, creative reasoning, and problem solving; and establish a framework for ethical thinking.

GEOGRAPHY

The course studies a topical area in the history of Christianity, and the topic will change each time the course is offered. The planned topics include Medieval Europe and the Church, the Reformation, a History of Revival, American Christianity, a History of Missions and Evangelism, and Modernity and the Church, 1648-1914. Other topics will be presented when suitable. Prerequisites: HIST 2321 and HIST 2322 or instructor consent.

**HIST 3361 American Constitutional Development I (3) (Same as POSC 3361)**
The course is cross-listed as POSC 3361. See the Political Science listing.

**HIST 3362 American Constitutional Development II (3) (Same as POSC 3362)**
The course is cross-listed as POSC 3362. See the Political Science listing.
HIST 3364 British Studies, 1714 to the Present (3) (Same as POSC 3364)
The course continues HIST 3303. It examines the history of Britain, the Isles and Empire beginning with the Hanoverian monarchy, considering social, economic and religious factors, and emphasizing constitutional developments affecting the monarchy and Parliament. Prerequisites: HIST 2321 and HIST 2322.

HIST 4102 Professional Review (1)
The course provides structure and guidance to students completing a BSE major or minor for teacher certification. The course provides assistance with review of subject area content, administration of practice examinations, and departmental evaluation of student learning outcomes.

HIST 4316 The American West (3)
The course will acquaint the student with the historical, economic, social, and political aspects of the American western frontier experience. Prerequisites: HIST 1301, HIST 1302, and HIST 3301.

HIST 4320 Senior Thesis (3)
Building on previous research experiences, the course will help students to refine their understanding and skills in research and writing. Working individually with a chosen professor, the student will complete an original historical work approximately 7,500 words in length. The course is repeatable without credit until completion. Prerequisites: HIST 3301 and at least fifteen (15) advanced semester hours in history, or instructor consent.

HIST 4331 Early Modern Europe (3)
The course considers European history from 1450 to 1815, with emphasis on the thematic political, cultural, and religious developments of the Renaissance, Reformation and Enlightenment periods, and the influence on western Europe of the revolutionary transition from the Ancien Regime to the Napoleonic Regime. Prerequisites: HIST 2321, HIST 2322, and junior standing.

HIST 4340 United States from 1815 to 1914 (3)
The course is an advanced survey of United States history from the Early National period through the beginning of the Progressive Era. This course will acquaint the student with the economic, social, and political development of the United States through sectional conflict, industrialization, and the increasing power and influence of the federal government.

HIST 4350 Internship (3)
The history internship gives the student supervised opportunities to apply classroom learning experiences in public and private institutions and agencies concerned with historical research, preservation, and education. The internship is developed formally between the department, the student, and the outside agency, involves face-to-face student application and negotiation, and must conform to a written, signed agreement that defines specific responsibilities, required hours, and the standards of the evaluation. The student must have a faculty supervisor and a site supervisor; all must communicate regularly throughout the internship. Prerequisites: Major or minor in history, junior or senior status, minimum of nine (9) advanced semester hours in history including HIST 3301, and written permission of the department chair or internship coordinator.

HIST 4361 Diplomatic History of the United States (3) (Same as POSC 4361)
This intensive survey examines the foreign policy and diplomatic relations of the United States from 1789 to the present. Prerequisites: HIST 1301, HIST 1302, and junior standing.

HIST 4363 Russian and Soviet Studies (3) (Same as POSC 4363)
It is a brief survey of the entire field of Russian history with emphasis on the period since the Revolution of 1917. Prerequisites: HIST 2321, HIST 2322, and junior standing.

HUMANITIES

HUMA 3399 Humanities Travel Study (3)
The course is an interdisciplinary travel-study option as an advanced elective, or as a substitution, in the humanities or other disciplines. Students with various majors take part in the same travel experi-
ence. The course provides a foundational, comparative, interdisciplinary study of the host country culture and the opportunity for integrative study in the student’s major or minor. Enrollment requires approval from the department chair and dean of the school hosting the student’s major or minor.

KINESIOLOGY

ACTIVITY COURSES FOR GENERAL EDUCATION REQUIREMENTS:

KINE 1103 Fall Team Sports (1)
Students will receive basic cognitive, affective and psychomotor skill instruction related to various sports and games normally enjoyed during the fall of the year. Emphasis will be on leisure, non-competitive enjoyment of the games and activities. If this course is repeated it will count for elective credit only.

KINE 1104 Spring Team Sports (1)
Students will receive basic cognitive, affective and psychomotor skill instruction related to various sports and games normally enjoyed during the spring of the year. Emphasis will be on leisure, non-competitive enjoyment of the games and activities. If this course is repeated it will count for elective credit only.

KINE 1106 Tennis (1)
Students will receive basic cognitive, affective and psychomotor skill instruction related to the game of tennis. If this course is repeated it will count for elective credit only.

KINE 1107 Golf (1)
Students will receive basic cognitive, affective, and psychomotor skill instruction related to the game of golf. See fee schedule. If this course is repeated it will count for elective credit only.

KINE 1108 Strength and Conditioning (1)
Students will receive basic cognitive, affective, and psychomotor skill instruction related to the design and implementation of a basic strength and conditioning program based on the individual’s level of fitness. Laboratory experiences in the fitness room of the Dean Healthplex are included. If this course is repeated it will count for elective credit only.

KINE 1109 Restricted Activities (1)
This course is designed to allow the medically excused student to participate in a program of exercise and movement specific to his / her abilities. After receiving a medical doctor’s written approval, each student will receive a personal fitness prescription. Laboratory work in the Dean Healthplex is required. This course may be repeated with permission of Department Chair.

KINE 1114 Aerobic Activities (1)
Students will receive basic cognitive, affective, and psychomotor skill instruction related to a program of aerobic exercise designed to improve one’s personal health-related fitness level. Step aerobics, low-level kickboxing, strength training utilizing resistance tubing and power walking are included. If this course is repeated it will count for elective credit only.

KINE 1115 Special Activities (1)
This course will be offered as needed to cover various special activity courses not currently offered by the University. If the course topic is repeated it will count for elective credit only.

KINE 1118 Bowling (1)
Students will receive basic cognitive, affective, and psychomotor skill instruction related to the game of bowling. See fee schedule. If this course is repeated it will count for elective credit only.

KINE 1120 Racquetball (1)
Students will receive basic cognitive, affective and psychomotor skill instruction related to the sport of racquetball. If this course is repeated it will count for elective credit only.

KINE 1123 Ropes Challenge Course (1)
Students will be introduced to and involved with the ropes challenge course. Students will develop an understanding of discovery or experiential education and an awareness of the use of the
challenge course tool through participation and activity. If this course is repeated it will count for elective credit only.

**KINE 1126 Beginning Running for Cardiorespiratory Endurance (1)**
The purpose of this course is for students to create and safely implement an effective lifetime cardiovascular exercise program that includes walking/jogging. The benefits of regular cardiorespiratory exercise will be emphasized, with the primary goal being the establishment of a lifelong exercise habit. If this course is repeated it will count for elective credit only.

**KINE 1127 Group Exercise (1)**
This course is designed to develop awareness of student fitness levels and the importance of participating in and leading group exercises. The primary goals of this course are to develop lifetime activity patterns that improve quality of life and to improve components of health-related physical fitness. If this course is repeated it will count for elective credit only.

**KINE 1128 Flexibility and Balance Exercise (1)**
This course is designed to introduce students to a variety of group exercise activities specifically selected to improve flexibility and balance. Emphasis will be placed on assessment and prescription of those specific fitness components. The primary goals of this course are to develop lifetime activity patterns that improve quality of life and to improve students' flexibility and balance. If this course is repeated it will count for elective credit only.

**KINE 1129 Cross Training (1)**
This course is designed to develop awareness of your level of fitness and the importance of participating in daily physical activity. Emphasis will be placed on assessment and prescription of fitness for the individual while participating in vigorous, challenging exercises designed around the concept of muscle confusion. The primary goals of this course are to develop lifetime activity patterns that improve quality of life and to improve components of health-related physical fitness. If this course is repeated it will count for elective credit only.

**KINE 1164 Lifetime Fitness (1)**
Students from the University's general population will receive basic cognitive, affective and psychomotor skill instruction necessary for a lifetime of physical activity related to health and wellness. The major components of health related physical fitness, including personal assessment, prescription and practice of physical activities designed for fitness, are emphasized. Laboratory experiences in the Dean Healthplex are included.

**KINE 1238 Lifetime Fitness, 2-hour (2)**
Students from the University's general population will receive basic cognitive, affective, and psychomotor skill instruction necessary for a lifetime of physical activity related to health and wellness. Throughout the first portion of the course, emphases will be placed upon personal assessment of the major components of health-related physical fitness and designing a non-sport-specific personal workout program to address individual goals based upon the fitness assessments. The second portion of the course will provide students with 8 to 10 weeks to execute the personal workout program, with the primary goal being the establishment of a lifelong exercise habit. Laboratory experiences in the Dean Healthplex are included. KINE 1238 is required for all University graduates as part of the general education activity requirement.

**COURSES FOR MAJORS AND MINORS:**

**KINE 1141 Basic Techniques in Athletic Training I (1)**
This course consists of directed practical experiences for working with athletes and the physically active population. First semester students will work toward mastery of specific competencies and proficiencies in the areas of Directed Clinical Experience, Athletic Training Clinic Operations, Administration, Acute Care of Injuries and Illnesses, and Risk Management. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. *Prerequisite: Signature of the ATEP Director.*
KINE 1142 Basic Techniques in Athletic Training II (1)  
This course consists of directed practical experiences for working with athletes and the physically active population. Second semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Pharmacology and Nutrition, Acute Care of Injuries and Illnesses, Taping, Wrapping, Bracing, and Padding, Risk Management, and Specific Injury Management. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. Prerequisite: KINE 1141.

KINE 1301 Introduction to Kinesiology (3)  
This survey course is designed to orient the prospective physical educator to the historical development of kinesiology from ancient through contemporary times. Sociological, physiological, and psychological principles and their application to the profession will be emphasized. This should be taken in the student’s first year of the major/minor.

KINE 1306 First Aid and Safety (3)  
This course is designed to help the student develop the knowledge necessary to be an effective first responder to accidents or injuries. CPR and First Aid certification is optional.

KINE 2141 Practicum in Athletic Training I (1)  
This course consists of directed practical experiences for working with athletes and the physically active population. Third semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Assessment and Evaluation, Basic Pharmacology and Nutrition, and Specific Injury Management for lower extremities. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. Prerequisite: KINE 1142.

KINE 2142 Practicum in Athletic Training II (1)  
This course consists of directed practical experiences for working with athletes and the physically active population. Fourth semester students will work toward mastery of specific competencies and proficiencies in the areas of Basic Assessment and Evaluation, and Specific Injury Management. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. Prerequisite: KINE 2141.

KINE 2301 Curriculum and Instruction in Physical Education (3)  
This course is designed to introduce the prospective physical educator to curriculum designs, including writing lesson plans and behavioral objectives, as well as various instructional strategies.

KINE 2302 General Medical Conditions in Exercise and Sport (3)  
This course is an introduction to practical knowledge of general medical conditions in exercise and sport settings. The course includes a study of the prevention, evaluation, and basic treatment of general medical conditions. Practical, hands-on lab experiences are included.

KINE 2303 Lifespan Motor Development (3)  
This course is designed to promote an understanding of human motor development from birth to death. The related aspects of the cognitive, affective, and psychomotor domains will be emphasized. The objectives for implementing developmentally appropriate physical education, physical fitness and sport programs will be stressed.

KINE 2307 Upper Extremity Injury Assessment in Athletic Training (3)  
This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific evaluation procedures for the upper extremities, head, face, and neck. Prerequisite: BIOL 1422 or BIOL 2402 with a grade of “C” or better.

KINE 2308 Lower Extremity Injury Assessment in Athletic Training (3)  
This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific evaluation procedures for the lower extremities, pelvis, and spine. Prerequisite: BIOL 1422 or BIOL 2402 with a grade of “C” or better.

KINE 2309 Teaching Grade K-5 Physical Education (3)  
This course is designed to give potential Physical Education instructors opportunities to expe-
rience teaching physical activities to individuals, small groups, and large groups. Students will prepare and teach lessons and workshops in instructor-selected activities. Teaching cues and biomechanical execution of fundamental motor skills will be emphasized in all activities. Emphasis will be given to the physical, social, and psychological development of students during grades K-5.

KINE 2310 Teaching Grade 6-12 Physical Education (3)
This course is designed to give potential Physical Education instructors opportunities to experience teaching physical activities to individuals, small groups, and large groups. Students will prepare and teach lessons and workshops in instructor-selected activities. Teaching cues and biomechanical execution of fundamental motor skills will be emphasized in all activities. Emphasis will be given to the physical, social, and psychological development of students during grades 6-12.

KINE 3107 Kinesiology Internship, 1-hour (1)
The course involves working either on-campus or off-campus with the objective of integrating classroom experiences into the work setting. Up to six total hours can be earned in these internships, with a maximum of three hours taken per academic term. The courses are offered during any session, but arrangements with the Department of Kinesiology must be made by the conclusion of the prior semester. Approval for the internship, its length (credit hours) and its subject matter are at the discretion of the assigned instructor. Fifty (50) clock hours are required to receive 1 hour of internship credit. Prerequisites: 12 hours in KINE courses (not counting activity courses), junior or senior standing, and permission of instructor.

KINE 3141 Practicum in Athletic Training III (1)
This course consists of directed practical experiences for working with athletes and the physically active population. Fifth semester students will work toward mastery of specific competencies and proficiencies in the area of Therapeutic Exercise. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. Prerequisite: KINE 2142.

KINE 3142 Practicum in Athletic Training IV (1)
This course consists of directed practical experiences for working with athletes and the physically active population. Sixth semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management and Therapeutic Modalities. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. Prerequisite: KINE 3141.

KINE 3207 Kinesiology Internship, 2-hour (2)
The course involves working either on-campus or off-campus with the objective of integrating classroom experiences into the work setting. Up to six total hours can be earned in these internships, with a maximum of three hours taken per academic term. The courses are offered during any session, but arrangements with the Department of Kinesiology must be made by the conclusion of the prior semester. Approval for the internship, its length (credit hours) and its subject matter are at the discretion of the assigned instructor. One-hundred (100) clock hours are required to receive 2 hours of internship credit. Prerequisites: 12 hours in KINE courses (not counting activity courses), junior or senior standing, and permission of instructor.

KINE 3300 Therapeutic Modalities (3)
This course will instruct the student in the precautions, indications and contraindications of therapeutic modalities generally utilized in athletic training as a discipline. Prerequisite: KINE 2308 or permission of instructor.

KINE 3302 Injury Rehabilitation Techniques (3)
This course will instruct the student in the planning and implementation of a comprehensive injury rehabilitation and reconditioning program, especially focusing on injuries sustained by the physically active person. Prerequisite: KINE 2308 or permission of instructor.

KINE 3304 Ropes Course Process (3)
This course is designed to teach the techniques of group facilitation for initiatives and ropes / challenge course events, activity presentation and sequencing, safety techniques and construction
principles, and the processing of experiences for the transfer of learning. This course will prepare the student to become a certified challenge course facilitator.

KINE 3307 Kinesiology Internship, 3-hour (3)
The course involves working either on-campus or off-campus with the objective of integrating classroom experiences into the work setting. Up to six total hours can be earned in these internships, with a maximum of three hours taken per academic term. The courses are offered during any session, but arrangements with the Department of Kinesiology must be made by the conclusion of the prior semester. Approval for the internship, its length (credit hours) and its subject matter are at the discretion of the assigned instructor. One-hundred fifty (150) clock hours are required to receive 3 hours of internship credit. Prerequisites: KINE 1301, 12 hours in KINE courses (not counting activity courses), junior or senior standing, and permission of instructor.

KINE 3309 Techniques of Coaching Sports (3)
This course will cover various aspects of coaching sports. General strategy and training techniques will be emphasized. Students will have opportunities to gain basic knowledge and understanding of coaching, including forming a philosophy, organizing a total program, scheduling contests, scouting, recruiting, developing relationships with parents, and other aspects that apply to coaching sports. It is recommended that students pursue a sport-specific internship in addition to taking this course. Prerequisite: KINE 1301.

KINE 3310 Concepts of Personal Health and Wellness (3)
This course is an in-depth study of concepts of personal health and wellness as they relate to the general population and to various exercise populations. Emphases will be placed on assessment and prescription of fitness levels as well as the development of a proper nutrition program. Prerequisite: KINE 1301.

KINE 3311 Exercise Physiology (3)
This course is designed to provide a study of the physical changes experienced by the human body during exercise as well as biomechanical principles used throughout the proper execution of exercises. The main systems of the body will be examined. The effects of exercise with regard to aging and gender will also be considered. Prerequisite: BIOL 1421 or BIOL 2401 with a grade of “C” or better and KINE 1301.

KINE 3312 Kinesiology and Applied Anatomy (3)
This course offers the future kinesiologist the opportunity to apply previously learned facts and concepts of the structure and function of the human body to basic and advanced human movements. Analysis of skill performances and their relationship to muscle, skeletal, and nervous systems will be emphasized. This course is meant to provide students with the prerequisite knowledge to pursue certification in personal training and is a cumulative course. Prerequisites: KINE 3310 and KINE 3311 with a grade of “C” or better.

KINE 3362 Sport Psychology (3) (Same as PSYC 3362)
The course is cross-listed as PSYC 3362. See the Psychology listing.

KINE 4141 Practicum in Athletic Training V (1)
This course consists of directed practical experiences for working with athletes and the physically active population. Seventh semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management, Basic Assessment and Evaluation, Risk Management, Communication, Administration, and Athletic Training Presentation. Skills will be instructed under the supervision of an approved clinical instructor. This class will meet two times per week. Prerequisite: KINE 3142.

KINE 4142 Practicum in Athletic Training VI (1)
This course consists of directed practical experiences for working with athletes and the physically active population. Eighth semester students will work toward mastery of specific competencies and proficiencies in the areas of Specific Injury Management, Assessment and Evaluation, Risk
Management, Communication, Administration, and Athletic Training Presentation. Skill instruction will be under the supervision of an approved clinical instructor. This class will meet two times per week. **Prerequisite: KINE 4141.**

**KINE 4301 Organization and Administration in Kinesiology and Sport (3)**
This course provides a study of the principles and practices of personnel leadership, planning, budgeting, scheduling of facilities and events, purchasing, and other topics related to the operation of a physical education program in the public schools. **Prerequisite: KINE 1301 and senior standing.**

**KINE 4303 Applied Biomechanics (3)**
This course provides students the opportunity to study techniques in the analysis of anatomical and mechanical factors related to human movement. Course content includes the biomechanics or athletic performance, linear and angular kinetics, the role of torque and force in athletic performance, and the risks associated with biomechanical stress in athletics. **Prerequisites: BIOL 1421 or BIOL 2401 with a grade of “C” or better, KINE 1301, and KINE 3311.**

**KINE 4306 Evaluation in Kinesiology (3)**
This course will include a brief history of testing and measurement in kinesiology, with a focus towards research applications. Various statistical procedures necessary for kinesiology will be introduced. Tests of physical fitness, social efficiency, and motor skills will be studied. **Prerequisites: KINE 1301 and MATH 1342.**

**KINE 4309 Athletic Training (3)**
This course is an advanced study of the prevention, evaluation, first aid, treatment, and rehabilitation of injuries incurred by the physically active population. The organization and administration, education, and counseling of persons with athletic injuries is covered. **Prerequisites: KINE 3300 and KINE 3302.**

**KINE 4310 Human Diseases (3)**
This course will compare and contrast the human body in health and disease. Emphasis will be placed upon wellness through lifestyle as a disease preventative. **Prerequisite: KINE 1301.**

**KINE 4350 Clinical Internship in Athletic Training (3)**
This course is designed to offer controlled practical experiences in an allied health care setting approved by the Athletic Training Educational Program Director. Internship positions should reflect the student’s career specialization area. This course may be repeated with program director approval to accommodate varied internship positions. It is expected that the student will obtain 150 hours of practical experience in this course. **Prerequisites: Junior or senior standing and signature of ATEP Director.**

**LATIN AMERICAN STUDIES**

**LAST 2333 Latin American Literature in Translation (3)**
(Same as ENGL 2333 when course topic is Latin American) This course provides, in English translation, an introduction to the literature of Latin America. The topic may change each time the course is offered. The course will fulfill the sophomore literature general education requirement. **Prerequisites: ENGL 1301 and ENGL 1302 with a grade of “C” or higher.**

**LEADERSHIP**

**LEAD 1111 Learning and Leading (1)**
This course serves as a foundational course for all freshman students and incorporates student engagement strategies for success in developing as college level learners and leaders. Representative faculty and staff will serve as course instructors and freshman mentors, working with students to make meaningful connections between academic content, campus involvement, community outreach, and faith applications. Students may apply this course toward the minor in leadership studies. (Students transferring more than 24 hours are not required to take LEAD 1111.)

**LEAD 2301 Leadership Theory and Practice (3)**
Students will learn various historical, current, and emerging approaches to leadership theory and
come to understand the strengths and weaknesses associated with each theory. Students will explore and evaluate leadership theories and models to identify those appropriate to their own leadership practice.

**LEAD 3202 Leadership Internship (2)**
A field placement in a setting that provides practical experiences to which the student will apply and test the knowledge gained from the classroom. Integral to this course is a mentorship which allows students the opportunity to observe leadership practices and behaviors in a field environment. This class may be offered any regular semester, based on placement availability, but arrangements for the internship must be made during the semester prior to enrollment. One hundred (100) clock hours is the minimum requirement in order to receive 2 hours credit for the internship course. **Prerequisites:** 3 hours of LEAD courses, junior or senior standing, and the consent of the Director of Leadership Development.

**LEAD 3301 Leadership Foundations (3)**
Students will explore the philosophical foundations which lie at the heart of current leadership theory and practice. Students will explore and critique leadership philosophies in order to identify presuppositions inherent in modern theories and models of leadership. This critique will equip those models appropriate to their own leadership practice. **Prerequisites:** LEAD 2301 and permission of instructor.

**LEAD 3302 Leadership Internship (3)**
A field placement in a setting that provides practical experiences to which the student will apply and test the knowledge gained from the classroom. Integral to this course is a mentorship which allows students the opportunity to observe leadership practices and behaviors in a field environment. This class may be offered any regular semester, based on placement availability, but arrangements for the internship must be made during the semester prior to enrollment. One hundred fifty (150) clock hours is the minimum requirement in order to receive 3 hours of internship credit. **Prerequisites:** 3 hours of LEAD courses, junior or senior standing, and the consent of the Director of Leadership Development.

**LEAD 4301 Leadership for the Future (3)**
This course is the culminating “capstone” academic experience for students in the leadership minor. In this course, students will explore leadership applications for business, politics, education, and community. Further, students will identify pressing challenges for society and explore ways that leaders can be engaged in creating change. It will require students to offer special attention to the practice of personal reflection, especially with regards to personal beliefs about leadership and appropriate application of learned leadership theory and practice within multiple spheres of influence. **Prerequisites:** 12 hours toward leadership minor including LEAD 2301 and LEAD 3301.

**MANAGEMENT**

**MGMT 2350 Principles of Management (3)**
This course is an introduction to the managerial functions and the management process. Topics included are areas of traditional management and such contemporary issues as teamwork, diversity, quality, ethics, and the global environment. The major objective is to familiarize the student with the knowledge, roles, responsibilities, and skills required of modern managers.

**MGMT 3310 Practical Management for Personal, Non-profitable, and Religious Organizations (3)**
This course will provide the student with a practical foundation for developing leadership, strategic planning, organizational structure and governance, physical resources, and staffing issues for individuals, non-profitable organizations, and religious or charitable organizations. Those students majoring in business may not take this course for credit.

**MGMT 3353 Human Resource Management (3)**
This is a study of the basic personnel processes involved in the selection, training, motivation and
remuneration of employees, including the maintenance of labor relations in light of changing techn-
nological, social and economic conditions. Prerequisite: MGMT 2350.

MGMT 3354 Business Information Systems Management (3)
This course focuses on organization and management of information systems. The primary em-
phasis of this course is the application of technology in business problem solving and decision
making. Prerequisite: MGMT 2350.

MGMT 4310 Organizational Change and Development (3)
In this course, students will learn both the theory and practice of organizational change and develop-
ment. Attention will be given to assessing the drivers of change, diagnosing the organizational need
for change, and implementing necessary change. Students will learn the fundamentals of managing
change for the purpose of healthier, more successful organizations. Prerequisite: MGMT 2350.

MGMT 4350 Internship (3)
This course is designed to utilize a student's academic training to solve problems for a local organi-
zation. The student and firm will enter into a contract with the School of Business where the firm
will monitor the student's work performance and report this performance to the School of Business
who will assign a grade. The course may be repeated for credit. Prerequisite: Junior level standing
with consent of the dean.

MGMT 4351 Organizational Behavior (3)
This course will study the interaction of the individual with the organization, motivation theories,
and the relationship between organizations and individuals. Prerequisite: MGMT 2350.

MGMT 4353 Organizational Leadership (3)
The course will provide a basis for applying contributions of various theories of leadership to the
diagnosis and development of successful intervention strategies for managing individual as well
as complex organizational systems and processes. By studying leadership roles and skills, students
can develop their personal aptitude for leadership. Prerequisite: MGMT 2350.

MGMT 4355 Conflict Resolution and Negotiation (3)
In this course, students will learn both the theory and practice of conflict resolution and negoti-
ation. The course presents an integrated approach to the dynamics of conflict resolution at the
individual, group, and organizational levels. This course explores the major concepts and theories
of the psychology of bargaining and negotiation, with a significant simulation component. Prereq-
usite: MGMT 2350.

MGMT 4356 Problems in Management (3)
This course emphasizes the application of management theory and philosophy to current business
problems. Prerequisite: MGMT 2350.

MGMT 4357 Theory and Practice of Supervision (3)
This is a practical course that covers the skills needed to become an effective supervisor. Practice
of these skills in class will provide the confidence necessary to properly perform the function of
management. Prerequisite: MGMT 2350.

MGMT 4359 Production Management (3)
This course is a study of the management of production systems with emphasis upon the concepts
and methods of planning and controlling production. Prerequisites: MGMT 2350.

MGMT 4366 Management Science (3)
An introduction to quantitative techniques applicable to business and economics. Topics include
queuing analysis, linear programming, transportation programming, PERT/CPM, and simple lin-
ear regression. Prerequisites: MATH 1342 and MATH 2313.

MARKETING

MKTG 2324 Principles of Marketing (3)
This course presents the fundamental principles and methods of marketing as it relates to the pro-
ducer, the wholesaler, the retailer, and the consumer.
**MKTG 3210 Practical Marketing Management (2)**
This course will provide the student with a practical foundation for developing an advertising program for individuals, non-profitable organizations, and religious or charitable organizations. Those students majoring in business may not take this course for credit.

**MKTG 3325 Salesmanship (3)**
This course presents the fundamental principles of selling involved in the distribution of goods and services. The course includes a study of economic problems connected with selling and analysis of the product and the market. *Prerequisite: MKTG 2324.*

**MKTG 3326 Retailing (3)**
This course presents a study of the business activity of selling goods or services to the final consumer for personal non-business use. The course covers basic retailing principles, practices, and procedures. Included are such topics as managing the buying, pricing, promotion, layout, security of merchandise, and location of the retail organization. *Prerequisite: MKTG 2324.*

**MKTG 3327 Integrated Marketing Communications (3)**
The focus of the class will be on the marketing process involved in promotions management. The primary focus will be on the implementation and management of an integrated marketing communications mix involving advertising, sales promotions, personal selling, and public relations. Included in this course is a comprehensive study of the components of integrated marketing communication, the process, and qualitative and quantitative measurement of the communication process. The goal is to create a good understanding of the components behind the promotions process. *Prerequisite: MKTG 2324 or consent of instructor.*

**MKTG 3352 Consumer Behavior (3)**
Consumer Behavior is a study of consumer attitudes, preferences, and consumption patterns with implications for marketing management decisions. *Prerequisite: MKTG 2324.*

**MKTG 3356 Sales Management (3)**
This course emphasizes solutions to various sales problems with special emphasis on the decision making process. Major areas of study will be organization, recruitment, selection and supervision, time and territory management, motivation, compensation, leadership, sales planning, forecasting, resource allocation, and ethical issues in sales management. *Prerequisite: MKTG 2324.*

**MKTG 4321 Advertising (3)**
This course presents a study of successful advertising principles and practices. Ethics and truth in advertising are emphasized. *Prerequisite: MKTG 2324.*

**MKTG 4322 Marketing Research (3)**
This course presents a study of marketing research methods exercised to enhance decision-making effectiveness and solve marketing problems. Marketing research design and sampling techniques are presented. *Prerequisite: MKTG 2324.*

**MKTG 4326 Marketing Strategy (3)**
Emphasis will be on analyzing marketing problems in the areas of marketing research, product development, pricing, advertising, distribution, sales management, and sales promotion. *Prerequisite: MKTG 2324.*

**MKTG 4345 International Marketing (3)**
This course will provide a study of how marketing managers can adapt international marketing practices to cultural, social, political, legal and economic factors. International marketing problems and opportunities will be examined. *Prerequisite: MKTG 2324.*

**MKTG 4350 Internship (3)**
This course is designed to utilize the student's academic training to solve problems for a local organization. The student and firm will enter into a contract with the School of Business where the firm will monitor the student's work performance and report this performance to the School of Business.
Business who will assign a grade. The course may be repeated for credit. Prerequisite: Junior level standing with consent of the dean.

**MATHMATICS**

**MATH 1300 Finite Mathematics (3)**
This course is designed as a course for liberal arts students. It assumes minimal algebraic and geometric background. Emphasis is on logic, set theory, graph theory, consumer mathematics, and probability. Access to a departmentally approved scientific calculator is required.

**MATH 1314 College Algebra (3)**
This course is devoted to the study of functions, their graphs, and their inverses; factoring, as well as the use of synthetic division and partial fractions; linear, quadratic, rational, radical, and exponential expressions; and solutions to systems of equations and inequalities using graphing, elimination, and Cramer’s rule. Access to a departmentally approved graphing calculator is required. Prerequisite: Math ACT score of at least 20 or consent of the department.

**MATH 1316 Plane Trigonometry (3)**
This course consists of a study of transcendental functions. It includes a brief discussion of exponential and logarithmic functions but deals mainly with trigonometric functions and their applications. Concepts and graphing techniques are developed using graphing calculators. Access to a departmentally approved graphing calculator is required. Prerequisite: MATH 1314 or the consent of the department.

**MATH 1342 Elementary Statistics (3)**
This course is an introduction to the principles and methods of descriptive and inferential statistics. It is recommended for students in social and behavioral sciences, business, natural and physical sciences, nursing, and teacher education. Access to a departmentally approved scientific calculator is required.

**MATH 1425 Precalculus (4)**
This course will focus on the study of elementary functions and their graphs including linear, quadratic, polynomial, rational, exponential, logarithmic and trigonometric functions. Emphasis will also be placed on the use of graphing calculators, complex numbers, mathematical modeling, and the mathematics of finance. A departmentally approved graphing calculator is required for this course. Prerequisite: Math ACT score of at least 23 or consent of the department.

**MATH 2301 Calculus with Analytic Geometry I (3)**
This course includes elements of analytic geometry, functions, limits, derivatives, and applications of the derivative. A departmentally approved graphing calculator is required. (This course is available for credit only through a dual credit arrangement with Marshall High School.)

**MATH 2302 Calculus with Analytic Geometry II (3)**
Topics include integrals and their applications; exponential, logarithmic, trigonometric and inverse trigonometric functions, and related derivatives and integrals; and formal integration techniques. A departmentally approved graphing calculator is required. (This course is available for credit only through a dual credit arrangement with Marshall High School.) Prerequisite: MATH 2301 with a grade of “C” or higher.

**MATH 2313 Mathematics with Applications to Business and the Social Sciences (3)**
This course includes applications of algebra, linear algebra, and probability to the areas of business and the social sciences. Access to a departmentally approved graphing calculator is required. Prerequisite: Math ACT score of at least 20 or consent of the department.

**MATH 2316 Data Analysis (3)**
This is an introduction to a variety of statistical methods to analyze data sets and uncover important information about data. The statistical methods introduced will include: linear regression and correlation, one-way and two-way ANOVA, multiple regression, and some nonparametric procedures. This course will not be oriented toward theory or formula-based calculations but rather
toward using SPSS software to create graphical and numerical output and then interpreting this output. **Prerequisite:** MATH 1342.

**MATH 2401 Calculus I (4)**
This course includes elements of analytic geometry, functions, limits, derivatives, and applications of the derivative. The course also includes an introduction to integral calculus. A departmentally approved graphing calculator is required. **Prerequisite:** MATH 1425 with a grade of “C” or higher, or consent of the department.

**MATH 2402 Calculus II (4)**
This course includes applications of integration, integration techniques, L'Hôpital's Rule, and improper integrals. The course also includes infinite series, conics, parametric equations, and polar coordinates. A departmentally approved graphing calculator is required. **Prerequisite:** MATH 2401 with a grade of “C” or higher.

**MATH 3300 Foundations of Mathematical Reasoning (3)**
This course introduces the logic and techniques used in the proofs of mathematical theorems and covers topics in set theory and number theory. **Prerequisite:** MATH 2401 with a grade of “C” or higher.

**MATH 3301 Number Systems (3)**
This course uses basic concepts of sets, number theory, whole numbers, integers, and rational and irrational numbers as decimals to develop the real numbers. Enrollment is limited to elementary education majors unless approved by instructor. May not be used for General Education Mathematics requirement. **Prerequisites:** Junior standing and MATH 1342.

**MATH 3302 Mathematics for Elementary School Teachers (3)**
This course covers mathematical content areas for elementary grades such as probability, statistics, geometry, measurement, geometric constructions, and algebra. Enrollment is limited to elementary education majors. May not be used for General Education Mathematics requirement. **Prerequisites:** MATH 3301 and junior standing.

**MATH 3305 Discrete Methods (3)**
This course introduces the basic techniques and modes of reasoning of combinatorial problem solving. Topics include graph theory, counting principles, permutations, combinations, and recurrence relations. **Prerequisite:** MATH 3300 with a grade of “C” or higher.

**MATH 3306 Differential Equations (3)**
An introductory course in differential equations including techniques for solving equations and supporting theory. Some applications are included. **Prerequisite:** MATH 2402 with a grade of “C” or higher.

**MATH 3308 Linear Algebra (3)**
Topics include matrix algebra and elementary operations, determinants and their applications, vector spaces, and characteristic roots and vectors. A departmentally approved graphing calculator is required. **Prerequisite:** MATH 2401 with a grade of “C” or higher.

**MATH 3322 Numerical Analysis (3)**
This course develops problem-solving techniques using numerical methods. Topics include roots of equations, interpolation and representation of functions, solutions of systems of equations, least squares, and numerical differentiation and integration. A departmentally approved graphing calculator is required. **Prerequisite:** MATH 2402 with a grade of “C” or higher.

**MATH 3325 Using Technology to Teach Mathematics (3)**
This course investigates the various uses of computers and other technology in the teaching of mathematics. Topics will include the use of graphing calculators, computer algebra systems, and other mathematical software. A departmentally approved graphing calculator is required. **Prerequisite:** MATH 2401.
MATH 3403 Calculus III (4)
This course includes vectors, vector-valued functions, and the geometry of space. It is also a course in multivariate calculus; the material includes a study of three-dimensional analytic geometry, differential calculus of functions of several variables, and multiple integration. A departmentally approved graphing calculator is required. Prerequisite: MATH 2402 with a grade of “C” or higher.

MATH 4100 Content Review and Test Preparation (1)
This course provides structure and guidance to students completing a BSE major or minor in mathematics for teacher certification. In addition to providing an overview of mathematical methods for certification purposes, the course provides assistance with review of subject area content, administration of practice examinations, and departmental evaluation of student learning outcomes. Prerequisites: Senior standing and an education major, minor, or elementary specialization in mathematics for certification purposes.

MATH 4200 Capstone Course in Mathematics (2)
This two-hour course serves as a capstone course for all mathematics majors. It provides a vehicle for synthesizing major mathematical concepts studied in the major core and provides an opportunity for the student to become further acquainted with significant mathematical writings. A senior research paper is required. Prerequisites: Senior standing and completion of or concurrent enrollment in the other major core courses or consent of the department.

MATH 4302 College Geometry (3)
This course places an emphasis on Euclidean geometry with an introduction to selected non-Euclidean geometries. Prerequisite: MATH 3300 with a grade of “C” or higher.

MATH 4303 Probability and Statistics (3)
This course is designed as an introduction to mathematical statistics. Topics include descriptive statistics, probability, random variables and their distributions, sampling, regression, and correlation. Selected non-parametric statistics are introduced. Prerequisites: MATH 2402 with a grade of “C” or higher; MATH 1342 or successful performance on departmental examination.

MATH 4304 History of Mathematics (3)
This is a study of the historical development of mathematical concepts and the men and women who developed them. Prerequisites: MATH 2401 with a grade of “C” or higher and junior standing.

MATH 4305 Abstract Algebra (3)
An introduction to abstract algebra, this course focuses on fundamental concepts of basic algebraic systems; groups, subgroups, and homomorphisms; rings, ideals, integral domains, and fields. Prerequisite: MATH 3300 with a grade of “C” or higher.

MATH 4307 Real Analysis (3)
This is an introductory course on real-function theory. It includes a study of the real number system, limits, sequences, series, continuity, and convergence. Prerequisites: MATH 3300 and MATH 2402 with grades of “C” or higher.

MUSIC

MUSI 1000 Recital (0)
This course is an attendance based course that provides students the opportunity to experience and understand repertory in their major performance area, and to become acquainted with repertoires beyond their area of specialization. Students will be exposed to a large and varied body of music through study and attendance at recitals, concerts, opera and musical theatre productions, and other performances.

MUSI 1103 Class Guitar I (1)
Students will be instructed in learning all aspects of producing sound on the acoustic guitar along with music reading, music theory, and selected historical, cultural, and technical contributions. The class is intended for beginners only. Those who have significant experience or previous training are advised to enroll in MUSI 1104 Class Guitar II or applied guitar lessons.
MUSI 1104 Class Guitar II (1)
This is a continuation of MUSI 1103 Class Guitar I. Students will be instructed in learning all aspects of producing sound on the acoustic guitar along with music reading, music theory, and selected historical, cultural, and technical contributions. Both strumming and finger picking techniques are developed. Prerequisite: MUSI 1103 or instructor's consent.

MUSI 1116 Elementary Ear Training I (1)
Elementary Ear Training I is an applied skills course designed to develop skills in sight singing, rhythmic reading, improvising short melodic and rhythmic phrases and notating melodies, rhythms and chords using folk, western and non-western melodies. Prerequisite: MUSI 1311 or concurrent enrollment.

MUSI 1117 Elementary Ear Training II (1)
This course is an extension of MUSI 1116 in the development of sight singing and ear training ability. The class meets two hours per week. Prerequisites: MUSI 1116 and MUSI 1311.

MUSI 1120 Handbell Choir (1)
Handbell Choir is a laboratory experience in playing handbells. The study includes the various ways of playing the bells, an acquaintance with the literature for bells, and how to care for the instruments. This is a course in which music laboratory credit may be earned. This course may be repeated for additional credit. Prerequisites: some ability to read music and instructor's consent.

MUSI 1130 Symphonic Band (1)
Concert Band is the primary performance ensemble of the instrumental program. It performs a wide variety of wind band literature and serves as a public relations arm for the School of Music and Fine Arts. The Band performs periodically during the academic year and tours in the spring of each year. While the director's consent is required for all band members, participation is open to all students with previous band experience. Formal attire is required. This course may be repeated for additional credit. Prerequisite: Instructor's consent.

MUSI 1133 Marching Band (1)
The ETBU Marching Band is an organization open to all students without audition who have band experience prior to coming to ETBU. The band performs at ETBU Football Games and other related athletic events, and the band provides a variety of opportunities for students to accept roles of leadership and responsibility. The band is designed to provide an enjoyable performance experience and a musically educational experience for all participants. In addition, the band serves as a working lab for music education students preparing for vocations in public school band programs. This course may be repeated for additional credit. Prerequisite: Instructor's consent.

MUSI 1137 Jazz Band (1)
The ETBU Jazz Band provides an opportunity for students to learn to play various jazz styles that will prepare them for careers in teaching or performance. In addition to traditional big band jazz, the band provides opportunities to improvise and performs music from other genres, including Blues, Latin, Jazz-Rock Fusion, and Funk. The Jazz Band presents two campus concerts annually and performs at numerous sites in Marshall and in surrounding communities through tours to high schools and churches. This course may be repeated for additional credit.
The ETBU Jazz Band is an auditioned ensemble open to performers on saxophone, trumpet, trombone, guitar, piano, bass, and drums. Auditions are open to all students regardless of major. Corequisite: Concurrent enrollment in MUSI 1133 (Fall) and MUSI 1130 (Spring).

MUSI 1138 Chamber Ensemble (1)
Students interested in participating in any instrumental ensemble other than Concert Band should enroll in Music 1138. This course includes participation in any of the various chamber ensembles offered in a given semester. Director's consent is required for all instrumental ensembles, but these groups are open to all students regardless of major. This course may be repeated for additional credit.
MUSI 1139 Class Piano I for Non-Music Majors (1)
Designed for students pursuing academic areas other than music, this course provides instruction in elementary piano technique and basic music reading. No prior experience in music is necessary, but students who have received some previous instruction in piano will be able to develop their skills beyond the basic beginning level.

MUSI 1140 Class Piano II for Non-Music Majors (1)
Designed for students pursuing academic areas other than music, this course provides instruction in advanced elementary piano technique and music reading and allows students to explore genres and styles of interest, including options such as classical, Broadway, jazz, praise and worship, hymns, and pop. Prerequisite: MUSI 1139 or instructor's consent.

MUSI 1150 Chapel Choir (1)
Chapel Choir is a choral organization open to all students without an audition. Various styles of sacred music are rehearsed and performed in the University chapel services or in evening concert. Music laboratory credit may be earned in this course. Formal attire is required. This course may be repeated for additional credit.

MUSI 1157 Opera Workshop (1)
This course is a laboratory experience in the performance of opera. Study includes singing, acting, staging, selection of props, mechanical demands, etc. The course is normally offered during the spring semester and is one in which music laboratory credit may be earned. This course may be repeated for additional credit. An opera score is required. Prerequisite: Instructor's consent.

MUSI 1158 University Singers (1)
This ensemble is a performing group of limited size selected from the Concert Choir membership which studies and performs choral chamber music from different periods and styles, such as madrigal, pop music, “swing choir” music, etc. Music Laboratory credit may be earned in this course. This course may be repeated for additional credit. Note: Formal attire is required. Corequisite: Concurrent enrollment in MUSI 2150.

MUSI 1159 Musical Theatre (1)
This course is a performance course in which students will perform in and/or assume technical crew responsibilities in a musical theatre production. Study includes singing, acting, staging, selection of props, mechanical demands, etc. The course may be repeated for additional credit. Prerequisite: Successful performance audition or instructor-assigned technical responsibility.

MUSI 1181 Class Piano I (1)
Basic musicianship is taught through music reading, elementary piano technique, and piano repertoire. Students are placed in one of four progressive levels. Prerequisite: Instructor's consent and concurrent enrollment in MUSI 1311.

MUSI 1182 Class Piano II (1)
This is an extension of MUSI 1181. Prerequisite: MUSI 1181 or instructor's consent.

MUSI 1183 Class Voice I (1)
A study of the fundamentals of singing including posture, breathing, tone quality, extension of range, etc. is taught. It is designed for those interested in singing who have had little or no training or experience.

MUSI 1184 Class Voice II (1)
This is an extension of MUSI 1183. Prerequisite: MUSI 1183 or instructor's consent.

MUSI 1305 History of Rock and Roll (3)
This course will expose students to the history of rock music and increase their appreciation and enjoyment of the art form. Topics to be covered include the origins and development of rock music, distinctive style periods, rock music's reflection of and influence on society, and important rock performers.
MUSI 1311 Elementary Harmony I (3)
Elementary Harmony I is a study of the principal chords in both major and minor modes with emphasis upon part-writing and keyboard harmony.

MUSI 1312 Elementary Harmony II (3)
This course is a continuation of MUSI 1311 with the addition of secondary chords, the dominant seventh, the supertonic seventh, modulation to the closely related keys, and harmonization of chorale melodies based on the study of harmonies and non-harmonic devices as used in the chorales of J. S. Bach. Prerequisite: MUSI 1311.

MUSI 1314 Jazz in America (3)
This course will expose students to jazz history and increase their appreciation and enjoyment of the art form. Topics to be covered include the origins and development of jazz, distinctive style periods, and important jazz performers. A student may not receive credit for both MUSI 1314 and MUSI 3350.

MUSI 2100 Introduction to Music Education (1)
This course is an introduction to the music education degree and career field. Topics will include curriculum, certification, professional responsibilities, expectations, and professional resources. Students will informally work with music programs, and will begin to develop a professional portfolio and a Christ-centered philosophy of music education.

MUSI 2104 Vocal Diction I (1)
This course includes class instruction in pronunciation of English and Italian for singers, and it introduces the International Phonetic Alphabet.

MUSI 2107 Woodwind Methods (1)
Designed for students in the instrumental track of the music education major, this course provides specific instruction techniques and beginning level performance of the flute, clarinet, saxophone, and double reeds.

MUSI 2108 Service Playing (1)
Service Playing includes class instruction in hymn playing, solo and choir accompaniment, conducting from the organ console, and basic organ repertoire for the church service. This class meets two hours per week. Prerequisite: Four semesters of organ lessons or approval of the instructor.

MUSI 2116 Advanced Ear Training I (1)
Development of advanced sight singing ability and aural acuity relative to intervals, chords, and rhythms is experienced in Advanced Ear Training I. This class meets two hours per week. Prerequisite: MUSI 1117.

MUSI 2117 Advanced Ear Training II (1)
This is an extension of MUSI 2116 in the development of advanced sight singing and ear training ability. Advanced Ear Training II meets two hours each week. The student must make application for a degree plan to avoid a grade of “I” (Incomplete) and to avoid losing music scholarships. Prerequisites: MUSI 2116 and MUSI 2312.

MUSI 2118 Percussion Methods (1)
Designed for students in the instrumental track of the music education major, this course provides an introduction to instructional techniques for percussion instruments.

MUSI 2123 String Methods (1)
Designed for students in the instrumental track of the music education major, this course provides specific instruction in instructional techniques and beginning level performance of the violin, viola, cello and bass.

MUSI 2127 Brass Methods (1)
This course is designed for students in the instrumental track of the music education major. This course provides instructional techniques for trumpet, horn, trombone, euphonium, and tuba.
MUSI 2150 Concert Choir (1)
Concert Choir is a select group of mixed voices which performs some of the more challenging music from the various periods and styles. This choir serves as a public relations arm of the department and tours in the spring of each year. Membership is by audition. Formal attire is required. This course may be repeated for additional credit. Prerequisite: Instructor’s consent.

MUSI 2181 Class Piano III (1)
This course is an extension of MUSI 1182. Prerequisite: MUSI 1182 or instructor’s consent.

MUSI 2183 Class Voice III (1)
An extension of MUSI 1184 Class Voice II. This course will continue the development of fundamentals of singing including proper breathing techniques, tone quality, range extension, etc. The class voice experience is designed to provide an instructional environment and performance laboratory for vocalists with limited experience in singing including music majors with a secondary performance area of voice. The class will begin guiding the student towards successful completion of the vocal secondary proficiency exam. Prerequisite: MUSI 1184.

MUSI 2184 Class Voice IV (1)
An extension of MUSI 2183 Class Voice III. This course will continue the development of fundamentals of singing including proper breathing techniques, tone quality, range extension, etc. The class voice experience is designed to provide an instructional environment and performance laboratory for vocalists with limited experience in singing including music majors with a secondary performance area of voice. The class will complete the four-semester class voice sequence leading to the vocal secondary proficiency exam and is repeatable for credit. Prerequisite: MUSI 2183.

MUSI 2303 Planning Worship (3)
This course is a study of the resources, skills, and strategies for planning public worship services. Students will explore the roles of the pastor, worship leader, and worship team in the worship service. We will examine how to properly prepare for a worship service through extensive preparation, analysis of context and mission, and use of applicable technology resources. Particular attention will be given to the examination of current trends in worship and their significance for us.

MUSI 2304 Leading Worship (3)
This course is a study of the resources, skills, and strategies for leading public worship services. Students will explore the roles of the pastor, worship leader, and worship team in the worship service. They will examine how to properly prepare for a worship service through effective rehearsals and how to lead worship in a large and small group. Particular attention will be given to the examination of current trends in worship and their significance for us. A generous portion of the course will involve the student in actual worship experiences and work to analyze and improve the local worship service. Prerequisite: Permission of the Dean of the School of Fine Arts.

MUSI 2312 Advanced Harmony (3)
Through extensive analysis and part-writing exercises, this course examines the altered and chromatic harmonies of the common practice period through the late 19th century. Prerequisite: MUSI 1312.

MUSI 3102 Vocal Diction II (1)
This course includes class instruction in pronunciation of French and German for singers, and meets two hours per week.

MUSI 3103 Organ Survey (1)
This course is designed to acquaint the church music student with the organ regarding its construction, maintenance, purchase, and use in worship and for the training of young organists. Prerequisite: 4 semesters of organ lessons or instructor’s consent.

MUSI 3105 Piano Accompanying (1)
In this course, pianists will learn the essential techniques of accompanying singers and instrumentalists with practical application through work with student soloists. Prerequisites: MUSI 1245 and MUSI 1246.
MUSI 3106 Chamber Ensembles for Piano (1)
In this course, pianists will study and perform music written for the piano in collaboration with other instruments (as in piano trios, quartets, quintets, and octets, which involve strings, woodwinds, etc.). Prerequisite: Instructor’s consent.

MUSI 3157 Opera Theatre (1)
This course is a performance course in which students will assume major roles in an opera production. Study includes singing, acting, staging, selection of props, mechanical demands, and other related production elements. The course may be repeated for additional credit. Prerequisites: MUSI 1157 and THEA 1351.

MUSI 3201 Conducting (2)
This course includes instruction in the techniques of choral and instrumental conducting through the study of works from the standard choral and orchestral repertory. Rehearsal techniques, score analysis and preparation, interpretation, and the technical and musical problems of the orchestra and choir will be studied. Prerequisite: Junior standing.

MUSI 3203 20th Century Music Analytical Techniques (2)
This course provides the student with the necessary language and techniques for analyzing a range of 20th Century musical styles, from Impressionism to nonserial atonality, serialism, and integral serialism. Analysis is supported by the writing of short compositions reflecting specific compositional styles. Prerequisite: MUSI 2312.

MUSI 3207 Instrumental Conducting and Literature (2)
Using the standard wind band repertoire, this class will concentrate on the development of instrumental conducting technique, score reading and analysis, and rehearsal techniques for the instrumental ensembles of various performance levels. Prerequisite: MUSI 3201.

MUSI 3208 Music Composition (2)
This course is designed to examine and apply modern composition techniques, formal structure, the creative process and clear musical expression and communication. Prerequisite: MUSI 3303.

MUSI 3209 Choral Conducting and Literature (2)
Using the standard choral repertoire, this class will concentrate on the development of choral conducting techniques, score reading and analysis, and rehearsal techniques for the choral ensembles of various performance levels. Prerequisite: MUSI 3201.

MUSI 3211 Eighteenth Century Counterpoint (2)
This course is an analysis of contrapuntal music of the 18th century and writing of music involving techniques characteristic of the period. Prerequisite: MUSI 2312.

MUSI 3212 Scoring and Arranging (2)
This course is designed as a study of the capabilities and limitations of orchestral and band instruments, voice and piano. Students will be engaged in transcription, arranging, and composition exercises for small and large performance groupings, some specific to their area of expertise. Prerequisite: MUSI 3303.

MUSI 3213 Introduction to Music (2)
This course is designed to acquaint students with an overview of the field of music. It deals with styles, major periods, and media of performance, as well as folk, traditional, and native music of the Western culture. In addition the course examines the music of non-Western cultures within the social and religious contexts of the cultures being studied.

MUSI 3214 Conducting II (2)
A continuation of MUSI 3201, this course provides advanced instruction in baton technique, score analysis and preparation and interpretation. Students will develop a minimum competency level of rehearsal techniques (error detection and remediation) from the podium and apply advanced conducting techniques to standard choral, wind band, and orchestral literature. Prerequisite: MUSI 3201.
MUSI 3302 Techniques of Piano Accompanying (3)
This course is a study of historical, stylistic, and technical aspects of piano accompanying. Prerequisites: MUSI 1245 and MUSI 1246.

MUSI 3303 Form and Analysis (3)
This course is an introduction to the principle formal structures and processes of the 18th and 19th centuries, including fugue, binary, ternary, rondo, variation, and sonata forms. Prerequisite: MUSI 2312.

MUSI 3308 Techniques and Material for Class Piano (3)
This course is a study of the various methods and literature used in teaching piano in groups. Particular attention will be given to the use of the electronic piano laboratory. Prerequisite: Junior level in piano.

MUSI 3310 Piano Pedagogy (3)
This course includes the theories, materials, and techniques of piano teaching and provides opportunities for supervised practice teaching. Prerequisites: MUSI 1245 and MUSI 1246.

MUSI 3311 Piano Literature I (3)
This course will examine the history of keyboard music from the Renaissance through the Classical Period. Major works and composers will be studied, tracing the development of idiomatic keyboard styles and formal structures. Prerequisites: MUSI 3303.

MUSI 3312 Piano Literature II (3)
This course, a continuation of Piano Literature I, begins with the study of the piano music of Schubert and continues with an examination of the repertoire throughout the Nineteenth and Twentieth Centuries. Major works and composers will be examined within a historical/stylistic context. Prerequisites: MUSI 3303.

MUSI 3350 History of Jazz (3)
This course will expose students to jazz history and increase their appreciation and enjoyment of the art form. Topics to be covered include the origins and development of jazz, distinctive style periods, and important jazz performers. A student may not receive credit for both MUSI 1314 and MUSI 3350.

MUSI 3360 The Worship of God (3)
This course introduces students to the biblical foundations of Christian worship and examines the practices of worship in both modern and historical contexts. Students are challenged to develop their skills and talents for the purpose of planning and leading corporate worship. The course is designed to benefit all students regardless of their major who seek to engage in the worship of God in both corporate and private settings. Prerequisites: RLGN 1320, RLGN 1330, and ENGL 1302.

MUSI 3361 Worship Music (3)
This course is a study of congregational song in both contemporary and traditional styles. Musical, textual, historical and practical aspects will be explored. Prerequisites: RLGN 1320, RLGN 1330, and ENGL 1302.

MUSI 3386 Advanced Studies in Singing: Repertoire (3)
This course is an independent study of vocal repertoire from particular historic and national styles with attention given to available music scores and recordings. The particular area or areas to be studied will be determined following consultation with the instructors. The purpose is to enhance the student's knowledge of vocal literature. Prerequisite: MUSI 2255.

MUSI 4101 Conducting Project (1)
The student will present a Conducting Recital which was planned and approved in MUSI 4350. The student will meet regularly with the supervising music faculty member to dialogue about progress of the recital and will be responsible for providing the choir and the accompanist, choosing the repertoire, and preparing the performers. Prerequisites: MUSI 3201.
MUSI 4150 Practicum in Music Ministry I (1)
This course provides an on-the-job training in an assigned church music leadership capacity approved by the program coordinator. Course requirements include periodic reports and plans. The public demonstration presented in MUSI 4250 will be developed and approved in consultation with the course instructor and on-site ministry supervisor during this semester. Prerequisites: MUSI 3360 or MUSI 3361 and instructor's consent.

MUSI 4201 Materials and Resources for Elementary Music Education (2)
This course serves as an introduction to the pedagogical methods and approaches of elementary music including, but not limited to, Kodály, Orff, Dalcroze, and Music Learning Theory (Gordon). Students will also survey elementary music texts, online resources, and other curricular resources for elementary music education. Prerequisite: MUSI 2100.

MUSI 4202 Elementary Music Curriculum and Instruction (2)
Students in this course will apply the pedagogical approaches of Kodály, Orff, Dalcroze, Gordon, and other commonly accepted techniques of elementary music education through peer and small-group instruction, with a concentrated focus on curricular sequencing and development. Prerequisite: MUSI 4201.

MUSI 4205 Music Administration and Methods (2)
Designed for students in the music education major, this course provides instruction in the administrative and fiscal aspects of the secondary music program as well as an overview of methods and curricula for programs outside the student’s area of specialization. Prerequisite: MUSI 2100.

MUSI 4213 Marching Band Techniques (2)
Designed for students in the instrumental track of the music education major, this course provides instruction on teaching marching band, the use of technology for drill design, and arranging music for the marching band. Prerequisite: MUSI 2100.

MUSI 4224 Teaching Instrumental Music (2)
Designed for students in the instrumental track of the music education major, this course provides instruction and guided practice in examining instrumental literature, curricula and materials, and in teaching comprehensive musicianship through secondary school instrumental ensembles. Prerequisite: MUSI 2100.

MUSI 4250 Practicum in Music Ministry II (2)
This course provides an on-the-job training in an assigned church music leadership capacity approved by the program coordinator. Course requirements include periodic reports and plans. The public demonstration presented in MUSI 4250 will be developed and approved in consultation with the course instructor and on-site ministry supervisor during this semester. Prerequisites: MUSI 4150.

MUSI 4301 Music History I (3)
Music History is a review of general history with a more in-depth study of the history of music from Antiquity through the Baroque period. Styles, composers, and their compositions will be featured. Prerequisites: Instructor’s consent or declared music major or minor and MUSI 3213.

MUSI 4302 Music History II (3)
This course is a continuation of MUSI 4301 with attention given to the Classical, Romantic, and Contemporary periods. Prerequisites: Instructor’s consent or declared music major or minor and MUSI 3213.

MUSI 4305 Teaching Choral Music (3)
Designed for students in the choral track of the music education major, this course provides instruction and guided practice in examining choral literature, curricula and materials, and in teaching comprehensive musicianship through secondary school choral ensembles. Prerequisite: MUSI 2100.

MUSI 4310 Vocal Pedagogy (3)
This course is designed as an introduction to the methods and materials of voice building for the teacher of voice and the choral director. Prerequisite: MUSI 2312.

NURSING

NURS 1421 Fundamentals of Anatomy and Physiology I (4) (Same as BIOL 1421)
The course is cross-listed as BIOL 1421. See the Biology listing.

NURS 1422 Fundamentals of Anatomy and Physiology II (4) (Same as BIOL 1422)
The course is cross-listed as BIOL 1422. See the Biology listing.

NURS 2320 Fundamentals of Pathophysiology (3) (Same as BIOL 2320)
The course is cross-listed as BIOL 2320. See the Biology listing.

NURS 2421 Fundamentals of Microbiology (4) (Same as BIOL 2421)
The course is cross-listed as BIOL 2421. See the Biology listing.

NURS 3159 Evidence-based Practice I: Clinical Inquiry (1)
Students will be introduced to evidence-based decision making. Real life examples along with con-
sumer decisions about health will be the focus of the course. This course is designed to introduce
students to sources of information and their appraisal as these relate to decision making for quality
outcomes. **Prerequisite: Admission to the Professional Nursing Program.**

NURS 3160 Evidence-based Practice II: Critical Appraisal Methods (1)
Students will be introduced to critical appraisal of research methods for clinical and scientific
inquiry, including rapid critical appraisal, evaluation and synthesis of research (i.e., external evi-
dence). Students will perform rapid critical appraisals, learn search strategies using various data-
bases, and enhance their ability to analyze and synthesize research findings into clinical practice.
**Prerequisite: NURS 3159.**

NURS 3161 Evidence-based Practice II: Evidence Implementation and Knowledge
Transition (1)
Students will apply a synthesis of a body of evidence to clinical decision making about evidence-
based practices in patient care using case scenarios and simulation. Students will apply models of
EBP to clinical practice decisions. **Prerequisite: NURS 3160.**

NURS 3101-3601 Selected Topics in Nursing (1-6)
Selected Topics in Nursing offers students an opportunity to explore clinical specialties, such as
intensive care, labor & delivery, emergency care; varied care delivery methods, and healthcare sys-
tems and cultures. Each course is uniquely designed to meet students’ learning objectives in accord-
ance with the Department of Nursing available resources. Permission from the Dean is required.
**Prerequisites: Permission from the Dean.**

NURS 3311 Introduction to Professional Nursing (3)
This course introduces professional nursing as a practice profession with emphasis on its evidence-
based practice, nursing process, roles within the healthcare system, and relationships to other
members of the healthcare team. Legal and ethical aspects, historical and contemporary influ-
ences, education, socialization, and professionalization are included. The philosophy and organiz-
ing framework of the ETBU professional nursing program is presented.

NURS 3331 Pharmacology (3)
This course introduces the professional nurse’s responsibilities regarding safe drug administra-
tion and management. Actions, effects, and nursing implications of major drug classifications are
studied using the nursing process and evidence-based findings as critical thinking approaches for
achieving desired patient outcomes. **Prerequisite: Admission to the Professional Nursing Program.**

NURS 3341 Health Assessment (3)
This course applies the knowledge gained from Anatomy and Physiology and Pathophysiology
in the assessment of the individual client’s health status. Data collection, analysis and synthesis of
data, and nursing diagnosis are utilized as foundational critical thinking tools within the course.
ETBU Uniform & Clinical Equipment Fee assessed. **Prerequisite: Admission to the Professional
Nursing Program.**
NURS 3342 Pediatric Nursing (3)
This course prepares the student to provide evidence-based care of children experiencing acute and chronic health problems. The nurse's role in providing health promotion and disease prevention education is examined in hospital and community settings. **Prerequisite: Successful completion of Level I ETBU nursing courses.**

NURS 3622 Medical-Surgical Nursing I (6)
The course focuses on the application of the nursing process as a critical thinking tool in caring for adults and families experiencing acute and chronic health problems. It provides experiences in collaboration, management of care, evidence-based interventions and outcome evaluation for the individual and family experiencing health problems. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). ETBU Professional Nursing Program fee assessed. **Prerequisite: Successful completion of Level I ETBU nursing courses.**

NURS 3632 Maternal Child Nursing (6)
The focus of this course is on the care of the individual and family during birthing and parenting experiences and includes women’s health, health promotion, and health maintenance. Clinical experiences with developing families in various settings are provided to develop clinical judgment and skills. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). **Prerequisite: Successful completion of Level I ETBU nursing courses.**

NURS 3821 Nursing Competencies (8)
This course is a foundation for all applied nursing courses in the ETBU program. Nursing concepts are explored, and the nursing process is utilized as a critical thinking and analysis tool. Beginning applications of evidence-based nursing interventions are examined and demonstrated in the clinical setting. The clinical component of this course is evaluated as “P” (pass) or “F” (fail). ETBU Professional Nursing Program fee assessed. **Prerequisite: Admission to the Professional Nursing Program.**

NURS 4241 Gerontology Nursing (2)
The focus of this course is on the gerontologic knowledge that is needed by the professional nurse who is responsible for promoting and maintaining the health of older adults in a variety of settings. **Prerequisite: Successful completion of Level III ETBU nursing courses.**

NURS 4331 Mental Health Nursing (3)
This course will examine the physiological and psychological aspects of mental health using evidence-based practice in the care and treatment of acute and chronic mental health problems across the lifespan. **Prerequisite: Successful completion of Level II ETBU nursing courses.**

NURS 4600 Integrated Nursing Practice (6)
This is a capstone integrative nursing course which emphasizes the application of the skills and knowledge acquired in the Department of Nursing curriculum. Critical thinking skills and evidence-based practice are refined and evaluated to equip the student with skills that will provide a basis for the graduate nurse to provide care in the twenty-first century. The clinical component of this course is evaluated as “P” (pass) or “F” (fail). ETBU Professional Nursing Program fee assessed. **Prerequisite: Successful completion of Level III ETBU nursing courses.**

NURS 4621 Medical Surgical Nursing II (6)
This course is the application of the nursing process as a critical thinking tool in caring for individuals and families experiencing acute and chronic health problems. It focuses on collaboration, management of care, evidence-based interventions, and outcome evaluation of the individual and family experiencing complex health problems. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). ETBU Professional Nursing Program fee assessed. **Prerequisite: Successful completion of Level II ETBU nursing courses.**

NURS 4622 Community Health Nursing (6)
The focus of this course is on health promotion, wellness, and disease prevention among individuals, populations, families, groups, and communities. The role of the baccalaureate-prepared nurse...
in both community-based and community-oriented practice will be examined, with an emphasis on evidence-based practice and leadership within the community. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). Prerequisite: Successful completion of Level II ETBU nursing courses.

NURS 4644 Leading and Managing in Nursing (6)
The focus of this course is on application of theories, principles, and practices of leadership, evidence-based practice and clinical management. The impact of the role of the baccalaureate-prepared nurse on current trends and issues in healthcare is emphasized. A capstone leadership project culminates students’ educational progression. The clinical component of the course is evaluated as “P” (pass) or “F” (fail). Prerequisite: Successful completion of Level III ETBU nursing courses.

PHYSICAL SCIENCE

PSCI 1415 Introduction to Chemistry and Physics (4)
This course is designed for Physical Science Secondary Level Certification majors and satisfies the university general education requirement for laboratory science. The course is an introduction to the basic concepts of physics and chemistry. The course consists of three hours of lecture and two hours of laboratory per week.

PSCI 1417 Introduction to Earth Science (4)
This course is an introduction to the basic principles of geology, meteorology, and astronomy. The course consists of three hours of lecture and two hours of laboratory per week and is required for students with the B.S.E physical science major.

PHYSICS

PHYS 1401 General Physics I (4)
This is an algebra-trigonometry based course in classical mechanics and thermodynamics. This course consists of three hours lecture and two hours laboratory per week. Prerequisite: MATH 1314 or MATH 1425 or approval of the instructor.

PHYS 1402 General Physics II (4)
This course is a continuation of General Physics I topics include electricity, magnetism, light and optics, along with selected topics from modern physics. This course consists of three hours lecture and two hours laboratory per week. Prerequisite: PHYS 1401 or approval of the instructor.

POLITICAL SCIENCE

POSC 1301 Introduction to International Relations (3)
The course provides the student with a useful introduction to and understanding of the “politics of global problems” and concepts such as power, national interest, nationalism, and war. The nature of U.S. relations with other countries and the role of international organizations will be analyzed.

POSC 2303 American and State Government (3)
The course introduces the foundations, behavior, institutions, and policies of American government and politics, state governments in general, and the State of Texas government in particular. Students will develop an understanding of how federal, state, and local governments interact with each other and influence their lives, enabling them to better deal with these governments. Prerequisite: HIST 1301 or concurrent enrollment in HIST 1301.

POSC 2304 Introduction to Political Science (3)
The course examines basic political concepts and issues, the nature and task of the state, and modern political ideologies. The student will be encouraged to think critically about contemporary political problems and to evaluate possible responses.

POSC 2368 Model United Nations (3) (same as SPCH 2368)
The course is designed to provide basic knowledge of the United Nations system, parliamentary procedures, diplomatic language, and the exercise of foreign policy among the nations. The student will gain skills in critical thinking, public speaking, information analysis, negotiating strate-
gies, and leadership. The course is open to all students. Model United Nations conference participation is required, and associated travel fees will apply. This course is repeatable for credit with consent of instructor.

**POSC 3308 Modern China (3) (Same as HIST 3308)**
The course is cross-listed as HIST 3308. See the History listing.

**POSC 3361 American Constitutional Development I (3) (Same as HIST 3361)**
The course is a chronological survey of the Constitution, its construction, and its interpretation through principal statutes and judicial decisions, with some emphasis on the economic and social interests influencing it to 1877. Prerequisites: HIST 1301, HIST 1302, and POSC 2303.

**POSC 3362 American Constitutional Development II (3) (Same as HIST 3362)**
The course is a chronological survey from the Reconstruction Era to the present, considering congressional policies embodied in socioeconomic legislation, doctrines applied by the Supreme Court, and analysis and criticism of key Supreme Court cases. Prerequisites: HIST 1301, HIST 1302, and POSC 2303.

**POSC 3364 British Studies, 1714 to Present (3) (Same as HIST 3364)**
The course is cross-listed as HIST 3364. See the History listing.

**POSC 4303 Political Communication (3) (Same as SPCH 4303)**
The course is cross-listed as SPCH 4303. See the Speech listing.

**POSC 4305 War and Peace (3)**
The course examines the causes and prevention of war and international efforts to bring peace. Students role-play policy-making directed to the problem of war and promoting peace.

**POSC 4350 Internship (3)**
The political science internship gives the student supervised opportunities to apply classroom learning to experiences in public and private institutions and agencies concerned with discipline-related research, professional practice and education. The internship is developed formally between the department, the student and the outside agency, involves face-to-face student application and negotiation, and must conform to a written, signed agreement that defines specific responsibilities, required hours, and the standards of evaluation. The student intern must have a faculty supervisor and a site supervisor; all must communicate regularly throughout the internship. The internship service commitment typically involves ten (10) hours per week or 140-160 hours per semester for a three-semester-hour course. Prerequisites: Major or minor in political science, junior or senior standing, minimum of nine (9) advanced semester hours in political science, and written permission of the department chair or internship coordinator.

**POSC 4361 Diplomatic History of the United States (3) (Same as HIST 4361)**
The course is cross-listed as HIST 4361. See the History listing.

**POSC 4363 Russian and Soviet Studies (3) (Same as HIST 4363)**
The course is cross-listed as HIST 4363. See the History listing.

**POSC 4365 Comparative Economic and Political Systems (3)**
This course compares the economic and political systems of the major countries of the world. Prerequisites: Six (6) semester hours of history or political science and junior standing.

**PSYCHOLOGY**

**PSYC 2304 Social Problems (3) (Same as SOCI 2304)**
The course is cross-listed as SOCI 2304. See the Sociology listing.
PSYC 2314 Development Through the Lifespan (3)
This course is a brief overview of the physical, cognitive, and psychosocial changes that typically occur throughout the life span, from prenatal development through death. This course will not count toward a major or minor in the Department of Psychology and Sociology.

PSYC 2332 Introduction to Research Methods (3) (Same as SOCI 2332)
The course is cross-listed as SOCI 2332. See the Sociology listing.

PSYC 3132 Linking Research and Writing: The Literature Review (1) (Same as SOCI 3132)
This course is designed to help students complete the literature review for required research projects. This course will also review the basics of using APA formatting when writing scientific research reports. Prerequisites: ENGL 1302 and PSYC/SOCI 2332.

PSYC 3301 Dynamics of the Counseling Process (3)
This course is a comparison of the major theoretical orientations to personal counseling, both from their conception and historical development as well as their contemporary applications. Prerequisite: PSYC 2301 or consent of instructor.

PSYC 3302 Introduction to Marriage and Family Counseling (3)
This course is an introduction to the area of marriage and family counseling. The student will be exposed to the major theories and models of family counseling including family systems theory. Prerequisite: PSYC 2301 or consent of instructor.

PSYC 3303 Neuropsychology (3)
This course is an introduction to biological psychology with emphasis on brain-behavior relationships. Aspects covered include neural anatomy, neural conduction, sensory processes, learning and memory, emotional behaviors and other cognitive functions. Prerequisite: Nine (9) semester hours of psychology or biology.

PSYC 3304 Behavior Modification (3)
A survey of the principles of learning as applied to selected problems of behavior in clinical, academic, correctional, and industrial settings. Some of the areas covered include behavioral management of children's disorders, self-management skills, productivity enhancement in the workplace, and techniques for coping. Prerequisite: PSYC 2301.

PSYC 3305 Human Sexuality (3)
The study of the role of sexuality in human adjustment explores the processes and variations in sexual functions and reproduction; intimate relationships; sexual and gender role development and behavior; and the social, cultural, historical, and moral contexts of sex and love. Prerequisite: PSYC 2301.

PSYC 3306 Theories of Personality (3)
The purpose of this course is to examine what it means to be a person. This examination will be conducted through an integrative study of both classical theories of personality and an overview of related findings in recent personality research. Prerequisite: PSYC 2301.

PSYC 3307 Seminar on Moral, Ethical, and Religious Issues (3) (Same as SOCI 3307)
This course is a study of theories and practices in areas of moral, ethical, and religious issues as they pertain to the different facets of professional practice. Emphasis will be placed on the moral development of the student and the ability to reason through ethical dilemmas. Prerequisite: Junior standing and consent of the instructor.

PSYC 3310 Advanced Research Design and Data Analysis (3) (Same as SOCI 3310)
This course explores the intersection of research design with statistical techniques. Advance methods of research are examined, with an emphasis on the application of appropriate statistical analysis. Interpreting results and writing research reports are also discussed. Prerequisite: A grade of “C” or better in each of the following: MATH 1342, MATH 2316, and PSYC/SOCI 2332.
PSYC 3313 Drugs and Drug Policy (3) (Same as CJUS 3313 and SOCI 3313)
The course is cross-listed as CJUS 3313 and SOCI 3313. See the Criminal Justice listing.

PSYC 3331 Child Growth and Development (3)
This course deals with basic concepts of human development and behavior. Emphasis is given to the physical, cognitive, and social development of the child from conception through adolescence. Prerequisite: PSYC 2301 or consent of instructor. The prerequisite is waived for students seeking the B.S.E. degree.

PSYC 3335 Psychology of Adolescence (3)
This course is a consideration of the development of the individual during the adolescent period. Emphasis is placed on the integration of behavior patterns expected of the adolescent within the framework of developmental tasks imposed by the American culture. Prerequisite: PSYC 2301 or consent of instructor. The prerequisite is waived for students seeking the B.S.E. degree.

PSYC 3336 Adult Psychology (3)
This course examines the processes of psychological development during the adult years. Topics will range from the young adult at beginning of maturity to the older adult and death. Prerequisite: PSYC 2301 or consent of instructor.

PSYC 3337 Counseling Methods and Practice (3)
This course is designed to provide the student with a basic introduction to the communications skills and practices essential to the counseling process. Special emphasis will be placed on the learning and practicing of listening and responding skills, specific counseling techniques, and the skills of crises intervention. Prerequisites: PSYC 2301 and either PSYC 3301 or PSYC 3302.

PSYC 3340 Death and Dying (3) (Same as SOCI 3340)
The course is cross-listed as SOCI 3340. See the Sociology listing.

PSYC 3360 Psychology of Religion (3)
Treated in the study will be developments in the areas of psychology of religion and the psychology of doubt, faith, conversion, temptation, sin, forgiveness, prayer, and Christian vocation. Prerequisite: PSYC 2301 or consent of instructor.

This course consists of a survey of the principles of sport psychology including key concepts and applications. Principles of psychology covered in this course include: motivation, anxiety, mood, attention, personality factors, social psychology, and cognitive and behavioral interventions. Prerequisite: PSYC 2301 or KINE 1301.

PSYC 3367 Social Psychology (3) (Same as SOCI 3367)
The course is cross-listed as SOCI 3367. See the Sociology listing.

PSYC 3369 Group Dynamics (3) (Same as SOCI 3369)
This course is a study of small group dynamics which includes group processes, group leadership, and the interaction of groups and individuals. Voluntary associations as well as informal groups will be analyzed. Implications will be drawn for industrial, educational, religious, familial, and friendship groups. Prerequisite: PSYC 2301 or SOCI 1301.

PSYC 3151-3351 Service Learning (1-3)
Experiential learning projects are offered any regular semester based on agency availability, but arrangements must be made during the semester prior to desired time for project. No more than nine (9) semester hours may be earned through Service Learning; no more than three (3) hours may be taken in any given term; only three (3) semester hours may apply to any major or minor. Numbering of course varies with number of hours (1-3) and classification of student. Prerequisite: Consent of instructor.

PSYC 4131 Applied Social Research II (1) (Same as SOCI 4131)
Participation in a community service project will provide students opportunities for making real world application of material learned in PSYC/SOCI 4331 Applied Social Research. Prerequisites: PSYC/SOCI 2332, MATH 2316, and PSYC/SOCI 4331.
PSYC 4301 Psychological Assessment (3)
This course covers the construction and use of many kinds of mental measurements, including tests of personality, intelligence, achievement, and aptitude. This course is strongly recommended for students considering graduate study. Prerequisite: PSYC 2301 and MATH 1342 or consent of instructor.

PSYC 4304 Abnormal Psychology (3)
This course is a study of behavior patterns and causes of deviant behavior from childhood through later maturity. Neurotic and psychotic behaviors are examined. Prerequisite: PSYC 2301.

PSYC 4307 History and Systems of Psychology (3)
This course is an overview of the history, theories, and major theorists in the field of psychology. Prerequisite: PSYC 2301.

PSYC 4331 Applied Social Research I (3) (Same as SOCI 4331)
This course is designed to aid students in the application of analytical and quantitative research skills that will prove useful when working in jobs related to the behavioral sciences. Students will develop the capacity to read, abstract and critically evaluate research in areas specifically related to human services and/or criminal justice. Prerequisites: PSYC/SOCI 2332 and MATH 2316.

RLGN 3352 Christian Ethics (3)
Christian Ethics asks and seeks to answer the question, “What is God doing about evil?” In dialogue with Paul’s letter to the Ephesians, this course offers that God, through God’s redemptive work, is creating a people whose lives, sustained in worship, bear witness to God’s purpose for creation. This approach means that Christian Ethics must be explored as 1) theocentric, 2) redemptive, 3) ecclesial, 4) narrative, 5) liturgical, and 6) eschatological in character. This course pursues the task of Christian ethics in dialogue with alternative approaches to the moral life and with reference to concrete application in selected areas of moral challenge. **Prerequisite:** RLGN 1320 or RLGN 1330 or permission of the instructor.

RLGN 3354 Biblical Interpretation I: Hermeneutics (3)
An examination of the science of hermeneutics and its application to biblical interpretation. A survey will be made of the history of biblical interpretation and of the development of hermeneutics in the modern world. Attention will be given to the question of the location of meaning, the significance of genre, and the principles of general hermeneutics. Students will also demonstrate knowledge of the resources and methods of biblical research. **Prerequisites:** RLGN 1320 or RLGN 1330.

RLGN 3355 Christian Faith and Contemporary Bioethics (3)
This course will examine, from a Christian perspective, many of the key ethical issues raised by contemporary practices and possibilities within the medical field. A broad theological orientation will first be presented that will provide the context within which a variety of critical ethical issues will be examined. Particular attention will be given to the role of the church as the community charged with the task of forming lives that both express God’s compassion for the suffering and are able to accept suffering in the context of God’s redemptive work. **Prerequisite:** RLGN 1320 or RLGN 1330.

RLGN 3369 Comparative World Religions (3)
A detailed investigation, from a Christian perspective, into the basic beliefs and practices of the world’s other major religions: Buddhism, Hinduism, Taoism, Islam, and Judaism. Special attention will be given to an analysis and evaluation of how Western Christianity has related to those of other faiths. **Prerequisite:** RLGN 1353 or instructor’s consent.

RLGN 4260 Religion Capstone (2)
The course is designed to provide religion majors with an opportunity to think reflectively, critically, and practically about their experiences and education that have led them to the point of graduation and to aid them in the exploration of future opportunities for ministry and education. This course should be taken in the semester that the student files for graduation, the semester prior to graduation. **Prerequisite:** senior standing.

RLGN 4301 Biblical Interpretation II: Exegesis (3)
An examination of the disciplines and methods of biblical interpretation. Attention will be given to grammatical, historical, contextual, and theological principles. Specific application will be made to a study of significant chapters and difficult passages of Scripture in both the Old Testament and the New Testament. **Prerequisite:** RLGN 3354.
RLGN 4302 Cross-Cultural Missions (3)

This course also covers producing strategies for potential scriptwriters. **Prerequisite: ENGL 1302.**
SPIRITUAL DEVELOPMENT

CHAPEL PROGRAMS are generally held each Monday and Wednesday at 10:00 a.m. in Ornelas Spiritual Life Center. The programs provide a community experience for the campus family. Chapel programs not oriented toward structured worship contribute to the integration of faith and learning. Chapel, like any other required course and graduation requirement, is considered an essential part of each student’s education.

CHAPEL CREDIT must be earned when enrolled for seven (7) or more on-campus semester hours, according to the following table:

<table>
<thead>

Regardless of the number of semesters of enrollment at East Texas Baptist University or the number of hours taken each semester, each student is required to earn at least one chapel credit.

In a given semester, those enrolled for chapel are expected to attend all chapel programs. While the University recognizes that circumstances may require one to miss some programs, a student will earn chapel credit for a given semester if 75 percent of the programs are attended. A maximum of seven (7) absences may be “made-up” by watching the chapel program online and submitting a completed reporting form available from the Office of Spiritual Development. All make-ups must be submitted no later than one month following the completion of the semester.

Consideration is given to students with special circumstances related to the regular Chapel schedule, such as being enrolled in only Tuesday-Thursday and/or night classes. A reduction in the number of programs required for chapel credit may be allowed for students enrolled for seven to eleven (7-11) semester hours. Forms for requesting a reduction or an alternate schedule are available in the Office of Spiritual Development and the Chapel Advisory Committee.

Students enrolled in fewer than seven (7) semester hours in a given semester are exempt from chapel for that semester. Such students, nevertheless, are subject to the minimum chapel credits prior to graduation.

Students not pursuing a degree are exempt from all chapel requirements. Transfer students may request credit for chapel attended at previous institutions by contacting the Office of Spiritual Development.

CHURCH ATTENDANCE, Bible study, and local church affiliation are strongly encouraged for all students.

THE BAPTIST STUDENT MINISTRY exists to help students come to know Jesus Christ personally and then to grow in grace and knowledge of Him. The BSM sponsors student led worship services and a network of discipleship and Bible study groups. There is also a variety of other ongoing ministries which help the student mature spiritually with emphasis on practical ministries and leadership training. The BSM sponsors an off-campus fall retreat and encourages student participation in summer and semester missions. Offices of the BSM are located in Ornelas Spiritual Life Center.

A MISSIONARY-IN-RESIDENCE furloughs in the missionary home provided by ETBU. The missionary-in-residence provides a model and encouragement for students who are working through a call to vocational missionary service. The missionary-in-residence contributes to campus-
wide spiritual and academic events. Local WMU groups help furnish the missionary home. The missionary-in-residence has an office in the Ornelas Spiritual Life Center.

THE GREAT COMMISSION CENTER serves to encourage the development of all students, faculty and staff as Kingdom citizens. This is accomplished by actively seeking to help people see their vocational choice as a divine calling. To achieve this mission, the Great Commission Center engages in three primary tasks: promote missions and ministries, prepare individuals for serving, and provide opportunities for service. The offices of the Great Commission Center are located in the Ornelas Spiritual Life Center.
STUDENT AFFAIRS

The Vice President for Student Affairs provides leadership for student life, assisted by the Dean of Students, the Director of Residence Life, and the Director of Student Activities. Student Affairs also serves as a liaison with the Student Government Association, the Spirit Program, Student Foundation, and a number of student organizations, sororities, and fraternities.

Student Affairs responsibilities include student housing, food service, the student center, summer camps, intramural sports, new student orientation, welcome week, student conduct, ID cards, game rooms, student activities, the mail room, the copy center, counseling services, and student insurance. Additional information related to Student Affairs is located in the Student Handbook.

The objective of Student Affairs is to assist students in developing intellectually, socially, physically and spiritually, enabling them to become effective citizens, leaders, and personal ambassadors for Christ and His kingdom.

STUDENT ACTIVITIES AND SERVICES

BOOKSTORE - The University Bookstore sells textbooks, related books, and materials for all courses. Gifts and personal items are also available.

EMAIL is provided to every student at ETBU. This address is considered an official means of notification for the students. Each student is responsible for regularly checking his or her email, forwarding to a personal account, and keeping his or her ETBU account updated and active.

NEW STUDENT ORIENTATION (NSO) is designed to provide all first-time freshmen and transfer students with the resources necessary for a successful university experience. Students have the opportunity to learn about the history, mission, and programs of the University, register for classes, discover ways to become involved in campus life, and connect with students, faculty, and staff.

THE ORNELAS STUDENT CENTER provides a convenient place for students to study, relax, play games, or just spend time with friends. The OSC houses Student Affairs, Student Government Association (SGA) office, retail food outlets Jazzman’s and SubConnection, mail room, copy center, and a number of meeting rooms, along with the beautiful Lampsato Chapel.

INTERCOLLEGIATE ATHLETICS is provided through membership in Division III of the National Collegiate Athletic Association (NCAA). The University is also a member of the American Southwest Conference. The University fields varsity teams and engages in intercollegiate athletics for both men and women. Men’s intercollegiate athletics include soccer, basketball, baseball, cross-country, football, and tennis. Women’s intercollegiate athletics include softball, volleyball, basketball, soccer, cross-country, and tennis.

INTERCOLLEGIATE ATHLETIC DRUG ENFORCEMENT AND SCREENING is in accordance with the University’s affiliation with the National Collegiate Athletic Association. All athletes are required to participate in an alcohol/drug education program. This education program may include random drug testing of student athletes. A full statement of University procedures and policies related to drugs and intercollegiate athletics is available upon request to the Director of Intercollegiate Athletics.

INTRAMURAL SPORTS are coordinated through Student Affairs. The purpose of the program is to provide a variety of competitive athletic activities for all interested students while helping support their holistic development. Flag football, soccer, volleyball, basketball, softball, and kickball are annual sports. Additional information about intramurals is provided in the Student Handbook and in the Intramural Sports Handbook.

LOST AND FOUND articles may be submitted to and retrieved in the Student Affairs office in the Ornelas Student Center. Items left unclaimed may be donated.

MAMYE JARRETT LIBRARY is a center of activity on campus. The library’s primary purpose is to support the curriculum of the University by collecting, organizing, and providing access to materials that will aid students, faculty and staff in their research and informational needs. The current collection contains over 120,000 volumes of books and periodicals and over 3,700,000 e-books.
electronic resources. Librarians provide assistance with research and library instruction for many classes. In addition, the library offers periodic programs and events that contribute to the educational and cultural life of the university. The Jarrett Library web pages contain links to Tigercat (the online catalog), information about the library, circulation policies and procedures, electronic resources, evaluated Internet sites, tutorials, and guides for research. The library is open daily and evenings during the academic terms. Electronic resources are available 24 hours a day from the campus network. These resources can be reached at http://www.etbu.edu/Library.

RESIDENCE LIFE - Residential living is an important factor in the higher education experience. During the transition to college life, living on campus provides a needed anchor for personal and academic development. Typically, residents are more positive about their social and interpersonal environments than students living off-campus. They tend to build closer relationships with other students, as well as with faculty and staff. In addition, students who live in residence halls are more likely to earn higher grades, are less likely to drop out, and have greater satisfaction with their college experience. Because of these factors, the educational experience at ETBU is rooted in residential living.

SINGLE STUDENT HOUSING is available on campus within five (5) residential communities. Freshmen will be assigned to the newly constructed Centennial Hall. Additional single student housing for women is provided in Ornelas Residential Center and the University Apartments. Single student housing for men is provided in Charles Fry Hall, Mabee Housing Complex, and the University Apartments. To be eligible for housing, students must be enrolled in a minimum of twelve (12) semester hours or receive permission from Student Affairs.

ETBU has such a strong commitment to the importance of the residential experience that all full-time undergraduate single students under the age of 21, not living with a parent within commuting distance, are required to live on campus and participate in the food service program. Students wanting to live off campus must be 21 by the first class day of the semester, and they must submit a Permission to Live Off Campus Form to the Student Affairs office. Students under the age of 24 as of the first day of class must live on campus to qualify for ETBU administered scholarships, unless living with a parent as stipulated above. Graduate student housing is available in various residence halls.

In order to maintain consistency within the peer groups in residence halls, the University has limited space available for students age 25 and older on a first-come, first-served basis. Limited graduate student housing is available in Van Zandt Apartments.

The University reserves the right to revoke the registration and/or institutional aid of any unmarried student who fails to comply with this policy. Any exceptions to the housing policy must be granted in writing by the Vice President for Student Affairs.

FAMILY HOUSING is available for married student couples and families. The Van Zandt Street Apartments (Sims-Webb, Cobb, and Gardner Apartments) feature 24 one-bedroom apartments with 640 square feet of floor space and 16 two-bedroom apartments with over 700 square feet of floor space. All apartments are equipped with ranges and refrigerators. Some two-bedroom units also have dishwashers and garbage disposals. The University provides internet service, cable television, natural gas, electricity, water, and trash collection. Campus houses owned by ETBU are located adjacent to campus. These houses are unfurnished and are rented on a monthly basis to married students and families. All utilities are paid by the University with the exception of local phone service and the Internet.

Rent will be billed to the student's account and is due on the first of each month. Rent for long semesters will be billed in one lump sum, but can be paid monthly; June, July, and August are billed separately. To be eligible, students must be registered for a minimum of nine (9) semester hours per fall or spring semester and for a minimum of one (1) semester hour during other terms. (Exceptions must be requested in writing to the Vice President for Student Affairs.)

See the Student Handbook for the current pet policy.

SAFETY AND SECURITY - All residence halls are secured and are only accessible by valid ETBU ID. The University maintains surveillance cameras throughout the campus. The
University utilizes off-duty Marshall Police Department officers to provide security for the campus, in addition to the University’s security personnel. Student officers monitor parking and traffic. All vehicles operated on the University campus must be registered with University Safety and Security. Vehicle registration forms may be picked up in the Security Office. Fines for traffic violations may also be paid at the Business Office.

**STUDENT INSURANCE/HEALTH SERVICES** - Student athletes are required to purchase the medical insurance provided by the University, or provide proof of equivalent medical coverage. Non-athletes are encouraged to purchase medical insurance, but it is not required. The University offers optional medical insurance for non-athletes. For questions concerning student insurance, please contact Student Affairs.

**DREAD AND INFECTIOUS DISEASES** - East Texas Baptist University does not illegally discriminate on the basis of disability, including dread and infectious diseases. Students with contagious, infectious, long-term, life threatening, or other serious diseases may continue to enjoy the benefits of all aspects of the University's educational program as long as, with reasonable accommodation, they are physically and mentally qualified to participate in the programs without undue risk to their own health or that of other students or employees of the University.

In its effort to accommodate a disability, it may be necessary for the University to request additional medical information from the student. The failure of any student to cooperate in obtaining necessary medical information may result in disciplinary action.

After consultation with public health experts, University officials will determine the ability of the institution to reasonably accommodate students with contagious diseases. Their determinations will be based on consideration of various factors. Among the factors to be considered are:

1. The duration of the risk.
2. The nature and severity of the potential harm.
3. The likelihood that the potential harm will occur.
4. The imminence of the potential harm.

**WELCOME WEEK** is intended to introduce new freshmen and transfer students to university life and the ETBU community through a variety of activities and events. Building on NSO, participants will learn about the academic, social, community service and spiritual aspects of life at ETBU while beginning to identify specific areas of interest that fit their talents, interests and goals. Welcome Week will also facilitate the building of relationships with other new students, returning students, faculty and staff.

**STUDENT GUIDELINES**

East Texas Baptist University strives to enhance the personal growth of each student. It is the belief of East Texas Baptist University that individual growth and maturity imply increased self-direction and responsibility.

In a community of individuals dedicated to the common cause of Christian education, it becomes necessary for each member to subscribe to and support a body of rules and regulations designed to protect the rights and privileges of each member. By voluntarily becoming a member of this community, the individual agrees to support and abide by these same regulations.

Students are responsible for knowing and abiding by the rules and regulations contained in the University Undergraduate Catalog and the Student Handbook. Students must also abide by the additional rules and regulations found in the Guide to Residential Living, Parking and Traffic Regulations and Information, and any rules posted throughout the year in the residence halls or other student housing facilities.

A full discussion of the rules and regulations may be found in the Student Handbook. The following selected ones should be especially noted:

1. The use or possession of illegal drugs is prohibited. Students are required to be in compliance with all local, state, and federal laws regarding controlled substances including, but not limited to, their sale, use, possession, or manufacture.
2. The possession or consumption of alcoholic beverages on or about campus is prohibited.
3. The possession or use of tobacco on campus is prohibited.
4. The on-campus possession of firearms, explosives, or fireworks is prohibited, with the exception of the transportation and storage of firearms and ammunition by concealed handgun license holders in private vehicles (as described in SB1907).
5. Sexual misconduct, including premarital sexual relations, is a violation of the Student Code of Conduct. Sexual misconduct may include cohabitation, overnight visitation with someone of the opposite sex, or other sexual conduct not in keeping with University standards and our Christian heritage.
6. Hazing is not permitted.
7. Gambling is not permitted.
8. Cheating and plagiarism are violations of the Academic Integrity Policy (see Academic Discipline Section).
9. Dress code and behavior regulations listed in the Student Handbook are to be observed. Personal attire that is in good taste and in keeping with the standards conducive to a positive Christian learning environment is expected for class attendance and university business.
10. Students arrested by law enforcement officials for suspected criminal activity or for the alleged commission of a crime may also be subject to disciplinary action in accordance with University guidelines, in addition to any penalties assessed by any civil entity.
11. Students who marry while enrolled in the University are required to inform Student Affairs in order to update personal records.

**STUDENT ORGANIZATIONS**

East Texas Baptist University offers opportunities for students to identify with and participate in the organization(s) of their choice. Student Affairs is directly responsible for assisting each organization and for administering the guidelines for student organizations.

ALPHA CHI is a national honor society dedicated to promoting academic excellence and exemplary character among students. Its membership is restricted to the upper academically ranked ten percent of students with junior or senior standing.

ALPHA PSI OMEGA (Omega Pi Cast) is an honorary drama fraternity. Eligible students are selected on the basis of high attainment in drama/theatre and scholastic ability.

AMERICAN CRIMINAL JUSTICE ASSOCIATION is a professional organization for students studying criminal justice. The organization serves to connect students in the field with current law enforcement personnel.

AMERICAN MARKETING ASSOCIATION is an organization whose principal mission is to lead, encourage, support, and recognize the development, dissemination, and utilization of marketing knowledge among college students.

ASSOCIATION OF TEXAS PROFESSIONAL EDUCATORS is organized to further education as a service and as a profession through support of public schools in the Marshall school district; to promote activities, services and training for educators; and to develop and maintain high standards of professional ethics among all professional educators.

BAPTIST STUDENT MINISTRY (BSM) is an agency of the Baptist General Convention of Texas. This organization provides opportunities for every student to start, develop, and deepen his or her Christian walk.

CHAPEL CHOIR is a choral organization open to all students without an audition. Various styles of sacred music are rehearsed and performed in the University chapel services or in evening concerts.

CONCERT BAND is open to all students who play band instruments. The Concert Band plays for selected University functions and in area churches, presents one or more concerts each semester, and tours in the spring. Non-music majors and minors receive one credit hour for
participation and successful completion of the course. Contact the Department of Music for further information.

**CONCERT CHOIR** is a select touring choir and is part of the Music Department. Membership in the Concert Choir is secured by a short and simple audition. Any student may audition. One hour of academic credit is given for participation.

**CULTURAL OUTREACH MINISTRY** serves as a connection or a link system for unengaged students to encourage their involvement in campus life.

**DELTA CHI RHO** is a men's fraternity with the purpose of sharing God's name and love through serving others on the campus and in the community.

**DELTA PI THETA** is a women's sorority with the purpose of sharing God's name and love through serving others on the campus and in the community.

**FELLOWSHIP OF CHRISTIAN ATHLETES** is an organization designed for athletes with the purpose of presenting athletes and coaches, and all they influence, the challenge and adventure of receiving Jesus Christ as Savior and Lord, and serving Him in their relationships, on and off the playing field, and in the fellowship of the church.

**KAPPA KAPPA PSI** is a men's honorary service organization whose sole purpose is to serve the university band programs through service projects, fundraisers, social events and other projects as needed.

**KINESIOLOGY PROFESSIONAL CLUB** exists to promote professional development and career preparation for students going into kinesiology related fields of employment.

**LAMBD A PI ETA** is the honor society of the National Communication Association. To be eligible for membership, students must have completed 60 semester credit hours, have a minimum cumulative GPA of at least 3.0 for all courses taken, and have at least a 3.25 GPA for all communication courses.

**NATIONAL ASSOCIATION FOR MUSIC EDUCATION** is affiliated with both Texas Music Educators Association (TMEA) and Texas Music Educators Conference. The organization seeks to provide opportunities for professional development and acquaint students with the privileges and responsibilities of the music education profession.

**PHI ALPHA THETA** is the international history honor society which seeks to recognize students who have singular achievement in that discipline. The membership of the organization is composed of students and professors who have been elected to membership for excellence in the study or writing of history. To be eligible for Phi Alpha Theta, undergraduates must have completed at least twelve (12) semester hours in history with a minimum grade point index of 3.1 and achieved no less than a 3.0 grade point average on two-thirds of the remainder of their academic work.

**PHI BETA LAMBDA** exists to bring business and education together in a positive working relationship through innovative leadership and career development programs.

**PI SIGMA** is an all-male service fraternity designed to help ETBU strengthen school spirit and campus morale through the execution of both recreational and educational activities. The fraternity is committed to being Christian in its beliefs, practices, methods, and purposes.

**POLITICAL AWARENESS SOCIETY** promotes political awareness among students through various events and activities.

**PROOF SEEKERS** is an honorary mathematical society whose purpose is to promote mathematics on campus and foster relationships among students majoring in mathematics.

**PSI CHI** is the national honor society in psychology with the purpose of encouraging, stimulating, and maintaining excellence in scholarship, and advancing the science of psychology.

**RESIDENCE HALL ASSOCIATIONS** serve to assist the residence hall staff in improving the environment and activities of residential life.

**SIGMA BETA DELTA** exists to encourage and recognize scholarship and achievement among students of business, management and administration, and to encourage and promote personal and professional improvement and a life distinguished by honorable service to humankind.

**SIGMA DELTA PI** is the National Collegiate Hispanic Honor Society. Our chapter, Kappa
Lambda, invites outstanding Spanish majors and minors to join the organization. Kappa Lambda promotes cultural activities on Hispanic themes.

SIGMA PI SIGMA helps students prepare for their chosen profession. Speakers of various professions are invited to discuss the different aspects of their chosen career and the experience needed to excel. Members also tour numerous medical/professional schools.

SIGMA TAU DELTA is a national English honor society. Membership requirements are junior or senior standing, a grade point average of 3.0 overall and in English, subscription to the purposes of the chapter and national corporation, and election to membership by three-fourths of the members of the chapter.

SPIRIT PROGRAM is selected during the spring for the subsequent academic year. This designated group generates spirit for athletic and other university events.

STUDENT AFFILIATES CHAPTER OF THE AMERICAN CHEMICAL SOCIETY (SAACS) affords opportunities for students of a chemical science to become better acquainted, to secure intellectual stimulation, and to obtain experiences in preparing and presenting technical materials before chemical audiences.

STUDENT FOUNDATION is adjunctive to Student Affairs and serves to assist the University with planning events, programs, and services for the student body. The organization is dedicated to continuously encouraging interest in the advancement and support of East Texas Baptist University. Student Foundation focuses on four major areas of University life: traditions, activities, leadership, and service.

STUDENT GOVERNMENT ASSOCIATION (SGA) is the official representative and legislative body of students. Every student is a member of the association and is encouraged to participate in SGA sponsored activities and to counsel with members of the senate. The legislative assembly, composed of four elected officers and elected representatives from each of the classes, meets each week during the fall and spring terms. The SGA provides an opportunity for democratic action and student participation in campus affairs; it provides a voice for the student body. Officers elected from each class meet weekly to plan events, deliberate over student concerns, communicate with the administration, and distribute funds for campus activities.

TAU BETA SIGMA is a women's honorary service organization whose sole purpose is to serve the university band programs through service projects, fundraisers, social events and other projects as needed.

TEXAS NURSING STUDENTS ASSOCIATION consists of students in nursing who are dedicated to working as a group to contribute to nursing education, to provide the highest quality health care, to provide programs representative of fundamental and current interests and concerns, and to aid in the development of the whole person.

THETA ALPHA KAPPA IS A NATIONAL HONOR SOCIETY for students of Religion and Theology. The society seeks to foster and maintain excellence in academic study of religion and theology. The ETBU chapter was founded in 2004. To be eligible undergraduates must have completed a minimum of twelve (12) credits in courses related to religion and theology; maintain a 3.5 GPA in the courses related to religion and theology; maintain at least a 3.0 overall GPA; be in the upper thirty-five percent (35%) of their class; and pay an initiation fee, the amount determined by the national association.

UNIVERSITY SINGERS is a select and auditioned group who tour the state representing ETBU. They perform as madrigals during the Christmas season and are part of the Concert Choir.

STUDENT PUBLICATIONS

THE BEACON is the Arts and Literary magazine sponsored by the School of Humanities. It showcases poetry, prose, photography, graphic arts, and artistic pieces from staff, faculty, and students.

THE COMPASS is the University newspaper, published during the fall and spring semesters by a student staff, under the supervision of an advisor from the Department of Communication Studies. It represents a voice of the student body and publishes current news on campus life.
THE MARTIAN, the University yearbook records all phases of University life.

Staff applications for The COMPASS and The MARTIAN are made to the Chair of the Department of Communication Studies.

STUDENT AWARDS AND MEDALS

ALPHA DELTA KAPPA AWARD is presented annually to an outstanding junior who plans to enter teaching as a profession. Selection of the recipient is made by Delta Kappa Gamma, an honorary society of women in education.

HOWARD C. BENNETT SPEECH AWARD, established by Susan Bennett Livingston in honor of her father, is granted annually to the graduating senior chosen in competitive participation by a panel of judges. Qualifications related to the award are to be determined in consultation with members of the Department of Communication Studies.

DELTA KAPPA GAMMA AWARD is presented annually to an outstanding senior who plans to enter teaching as a profession. Selection of the recipient is made by Delta Kappa Gamma, an honorary society of women in education.

DEPARTMENTAL OUTSTANDING STUDENT AWARD. Each department, using specified criteria for that department, selects an outstanding student each year to receive this special recognition.

FRESHMAN CHEMISTRY AWARD is awarded to the student judged to be outstanding in general chemistry by the teacher of that course.

DR. HARM HARMS AWARD is presented to a student who has excelled in any area of business. Dr. Harms, author of Methods of Teaching Business and Distributive Education, served as professor of accounting, business education, shorthand, and business communication until his retirement at the age of 81. The student’s name will be engraved on a plaque which is displayed in the Fred M. Hale Business Building.

ROBERT L. HUNT AWARD FOR OUTSTANDING ACHIEVEMENT IN ACCOUNTING is given to the student, chosen by the business faculty, who has excelled in the field of accounting.

MCKINNEY AWARD is endowed by W.E. McKinney of Corsicana, Texas, for the junior or senior student who is considered by the English faculty to be the most proficient in the use of the English language.

ERA MILLER CREATIVE WRITING AWARDS are competitive awards granted annually to students who demonstrate unusual ability in creative writing. The awards were created by the Department of English in tribute to Mrs. Era Reynolds Miller.

EDWIN F. MOORE AWARD IN ECONOMICS is presented to the student, chosen by the business faculty, who has excelled in the study of economics. Dr. Moore served as chairman of the Department of Business until his retirement in 1978.

THE NIGHTINGALE AWARD is presented to the nursing graduate who best displays the spirit of Florence Nightingale, the founder of professional nursing. The recipient is selected by consensus of the nursing faculty based on demonstration of professional standards and ideals through caring, compassion, and kindness.

THE NURSING LEADERSHIP AWARD is presented to the nursing graduate who demonstrates exceptional leadership qualities as evidenced by behaviors demonstrated in all aspects of the learning environment. The recipient is selected by consensus of the nursing faculty.

OUTSTANDING FRESHMAN ACHIEVEMENT AWARD is presented to the freshman judged to have exhibited outstanding achievements during the school year. The recipient is chosen by the faculty, voting by secret ballot. A plaque is presented to the student in recognition of this honor.

PRESIDENT’S AWARD is given by the Board of Trustees of the University to the graduating senior judged by the faculty to be the best all-around student enrolled in the University. Scholastic ability and development, degree of involvement in activities which reflect the ideals of the institution, character and integrity, and general attitude will be considered in making the
award. A plaque is presented to the student in recognition of this honor.

**DEXTER LEE RIDDLE MUSIC AWARD** was established by Francis Cone Riddle, David C. Riddle, Brian Lee Riddle and Martha Riddle Speakman in memory of their husband and father, who served from 1946 to 1958 as the chairman of the Department of Music at ETBU. The award is presented annually to an outstanding sophomore, junior, or senior music major as determined by the music faculty.

**SENIOR GIRL CALL-OUT AWARD**, inaugurated in 1947, is presented annually with traditional ceremony to recognize a young woman of the senior class judged to be outstanding in leadership, courtesy, kindness, appreciation of the beautiful, love of scholarship, self-discipline, devotion to duty, and intelligent Christian living.

**DELORES NEALLY SPRUELL AWARD** is presented annually to the senior elementary education major recommended to the faculty by the Department of Teacher Education as the student most likely to succeed as an elementary teacher. The award was established by Eugene Spruell to honor his wife, a 1961 elementary education graduate.

**EARL THAMES AWARD** is presented to a senior business student who best exhibits Christian character.

**MARY LU WILEY AWARD** is presented to an outstanding elementary education student who has demonstrated high academic scholarship in all areas and specifically in the field of reading/language arts, qualities of personal and professional leadership, and dedication to the reading profession.

**JAMES C. AND MARY THELMA WILLIAMS AWARD** was created by the children of Mary Thelma Robertson Williams and James Chambers Williams as a memorial to them by recognizing outstanding work done by a student pastor each year.

**THE CARROLL WILSON AWARD** is presented to the nursing graduate who best exemplifies the professionalism of Mrs. Carroll Wilson, who was a founding faculty member in the School of Nursing. The recipient of this monetary award is selected by consensus of the nursing faculty.

**SARA JANE YOUREE AWARD** is presented to a young man in the Teacher Education Program. The recipient is selected by the Department of Teacher Education faculty.

**ZONDERVAN GREEK AWARD** is presented to a student in recognition of his/her outstanding accomplishment in Greek studies.

**ZONDERVAN HEBREW AWARD** is presented to a student in recognition of his/her outstanding performance in the study of the Hebrew Greek language.

**ZONDERVAN THEOLOGY AWARD** is presented to a student in recognition of his/her outstanding achievement in the study of theology.

DEFERRED PAYMENT OPTION FEES

Administrative Fee ................................................................. $30 per semester
Late Payment Fee ................................................................. $30 per payment

FACILITIES AND SERVICES/GENERAL STUDENT FEE

The general student fee entitles students the use of the Dean Healthplex, the student center, the library, most laboratories, and check cashing services. In addition, this fee provides admission to athletic events, admission to most concerts and social activities, and includes selected student publications.

FLEX DOLLARS

Available with all meal plan options, flex dollars can be used in the Bennett Student Commons Cafeteria or to enjoy a variety of convenient on-the-go options at Jazzman’s and Subconnection in the Ornelas Student Center. Once the easy-to-use flex dollars are purchased, they offer a cashless form of payment accessible through the ETBU ID card.

HOUSING

All full-time, single students under the age of 21 are required to live on campus and participate in the food service program, unless they are living with a parent in a permanent residence within commuting distance. Any student under the age of 24 as of the first day of class must live on campus to qualify for ETBU-administered scholarships, unless living with a parent as stipulated above.

The University has limited campus housing available for students 25 and older, on a first-come, first-served basis. The Vice President for Student Affairs may grant exceptions to the housing policy; however, the financial aid stipulation will remain in force.

PAYMENT OF CHARGES

A student’s tuition, fees, room, and board charges for each academic period are due and payable at the time of registration and prior to attending classes. Visa, MasterCard, Discover, and American Express may be used to make payments on student accounts. Payments in full may be made through the ETBU website with a credit card, savings account, or checking account. The University offers a deferred payment plan (for fall and spring semesters) which permits payment of each semester’s charges to be made in five (5) installments. (The deferred payment plan is not available to international students during the first year of attendance.) Information about the payment plan is available in the University Business Office as well as online on the Business Office web page under “Payment Information”. The University may deny class attendance to students who fail to pay or make arrangements for their bill in accordance with University policy. Payment in full of all semester charges must be made in the Business Office before a student may enroll for an ensuing semester, obtain an official transcript or receive a diploma at graduation.

REGISTRATION

Registration is offered each semester to students in good standing with the University. All charges are due and payable upon the issuance of semester billing statements. To hold registration, payment must be made on or before the date published in the University Calendar. If payment is not received in the Business Office by the appropriate date, the registration will be revoked, the student will lose his/her class schedule and the student will have to register again during the scheduled registration period.

UNIVERSITY BOOKSTORE

In general, purchases at the University Bookstore must be by cash, check, or credit card. However, students with financial aid/scholarships in excess of tuition, fees, room and board, may charge books and supplies for a limited time period at the beginning of each semester. This period will end one week after the last day to add a class, for Fall and Spring semesters, and one day after the last day to add a class for May, June, or July terms.

STUDENT ACCOUNTS

Student accounts may include only charges for tuition, course related fees, housing, meal plans, and student insurance. Fees for parking fines, miscellaneous fees, disciplinary fines, library fines, etc. must be paid at the time the expense is incurred. Unpaid fines will be charged to the student account at the end of each semester.
DELINQUENT ACCOUNTS

If a student account becomes delinquent and is determined to be uncollectible, it may be necessary to submit the account to a third party for collection. All collection costs, including legal fees, will be charged to the student account balance. The University reserves the right to charge interest on all delinquent accounts.

REFUNDS

Registration with the University is considered a contract binding students for the entire academic period. A student finding it necessary to withdraw from the University must officially withdraw through the Registrar’s Office. This official withdrawal must be accomplished before any consideration can be given by the Business Office for granting refunds. Failure to attend class or simply notifying an individual instructor of intent to withdraw will not be regarded as an official withdrawal.

A class day (or day of class) is defined as any weekday for which regular classes are scheduled. When a student in good standing withdraws or drops from classes for reasons approved by the administration, eligibility for refunds will be determined as follows:

For official refund dates for each term, see the University Calendar. The date of withdrawal upon which refunds are based will be the date that the completed withdrawal card is presented to the Registrar for processing.

**Students are cautioned that withdrawal from courses or failure to maintain satisfactory academic progress toward a degree may cause partial or total loss of financial aid, and may adversely affect VA entitlements and athletic eligibility.**
FINANCIAL AID

Based on the individual's application and eligibility, East Texas Baptist University will determine appropriate student awards and will send the applicant an online award letter identifying the financial aid offered. Problems may arise, whether within or beyond the student's control, which prevent identified financial aid awards from materializing (e.g., failure of the student to comply promptly with instructions, rejection of the applicant by an outside agency, and changes in federal or state regulations or funding). Therefore, the University reserves the right to review and modify any awards because of changes in an individual's financial status, changes in eligibility requirements, lack of satisfactory academic progress, limited federal or state funding, or any other unforeseen events. In any such event, the Financial Aid Office will assist to the best of its capability, but the student remains fully responsible for all charges. A financial aid recipient is responsible for determining, before registration, whether personal resources plus financial aid will be sufficient to meet expenses.

HOW TO APPLY FOR FINANCIAL AID

INITIAL APPLICATION

Students applying for financial aid must submit required applications to the ETBU Financial Aid Office. Necessary applications are available on ETBU’s website. A student is awarded financial aid upon acceptance to ETBU and after his/her financial aid file is complete. A complete financial aid file contains the following:

1. Application for Admission and Financial Aid (New students only).
2. Student Aid Report (SAR) - The SAR is the result of the Free Application for Federal Student Aid (FAFSA).

If the SAR requires verification, documents required include: federal Tax Return Transcripts, Verification Worksheet, and/or other documents concerning untaxed income and benefits. The applicant will be notified by the Financial Aid Office as to exactly which documents are required.

Students may enter their FAFSA information through the internet by accessing the website: www.fafsa.gov and following the outlined procedures. The East Texas Baptist University Title IV code is 003564.

After the student has completed his/her financial aid file, the student will be notified about his/her eligibility for financial aid awards by email. If the student has been awarded financial aid that requires additional paperwork, the online award letter will provide links to the required documents (Thank you letters, loan application, etc.).

Priority deadline for filing for financial aid is June 1 for fall enrollment and October 1 for spring enrollment. Late applications will be accepted, but the University cannot ensure processing in time to make a formal offer of financial aid by registration day.

STUDENT STATUS

For the purpose of establishing eligibility for financial aid, undergraduate students are full-time students if enrolled for twelve (12) or more semester hours, three-quarter time if enrolled for nine to eleven (9-11) semester hours, and part-time if enrolled for six to eight (6-8) semester hours. Audit hours are not counted when a student's status is determined.

MAY AND SUMMER TERMS

Financial aid is available but limited during the May and summer terms. Students are required to complete a separate application and must be enrolled or enrolling in the fall or spring semester before or after the term. Applications for May and summer terms are available on the ETBU Financial Aid website approximately six weeks prior to the term start date.

RENEWAL

For renewal of financial aid, a new FAFSA and supporting documents must be submitted each academic year. The awarding of federal and state aid for subsequent years is subject to the same considerations as those identified for initial aid. The same priority deadline is applicable for renewal applications.
NON-DEGREE SEEKING STUDENTS
Students not enrolled in a degree program or not seeking teacher certification are not eligible to receive federal, state, or institutional financial aid.

FEDERAL AID
The federal programs, which are identified as Title IV Financial Aid, include the Federal Pell Grant, the Federal Supplemental Educational Opportunity Grant (FSEOG), the Federal Work-Study Program (FWS), the Federal Perkins Loan Program, and Federal Student Loans. Students who already possess a bachelor's degree are ineligible for the Federal Pell Grant and FSEOG. Students may only receive federal/state aid from one school each semester.

FEDERAL PELL GRANT
The Federal Pell Grant provides a “foundation” of financial aid with eligibility determined by the U.S. Department of Education.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)
The FSEOG is an award to help undergraduate students pay for their education. ETBU identifies FSEOG recipients with the awards going to students who have the greatest need as determined by the U.S. Department of Education.

FEDERAL WORK-STUDY PROGRAM (FWS)
The FWS is a program in which a student works part-time on campus or in a community service program. Recipients must have financial need as determined by the Department of Education.

FEDERAL PERKINS LOAN
The Federal Perkins Loan is a low-interest loan to help students pay for their education. ETBU identifies recipients with financial need as determined by the Department of Education. The Federal Perkins Loan must be repaid.

FEDERAL STUDENT LOANS
Federal student loans include the Federal Subsidized Stafford Loan, the Federal Unsubsidized Stafford Loan, and the Federal Parent Loan for Undergraduate Students (PLUS). Under the Federal Subsidized Stafford Loan a student may borrow funds for educational expenses and the interest does not accrue while the student is enrolled at least half-time. The Federal Unsubsidized Stafford Loan is similar to the Federal Subsidized Stafford Loan with the exception that interest accrues while the student is enrolled. The Federal PLUS borrower is the parent of a dependent student. Interest accrues on the PLUS while the student is in school. Repayment of all federal loans may be deferred while the student is enrolled at least half-time.

STATE AID
There are three State of Texas programs: the Texas Tuition Equalization Grant (TEG), Texas Work-Study Program (TWS), and the College Access Loan Program (CAL). These programs are available only to Texas residents. These funds are limited and awarded on a first-come, first-served basis.

TEXAS TUITION EQUALIZATION GRANT (TEG)
The TEG is designed to help equalize tuition between state-supported and private schools. To receive TEG, a student must show financial need, must be enrolled on a full time basis, must keep a cumulative GPA of at least 2.5, must earn at least 24 credits each academic year and may not be enrolled in a theological or religious degree program.

TEXAS WORK-STUDY PROGRAM (TWS)
The TWS is a program in which a student works part-time on campus. Recipients must have financial need as determined by the Department of Education.

COLLEGE ACCESS LOAN PROGRAM (CAL)
The CAL is for Texas students who need additional loan funds for their educational expenses.
The interest on CAL accrues while the student is enrolled and the student must receive a favorable credit evaluation or provide a cosigner who has good credit standing and meets other requirements.

**ETBU AID**

Financial aid provided from the ETBU programs is considered as part of the student's total financial need. A student's financial need is the difference between ETBU's cost of education and a calculated amount that the family is expected to contribute toward costs. The expected family contribution (EFC) is calculated from data (income, assets, etc.) submitted by the student on the Free Application for Federal Student Aid (FAFSA).

ETBU provides financial aid to students in the form of academic scholarships, unfunded scholarships, performance scholarships, other scholarships, and work study. Academic scholarships indicate academic excellence and require a specific academic standing (maintaining a set cumulative grade point average). Students who have earned a bachelor's degree are not eligible for ETBU scholarships.

**SCHOLARSHIPS**

Scholarship awards available to students are: academic scholarships, unfunded scholarships, performance scholarships, and other scholarships. These scholarships are under the direct administration of the University and are considered annual awards which are evenly divided between fall and spring semesters. Students awarded any such awards beginning with the spring semester will receive one-half the total award for the first semester and then, subject to renewal criteria, will become eligible for the total award beginning with the fall semester. Students are only eligible to receive ETBU scholarships for the first four (4) years of enrollment at ETBU except where noted. The following general requirements apply to University administered scholarships. In cases where there are specific requirements that apply to a given scholarship, grant, or award, these requirements take precedence:

1. The University reserves the right to cancel or adjust any scholarship or grant-in-aid for reasons considered justifiable (e.g., academic probation, disciplinary probation, over-awarded).
2. The right to hold a scholarship or grant-in-aid is contingent upon the maintenance of a satisfactory academic record and progress toward a degree.
3. Recipients must be classified as full-time students to receive scholarships (Twelve (12) or more semester hours).
4. Recipients must be campus residents, with the exception of married students and single students living with parents within commuting distance; or at least 24 years old by the first day of class for that semester. Appeals may be submitted in writing to the Financial Aid Office.
5. All recipients must maintain the grade point average requirements outlined in the description of the specific award. If no GPA is specified, a 2.0 cumulative GPA is required for renewal.
6. Scholarships are awarded on a year-to-year basis, and application for renewal must be made by June 1 of each year. If a student loses an award because of failure to meet established criteria, the student must again apply when eligibility is established. This new application will not guarantee reinstatement of the award. In the event a student receives a scholarship, the renewal of the scholarship is contingent upon the student's continued attendance at ETBU without interruption and upon the availability of funds.
7. All ETBU scholarships are applicable to direct University tuition charges only and may not be included when calculating amounts subject to cash withdrawal from a student account.
8. Unusual circumstances may justify the waiver of any given scholarship requirement (e.g., serious illness or injury causing withdrawal; a student must live with a relative to provide health care) and students may appeal these requirements by writing the Admissions and Financial Aid Committee, requesting a waiver.
and providing justification. The Committee will consider and decide upon the merits of each appeal.
9. Financial aid does NOT pay for courses that are repeated unless the course was failed or withdrawn from.
10. ETBU scholarships for off-campus related study abroad are available on a limited basis.
11. Students who have earned a bachelor's degree are not eligible for ETBU scholarships.

DEPARTMENTAL SCHOLARSHIPS
The academic departments of the University award a number of departmental scholarships to undergraduate students who demonstrate an interest and ability in the disciplines of the department. Inquiries should be directed to the respective chairman of the academic department. Requirements include: audition, interview, and/or testing by the department, full-time student status (twelve (12) semester hours or more), and major or minor in the department making the award. For renewal,
students must meet a departmental specified GPA and at the end of each semester the department will review the student’s performance. If the student’s performance has proven satisfactory and the student continues to meet scholarship criteria, the scholarship will be renewed.

**STUDENT GOVERNMENT WORK-GRANTS**

Grants are awarded to the four elected officers of the Student Government Association (President, Vice President, Treasurer, Secretary). This award is based on the election results for the fall semester. The award will be renewed for the spring semester if the student’s leadership and service performance has proven satisfactory and the student continues to meet the award criteria. The Student Government Association falls under the supervisory capacity of the Vice President for Student Affairs.

**CHRISTIAN LEADERSHIP SCHOLARSHIP**

This scholarship is available to first time students who exhibit exceptional Christian leadership. Any one of the following criteria may be used in the selection process: campus or church leadership, Baptist life involvement, leadership training, and servant ministry. Amounts range from $1,000 to $4,000 annually. Renewal requires a 2.0 cumulative GPA and no discipline violations. If a student is placed on Warning Probation, the scholarship will be reduced by 50% immediately and can only be renewed at that level in the future. If a student is placed on Disciplinary Probation, they will lose all of the scholarship immediately and it will not be renewed. Either action will result in the amount lost being added to the student’s account.

**CHRISTIAN EDUCATION COOPERATIVE GRANT**

The Christian Education Cooperative Grant will match a church scholarship up to $500 per year. To receive the Christian Education Cooperative Grant, a student must be enrolled full-time. Renewal requires a 2.0 cumulative GPA, continued support from the student’s church, and annual church certification. A separate application is required and must be turned in to the Financial Aid Office by June 1 each year.

**MINISTRY SCHOLARSHIP**

The Ministry Scholarship is awarded by East Texas Baptist University, in cooperation with the Baptist General Convention of Texas and provides tuition/financial assistance to Baptist students who are preparing for church related vocational Christian ministry. Renewal requires a 2.5 cumulative GPA. Necessary forms may be obtained from the Office of In-Service Guidance located in the Ornelas Spiritual Development Office.

**MINISTER’S DEPENDENT SCHOLARSHIP**

This $1,500 scholarship is awarded to dependent students of full-time Baptist ministerial staff or Baptist career missionaries. Application is available on the Financial Aid Forms webpage.

**STUDENT FOUNDATION SCHOLARSHIP**

The Student Foundation organization provides a limited number of scholarships from funds raised by the Foundation. These scholarships are administered by the Student Foundation and are for returning juniors and seniors only. Necessary forms may be obtained from the Office of Student Affairs.

**RUFUS SPRAEBERRY MEMORIAL ALUMNI SCHOLARSHIP**

This scholarship provides a limited number of awards from its endowment. These scholarships are awarded by the Alumni Association on an annual basis to children and grandchildren of former students. Necessary forms may be obtained from the Office of Alumni Relations.

**HOPE PIERCE TARTT SCHOLARSHIP**

Recipients must be U.S. citizens and have resided in Harrison, Gregg, Marion, Panola, or Upshur counties in Texas for 24 months prior to September 1 of the school year. Priority is given to residents of Harrison County. Recipients must also be full-time students and demonstrate financial need from the FAFSA. Students receiving the Hope Pierce Tartt Scholarship must earn at least a 2.00 GPA each semester for continued eligibility. Funds shall be for tuition, books, and course-related fees and equipment for individuals who are degree candidates. For more information, contact the Financial Aid Office.
FINANCIAL AID

ENDOWED SCHOLARSHIPS

Scholarships are established by friends of East Texas Baptist University who are interested in the education of worthy and needy students. While the donors of these funds are listed in the catalog, specific application for these scholarships beyond the normal financial aid application process is not required. Awards are made on the basis of student eligibility, financial need, and the availability of funding according to earnings on endowment investments established by donors and designated gifts to the University. Many of these awards are in honor or memory of specific individuals. All endowed scholarships require a thank you letter from the student. See a complete list of endowed scholarships at the end of the financial aid section.

OTHER AID

REHABILITATION ASSISTANCE

Each state’s rehabilitation commission may offer assistance for tuition and required fees to students who qualify.

VETERANS ASSISTANCE

Students eligible to receive VA benefits must apply for them with the Regional Processing Office (RPO) for our region in Muskogee, Oklahoma. Once a student’s aid, Chapter, and percentage of eligibility have been determined by VA, the student will be issued a Certificate of Eligibility. This original document, along with official copies of ALL military transcripts, and the form DD-214, must be delivered to the Office of the Registrar before any student can be processed for certification. The Muskogee RPO can be contacted by calling 1-888-442-4551, and additional help or information can be found at the VA’s website located on the internet at www.gibill.va.gov. The amount of a student’s VA benefits plus ETBU scholarships may not exceed the cost of tuition.

SCHOLARSHIPS AND GRANTS FROM OUTSIDE SOURCES

Scholarships from outside the University are provided by various churches, foundations, schools, and organizations who award them to specific students. These scholarships will be considered an integral part of the student’s financial aid award. The Financial Aid Office administers these funds in accordance with the specifications of the donor.

UNDERGRADUATE SATISFACTORY ACADEMIC PROGRESS

FEDERAL, STATE & ETBU FINANCIAL AID

The Higher Education Act of 1965, as amended by Congress, mandates that institutions of higher education monitor the academic progress of students who receive federal financial aid. East Texas Baptist University has established the following minimum standards to be eligible for and continue to receive federal financial aid. This policy reflects the changes to federal regulations that were effective as of July 1, 2011. For financial aid purposes, “academic year” is defined as July 1 through June 30.

Please note that state and institutional programs may have higher academic requirements, and eligibility for those financial aid programs are subject to the requirements of each program.

Satisfactory Academic Progress (SAP) will be reviewed at the end of each payment period (fall, spring, May, and summer semesters) and will be based on the student achieving both a minimum cumulative grade point average (CGPA) and earning a minimum of 18 credit hours each academic year. In addition, students receiving Title IV funds during May or summer terms must successfully complete all hours in which they are enrolled.

Minimum Grade Point Average:

- First year – minimum 1.65 cumulative GPA
- Second year and beyond – minimum 2.00 cumulative GPA

Minimum Hour Completion (Pace of Progression):

- ETBU defines full-time enrollment as 12 or more hours; three-quarter-time enrollment as 9-11 hours; half-time enrollment as 6-8 hours; and less-than half-time enrollment as 3-5 hours.

- Students enrolled full-time must successfully earn at least 18 semester hours each academic year.
Students enrolled three-quarter or half-time must successfully earn 12 hours each academic year. Students enrolled less-than half-time must successfully earn 6 hours each academic year.

Full-time students only attending ETBU one long semester (fall or spring), will be required to successfully earn at least 9 semesters hours that semester.

The maximum timeframe for program completion is 150% of the published program length (or 180 attempted hours). ETBU scholarships are only eligible for 4 years.

Suspension Period

In the first payment period (semester) after SAP has not been met (earning less than the minimum number of hours and/or earning less than the minimum GPA required), students will be sent notification to inform them that they have been placed on financial aid suspension. While on financial aid suspension, a student is not eligible to receive financial aid, unless an appeal is submitted and granted (see below).

Appeal

If the student does not meet SAP requirements, an appeal process is available for those students who had a personal injury or illness, death of a relative, or believe they had other special circumstances that affected their ability for SAP. The SAP appeal form can be found at http://www.etbu.edu/Forms/Financial_Aid/sapappeal.htm.

Students who choose to follow the appeal process must submit their appeal in writing to the ETBU Financial Aid Office. The written appeal must state why he/she failed to meet SAP requirements, and what has changed so that he/she will meet SAP requirements at the next review.

The Financial Aid Office will review the appeal and notify the student of the decision. Approved appeals will include the approval, the terms of reinstatement of financial aid eligibility, and the consequences for not meeting the terms of approval. Terms of reinstatement may include expectations for the next payment period or an academic plan over an extended period of time. An approved appeal will result in financial aid being awarded for one payment period.

Denied appeals will include the reasons for the denial, and what the student must do to meet SAP in order to regain financial aid eligibility. Denied appeals will not be awarded financial aid until SAP is met.

Students must continue to meet terms and conditions, as established, until SAP is met in order to continue receiving financial aid on a probationary basis. Once SAP is met, student is no longer considered to be on probation. Failure to maintain SAP thereafter will result in receiving an additional warning for the upcoming payment period (semester). The SAP appeal form can be found at http://www.etbu.edu/financial-aid/sap/sap-appeal/.

Probation Period

This is the payment period that the student may receive financial aid after the SAP appeal has been approved. Continuation of financial aid on probation is contingent on the student successfully meeting an academic plan of action provided with the approved appeal.

Transfer Credits

Incoming transfer students are assumed to be making SAP upon acceptance to ETBU. All attempted credit hours will be included in the SAP calculation for the 180 maximum number of hours limit.

Remedial Coursework

ETBU does not accept remedial transfer credit hours and does not include remedial coursework in credit hours.

Incomplete Grades

Incomplete grades are counted as an “F” and will affect both the CGPA and the minimum hour completion components for that semester/year.

Repeating Classes

Passed courses may be retaken one time to improve GPA. Failed courses may be retaken as necessary. Any courses that are retaken will be included in the SAP review.
Withdrawing from the University

A student withdrawing from the University prior to the census date will have no credit hours attempted and therefore there is no impact on the SAP. The student will be responsible for all charges.

A student withdrawing from the University after the census date will be awarded credit hours attempted and therefore the credit hours are included in the SAP review. The student may also be subject to the Return of Title IV Funds Policy.

Return of Title IV Funds

If a student withdraws prior to the receipt of aid, the aid award is cancelled. If a student withdraws on or before the 60% point in the term of enrollment, calculated using calendar days, a portion of the total of all ETBU scholarship and Title IV funds awarded to a student (Pell Grant, Supplemental Educational Opportunity Grant, Federal Stafford Loan, Federal PLUS Loan and Federal Perkins Loan) must be returned, according to the provisions of the Higher Education Act Amendments of 1998. The calculation of the return of these funds may result in the student owing a balance to the University and/or the Federal Government.

State Financial Aid

To receive the Texas Tuition Equalization Grant (TEG), a student must:

- meet institutional SAP requirements at the end of the first year and
- for the 2nd year and beyond, earn at least 24 semester hours and complete at least 75% of the semester credit hours attempted with a minimum 2.50 cumulative GPA each academic year.

A student may not receive TEG for more than 5 years.

To receive the Texas B-on-Time Loan (BOT), a student must:

- meet institutional SAP requirements at the end of the first year and
- for the 2nd year and beyond, complete at least 75% of the semester credit hours attempted with a minimum 2.50 cumulative GPA.

A student may not receive BOT funds for more than 150 hours.

ETBU Scholarships

To be eligible for ETBU scholarships, a student must earn at least 18 hours each academic year with a minimum 2.00 GPA or the minimum required by that scholarship.
